Pontiac Forest Producers sign contract with Consolidated Bathurst

An agreement reached in early June between the Pontiac Forest Products Producers Board and Consolidated Bathurst is the largest contract ever signed between the two parties.

John Telford, president and chief negotiator for the Board, says that the negotiations between the Board and Consolidated Bathurst were satisfactory and progressed at a "very good" level. Also negotiating with Mr Telford were Board members Denzil Spence and Ernest Schrankler.

The new agreement, Mr Telford says, was signed last June 5 and is retroactive to January 1, 1987. He says the total amount of the contract is valued at $2,370,250 and represents an increase of 4.2 per cent over 1986 in metric tons of pulpwood to be sold by the Board to Consolidated Bathurst at their plant in Portage du Fort.

Mr Telford cites such examples as the agreed-upon value for Maple and Beech as an example of the increase. Maple and Beech have been signed for $1,167,400 and represent an increase of $66,300 over 1986, adding up with other varieties of pulpwood to a total increase of $100,200.

Mr Telford also says that he has assurances from Consolidated Bathurst that they will continue to both negotiate with the Pontiac Forest Products Producers Board and use the Pontiac's forest products.

Leslie Lake Park now open to tourists

Leslie Lake Park near Otter Lake is currently open to tourists and visitors. The Park, whose tourist season runs from May 15 to September 7, offers swimming and camping facilities seven days a week.

The Park offers overnight campers access to sewerage, water and electricity services. Prices range from $3 for parking privileges for day visitors to $13.50 for overnight camping with services, $10 without. Leslie Lake also offers weekly camping rates of $85 with services, $63 without. The use of a camping space for the entire season is possible at $525 with services, $450 without.

Jean-Guy Nöel, Director of the Societe d'amenagement de l'Outaouais, the branch of the Quebec government which runs the park, says that Leslie Lake is both ideal in terms of scenery and location for anyone wishing to visit it. He says that the Park is within easy access both by trail and highway of such local recreation and scenic spots as the Chutes Coulonge and water rafting activites at Calumet Island.

"Leslie Lake is probably the quietest and most beautiful campground in the Outaouais," says Jean-Guy Nöel. "The forest is interesting, with all sorts of nature."

Mr Nöel points out that the trail leading from Leslie Park to the Chutes Coulonge passes through a nesting area of the whooping crane, a species of bird considered almost extinct in recent decades.

"For nature lovers," says Mr Nöel, " this is the most beautiful place to go."

For anyone interested in staying at Leslie Lake Park overnight or longer, camping space available can be verified by calling 453-7382 or 453-9921.

Party lines reduction

Every telephone subscriber whose number begins with 647, 648, or 453 will be able to have a private line by 1994.

Robert Seguin and Gaetane Desilets of Telebec Ltée told this to the mayors at the monthly meeting of the MRC Pontiac, Monday evening, June 22.

According to Mr. Seguin, Telebec is in the middle of a ten year project to improve the quality of its service throughout Quebec. This project, which will cost about $55 million, was begun in 1984, after approval by the Régie des services publics du Québec. This board is responsible for overseeing the activities of Telebec Ltée in a similar manner to the way the CRTC oversees Bell Canada.

The timetable for completion of the improvements in Pontiac is Shawville and area (647 exchange) by 1990, Campbell's Bay (648 exchange) by 1992, and Otter Lake (453 exchange) by 1994.

The improvements consist mainly in replacing the present wire with new cables containing more lines. The cost of the new wire in Shawville is $1.5 million, in Campbell's Bay $700,000 and in Otter Lake $1 million.

In addition a new central exchange is planned for Shawville to be in operation within the next four years.

J E Boyle R A celebrates St-Jean Baptiste

By Denise Belec

The J.E. Boyle Recreative Association organized a St-Jean Baptiste celebration last Saturday, June 27.

Activities started with a car rally organized by Mr. Yves Bisson and Mr. Benoît Paré. It took the two men about 40 hours to prepare the 60 km rally that was completed in two and a half hours by the winners. Denis Mallette and Danielle Graveline accumulated a total of 349 points out of a possible 440 points.

Runners-up with 346 points were, Dwight Davis, Sam Frost and Aline St-Jean.

Joe Amyotte and Sylvie Amyotte came in third with 342 points.

Other activities planned for that day were for children: a treasure hunt, bicycle races, pony rides and sack races.

For adults, a tug of war, and the most popular activity the dunking machine.

For the whole family to enjoy, ball games and to crowned the day a firework display.

Music for the dance that started at 8 pm was provided by the Country Drifters.

Waltham Dam. A Montreal construction company has been awarded the contract for the new dam to be erected this summer over the Black River at Waltham by the Pembroke Electric Light Co. Work will start as soon as possible on the structure, estimated to cost between $80,000 and $100,000, and will last until November. The dam will replace the existing one, built about 1921.

Married. On June 26th at Yarm United church, Opal F. Judd, youngest daughter of Mr. and Mrs. James Judd of Yarm, became the bride of Russell G. Lucas, son of Mr. and Mrs. R.J. Lucas of Bristol Ridge.

YPU. Nearly 200 United young people gathered at Craig Sands on Friday for the annual field day, with societies represented being Fort Coulonge, Campbell's Bay, Stark's Corners, Shawville, Bristol, Yarm, Norman, Austin and Quyon. After supper, vesper service was held on Lookout Point, led by Muriel Chamberlain, Lee Hodgins, and Lorna Macartney of Shawville. Then followed a bonfire where a sing song was held, led by Merwood Dale.

Old Time Happenings. (by W.A.H.) Several times in the last few months we have been asked the question, "Why are Clarendon and Shawville Protestant and English-speaking?"

The great majority of the early settlers came from the North of Ireland. They were all Protestant and very bigoted ones. The prejudices and harsh bitter feelings which existed in the old land were brought to this township and taught to their children.

The military engineer, Lieut. Prendergast, sent to make the original survey of the lands, was an ultra-Protestant. He held the position of Gov't Land Agent for at least twenty years, and he conceived the idea of making Clarendon a Protestant township. He boasted that he would not allow a Roman Catholic to locate in his township, and thus many a worthy and desirable family was rejected. This policy caused the second and third generations to be very bitter and prejudiced against each other.

The popularity of Orange Lodges, and the Fenian Raids of 1865, too, helped to keep alive the bitter and ugly feelings between Protestant Clarendon and their Roman Catholic neighbors of Bristol and Litchfield.

Here is a story of as late as 1884, which shows how narrow our old forebears were. The railroad was being built through Shawville, and a big, genial Irish Catholic, Thos. Kavanaugh, was foreman. He decided to take two days off to visit the Franktown (Vinton) picnic, and invited his men along. Two express loads of us went, and Mr. Kavanaugh personally took us in charge, and nothing was too good for his Protestant boys from Clarendon Centre. A short time afterwards three old Clarendon men came into my father's store and terribly abused him for allowing his two sons to attend a Papist picnic.

Through such mingling, however, the younger of the third, and all of the fourth generation became much more sane and broader-minded, unitl today the fifth have forgotten the prejudices and differences of their forebears.

Local News. With commendable energy and pluck, the Lutherans of Thorne, who a short time ago had the misfortune to have their fine church destroyed by fire, have set to work to re-habilitate the structure, the walls of which were left intact, so that already a new roof has been erected, and other needed repairs are progressing as rapidly as possible.

G.A. Howard sent a few teams down to Bristol Monday to work on CNR construction.

A gravel train with a big gang of Polacks is removing gravel from Wallace's cut this week.

The explosion of a lamp last Tuesday night nearly caused a blaze at the Russell House.

Rural Mail. Nowhere is there better opportunity for establishing rural mail delivery than in this section of Pontiac, and if only some of the councillors, or other progressive men in Clarendon or Bristol would look into the matter and make a canvass of the residents along any well-defined route, they would get more than the necessary fifty percent of the number to sanction the move. All that is required from parties who wish to benefit by the service is to pay the $3 cost of the mail box, which would be placed at their gates. Now, gentlemen, get busy and see what you can do. We are near enough to the province of Ontario to keep pace with her in some things.

Rural Phones. The executive committee of the rural telephone company met here Saturday and arranged for procuring a charter. It is said a move is likely to be made very shortly towards getting at least a portion of the proposed system in operation. That line to Otter Lake should not take long to construct, seeing that the poles are all along the route.

Married. On June 16th at St. George's church, Portage du Fort, George Alfred Dagg, son of the late Robert Dagg, Esq., of Shawville, to Miss Sarah Secilia Corrigan, daughter of Alex Corrigan, Esq., of Clarendon.

Otter Lake. Bears are plentiful around here this summer. Miss Nellie Way, daughter of Mr. James Way of Huddersfield, got two by trapping lately, one of them being a big one. Last Friday Mr. R. Havelin while getting a horse out of a field opposite the post office, was surprised to see a good sized bear climbing the fence at Mr. W.B. Farrel's barn.

Diphtheria is still raging down in Clapham, Mrs. Francis St. Aubin losing a little girl of 8 years Wednesday. At present there are only two families quarantined; but there are grave fears of the disease spreading, as one man whose family was quarantined had to come to the village for provisions.

Pontiac P.C. executive elected

Mayfred Dods from Shawville was re-elected by acclamation to the presidency of the Pontiac Progressive Conservative Association at a meeting held at Bryson, Quebec, Tuesday, May 19.

As president in Pontiac, she will serve as vice-president of the Pontiac-Gatineau-Labelle Progressive Conservative Association and was installed to this office at a meeting held at Mont Laurier on June 17.

Other officers elected are James Newberry, Fort Coulonge, as vice-president; Evelyn Duff, Bristol, as secretary; and Brent Horner, Shawville, as publicity chairman. Directors elected are John Evans, Waltham; Dawson Moorhead, Campbell's Bay; Carson Hodgins, Shawville; and Ken Kerfoot, Quyon. Members on a committee, appointed to serve with the executive and representing their regions are Lorne Draper, Pontiac-Luskville; Dennis Thrun, Ladysmith-OtterLake; Kenneth Farrell, Portage du Fort; and Michael Sullivan, Sheenboro.

Mayfred Dods thanked the members of the executive for their past dedication and while congratulating the new executive, she expressed her trust in their continued interest and support.

The president conveyed to the meeting the regrets of the Member of Parliament, Barry Moore, who was unable to attend because of a Quebec Caucus meeting. A letter was read expressing his appreciation for the successful Open House and for all the good works. In turn, appreciation was enthusiastically expressed to Barry Moore for his attentive and conscientious representation of the riding of Pontiac-Gatineau-Labelle.

Amendments to the constitution of the Pontiac-Gatineau-Labelle Association were discussed at length and suggestions recorded to be presented at the next meeting. Other important matters of membership organization and riding interests were voted on and plans made for their undertaking.

A letter to the Prime Minister, the Rt Hon Brian Mulroney, will be delivered personally when members of the executive meet with him and Barry Moore.

Leslie Lake Park for sale to investors

The recreational area of Leslie Lake Park is now for sale to investors.

This is part of a policy by the Quebec Government to privatize many public agencies such as recreation centres.The Park had been administered by the provincial government through the Societe d'amenagement de l'Outaouais since 1970. Now it, and several other recreational parks in the Outaouais, are up for either sale or long-term leasing. Those other Outaouais recreation areas are the Centre Touristique de la Route Gatineau in Maniwaki and the Centre Touristique de la Petite Rouge in Papineau County.

Leslie Park itself, situated near Otter Lake in one of the most beautiful spots in the Pontiac, comprises 933 acres of land and is divided into two sections: the southern part adjoining Lake Leslie, and the more rugged northern part facing Lakes Francis and Moore. These sections are for sale or rent either individually or together. The Director of the Societe d'amenagement de l'Outaouais, Jean-Guy Nöel, feels that this is an ideal opportunity for Pon-

Happy Canada Day, Pontiac

Canada Day takes place at probably the best time in the year. The weather is usually excellent, the children are just out of school, and everyone is in a good mood, ready for a party.

No one really wants to worry about heavy problems. The most difficult decision most people are making right now is whether there will be enough sunshine to dry their hay. Given the uncertain weather of the past few weeks this is not a simple decision.

There are quite a few major issues that have come up over the last year or so that will change the Canada we think we know right now. Is free trade going to make Canada a weaker country, even more subservient to the United States, or will it make us stronger and more independent?

It seems that the Meech Lake Accord is going to be passed pretty much as written. Its influence on the way we are governed will be major. Some believe it will strengthen our institutions, others that it will lead ultimately to the fragmentation of the Country as the provinces block the development of national programs. Time will tell.

Since the Official Languages Act was passed about eighteen years ago, there has been an enormous change in the way Canada is managed. A new Act is about to be passed, possibly with as major an effect as the first one.

Our armed forces will soon be sending nuclear-fueled submarines under the Arctic ice. It is unlikely that these will be nuclear-armed, but even so, they constitute a major change in our relationship to our neighbours, the two most powerful nations on Earth.

As the aphorism goes, "The more things change the more they stay the same." Things are changing radically in this country. At the same time we must all work to ensure that the fundamental values we cherish continue to remain the same.

Enough of that. On Wednesday there will be celebrations all over Canada of the country's 120th birthday. In Shawville there is a party beginning with a dance on Tuesday night, a breakfast on Wednesday morning, a parade and horse draw among other things during the afternoon and a dinner in the evening. Lots of things for everyone to enjoy.

Happy Canada Day!

Helen Forrester's Four Autobiographical Novels

"You know, child, it is not what happens to you that matters – it is how you deal with it." This was a new idea to me and I pondered, as I shyly watched the old man's face.

"You can read?"

"Yes."

"You go to the Library?"

"Yes."

"Then read! Read everything you can. Read the great historians, the philosophers, especially the German ones, read autobiographies, read novels. One day you will have the opportunity to make use of the knowledge you will accumulate."

Helen Forrester's experiences from 1930-43 as a teenage housekeeper for a family of nine, and as a social worker in the slums of Liverpool, England, have made her a British best-seller. Until just recently, Canadians have known little about her. Her first novel, *Twopence to Cross the Mersey,* written in Edmonton, Alberta, was an immediate success. Hundreds of letters came in asking her to tell them what happened next. Even at the end of her fourth book, *Lime Street at Two,* when "little Cinderella" has grown up, but is still under her selfish, bickering parents' thumbs, readers are asking what happened next. But out of respect for her husband she won't tell. However, since 1950 she has written six more novels, two set in Liverpool, two in Canada, and two in India.

Living a quiet life with her cat called Billi, in the riverside building overlooking the North Saskatchewan River Valley, in her Liverpool suite (all suites are called after places in Britain), she bases her life on work and family.

Every morning she writes. Then she answers the many letters she receives from her readers, from her agents and publishers, from her big English family, and from her big Indian family.

When asked about her married life she said, "I think I was terribly lucky in my husband. Living for 34 years with a brilliant mind didn't make me brilliant, but opened the world up to me, the world of ideas. I was terribly sensitive about having only three-and-a-half years of schooling, though later I'd been to night school. He'd discuss physics and theology and beliefs, things that would make me think. I miss that very much."

Forrester says she is not bitter about the frustrations she endured before 1950 because she always looks forward and never back. "I was so busy; I was never idle."

She enjoyed *The Odyssey* when she was nine years old. "We think there's so much violence in today's literature", she says. "You should read the death of Hector by Homer."

In her fourth autobiographical book Helen Forrester reflects on the World War blitz. Liverpool being one of the primary ports through which help flowed, it naturally was a prime target of enemy bombing. After the Christmas blitz of 1941 a huge communal grave was dug in which were laid together the remains of Roman Catholic and Protestant victims, united in death after a lifetime of strife. Then she said, "As the bitterness of the blitz drew us all closer together the differences between black, white, yellow and brown people lessened. I learned that we all shared the same needs, the same bigotry; we were simply the human race."

These four autobiographical books are easy to read and very interesting. Once a person starts to read them he won't set them aside until he reads all four.

(*Two pence to Cross the Mersey, Liverpool Miss, By the Waters of Liverpool* and *Lime Street at Two* have just been donated to the Shawville-Clarendon Municipal Library.)

Alliance Quebec praises new Languages Act

A proposed new Official Languages Act has received support and praise from the leadership of Alliance Quebec.

Royal Orr, newly elected leader of Alliance Quebec, calls the new Act "A positive step forward." It does, he says, represent a complete overhaul of previous legislation enacted in 1969 .

"In terms of legal framework," says Mr Orr, "it's pretty good".

Mr Orr, speaking to representatives of Quebec rural English medias from his home base in the Eastern Townships, says the new Act will provide increased services to and for linguistic minorities in Canada. Mr Orr says it will provide "a major step forward" in minorities' gaining access to the courts and Federal public services. This means that any citizen representing either one of Canada's two major language groups will have recourse to the courts if they think they are not being adequately treated by the Federal government's public services.

The Act will be aided by a proposed budget of $25 million to be distributed over a period of three years. The purpose of the budget is to provide aid to the community and linguistic organizations. Its exact allocation is as yet unknown.

"The whole process of deciding where these monies go is in itself quite a challenge," comments Mr Orr.

"I'm hoping it turns into increased rights for Anglo Quebecers to receive written notices in English", he says.

If not, Mr Orr says, a citizen could now be "able to take legal steps and apply to an appointed commission to investigate discrimination. That commission can then recommend repairs".

This, says Mr Orr, represents an improvement in the rights of an Anglophone to take legal action, something, he says "we didn't have before".

This new Act also guarantees increased minority service in Federal public institutions.

Mr Orr says that while services in English "are not too bad in this province, especially compared for Francophones in other provinces," he also says that some improvements are necessary. He cites Canada Manpower as an example of an institution providing "second rate or third rate" services to Quebec Anglophones.

The new Official Languages Act has yet to implemented, and is dependent on future regulations to be drawn up next Fall and Winter.

Rustic Rhetoric
by E.B.W. Mulligan

Edmund Burke said "People will not look forward to posterity who never look back to their ancestors." Let's look back 100 years for once.

Most residents of Pontiac have roots that extend from ten to forty years before Confederation. Most people today cannot relate to conditions under which our hardy ancestors thrived and lived out their lives.

A citizen or packet announcement stated that on the first Dominion Day, July 1, 1867, everyone in the valley was at a picnic. As a filler, the packet also stated "cows a nuisance roaming through the streets of Ottawa."

The Governor General was Viscount Monck and Queen Victoria was celebrating her twentieth anniversary as Queen. Edward Heath was the Federal. He had a residence in Clarendon. John Pupore, after a tough battle, was our Provincial member from Chichester.

The railroad had reached Sand Point the year before and many Orangemen crossed the river by boat, to go to picnics on the 12th, from Norway Bay, Sand Bay and Prendergast Landing (Clarendon). According to papers, many landed into Sheebangs by stopping off at the many taverns of those good old days.

Edward Lee found what was supposed to be Champlain's Astrolabe. Mike Duggan's house had a double fireplace. One side was used as a bake-oven and the other for heating the three rooms downstairs and the loft. Some called unfinished upstairs lofts in those days. On the outside was a coob (henhouse) kept warm from the heated stone and brick. This was a way to keep hens laying during the winter.

Before I forget, Canada on July 1, 1867 comprised of Ontario, Quebec, New Brunswick and Nova Scotia. All the other provinces joined later, until the last, Newfoundland entered in 1949.

The people had been terrified with Halley's Comet in 1866 and it was followed in November and December of that year by a shower and display of meteorites that some thought was an harbinger of the end of the world.

This was the year that the cross-cut saw with rakers was introduced into the Ottawa Valley and with it trees could be felled for the first time with a saw. Prior to that, all trees of more than 6 or 7 inches in diameter had to be chopped down with heavy axes.

On August 15 that year, one shipment of supplies on the Emerald contained the following for jobbers camps up the Ottawa: 1000 choppers and scoring axes; 100 hewing axes; 2000 feet chain; 100 iron bean and vegetable pots; 25 kettles - 10 qt; 10 kettles - 25 qts; 50 cooks cranes; 100 lbs candle wax; 25 bundles axe handles; 2 barrels coal oil (new); 25 factory made cant hooks; pike poles; 20 bags salt; 10 barrels Jamacia molasses and boxes of red shirts, wool pants, red toques and underwear.

Nitroglycerine was invented and patented during the year. Seventy-four ships on the Great Lakes sunk – boilers blew up, foundered, caught in storms. Over twenty-five hundred lives were lost. Andrew Johnson was President of the United States. He took over after President Lincoln was assassinated in 1865. The United States bought Alaska from Russia for $7,200,000.

A popular cash crop for Pontiacers was potash. 100 barrels were shipped from Pontiac Village. The Potash from Ontario was loaded at Fitzroy Harbour.

In addition, the Irish brought over with them their little people. Bernie Bedore of Arnprior thinks they all came to Mount St Patrick and by hook or by crook, he has the names of about ten of them.

I'm sure there were some sneaked into Pontiac too, because, many the time when I was in dire straits, I used to walk over to Barry's swamp and before you could snap your fingers, the wee people (Leprechauns) would come and help me.

The Church Corner

by Fr William Craig
Campbell's Bay.

July 1st is always a temptation to wax eloquent on the subject of religion and politics, or religion and nationalism, or some related topic. I would like to avoid this temptation (If I am able!) and be a little nostalgic about the name we give to this holiday. I'm not used to calling it "Canada Day": perhaps I never will be. For it seems to me that when we called the day "Dominion Day" we had first-rate religious lesson just waiting to be taught.

For some reason, though, it has become the accepted wisdom that the word Dominion somehow implies "colonialism". In fact it was adopted as an alternative to "Kingdom" in order to avoid offending the Americans, but implies no less than nationhood. So let's look at the word for a minute and see what we find.

As everyone ought to know, the motto of our country is "A Mari Usque Ad Mare" (from Sea even unto Sea). What they may not know is that this motto comes from the Bible. It is found in Psalm 72, verse 8: "Let his dominion also be from sea to sea, and from the River to the world's end." In this verse, then, we find both the motto of our land and the name 'dominion', giving them both a biblical foundation and a deeper meaning.

For whose dominion is recognized? On one level, to be sure, it speaks of the vast extent of Canada. On another level, though, it recognizes that the Dominion of God is above all human realms and dominions and that His rule is greater.

Alas, we've changed the name of our national holiday, and so obscured this lesson that we found in the old name and in our motto. Indeed the preamble to our wonderful new Constitution has a reference to the rule of God slipped in, but as everyone keeps July 1st and no one much reads the Constitution, it will hardly do what the holiday and the motto could do, even if only subconsciously.

Perhaps, though, the new name is more realistic. Canada is becoming less and less a Christian nation, and people are paying less and less attention to the meanings of words and holidays. But I still can't help but feel that with every change of name (such as the name of July 1st) we lose a bit of the style that could once in a way recall someone's mind to higher things.

Enough. We have much to be thankful for, and much to celebrate on July 1st. God has given us a great land: let us enjoy it and treat it well, as the gift it is.

A Day withthe Clan

by Ada Daley

T'was Margaret that called "to Prices' we'll go
'Put your work aside"; it is great you know!
"To get out of the house and have a visit"
With the ladies again, wouldn't we miss it?

She picked a fine day in autumn,
October first was super, to be out in.
The trees were so colorful and a sight to behold,
So impressions to see – the leaves turn into gold.

Viola picked "yours truly" and Stella up, at nine,
Margaret Curley co-piloted and got us there fine.
Bea welcomed us in, with open arms
We quickly responded, hence turned on our charms.

Mona walked in, she's just down the block
Angeline soon after and joined in the talk
Loretta was there. She had a laughing-gadget
Turned us all into "laughing" – You'd think it was magic.

In came Doreen and Beatrice , two sisters so nice
Shared with the ladies, one drink is suffice.
Eileen was late, she'd an errand to run
We sang "she's a jolly late-lady" and that was some fun!

Bea set up the table for eleven or more
She had cold cuts and rice and salads – I guess four!
Jam cookies, pecan pie and lemon soufflé
To keep from having seconds, we just couldn't stay!

Vi Stanton was absent, her hubby's not well;
"She'd be home with him", one could tell,
Another is missing – Leona's the name
She'll be sorry to have missed; – all the same.

A few pictures were taken, whether it's a smile or a frown
Cause next time we gather; they'll be passed around
We talked about trips and senior citizen prices,
Bus trips seem suitable and quite often the nicest!

It's time to say "thanks" and hence to depart
Get across Champlain-bridge , before heavy traffic will start
We've had a great day, we'll wait and see,
When we'll all be together, for a chat and a tea!

Canada Day celebrations in Bristol

Vicki, the artist, and Jennifer Welch, the professional picture frame holder, helped magician George Plet, of Ottawa, with one of his many magical tricks. The performance entertained young and old at the Canada Day party at the Bristol community center in Elmside.

Canada Day was celebrated in Bristol on Sunday, June 28th. The event began with an ecumenical service led by Fr. Peter Proulx, priest at St Edward's Church, and Rev. Ed McCaig, minister at St Andrew-Knox and Stark's Corners United Churches. Hymns were sung during the service by Mary O'Reilly, left, and Laura Radey. In the background is the Bristol community center and town hall, recently converted from a school.

Melony Wall entertained at the Canada Day talent show with her step dancing, and later she played several tunes on the violin. Other entertainers at the party were Ruth and John Beardsley, Jean Finlan, Jackie and Sherri Price, Esther Moquin, Laura Radey, Red Bennett. the rock band EZ, and Catherine Nyveld. After the show all the beans and all the strawberries you could eat were served in the community center.

CF benefit golf tournament full

The Cystic Fibrosis golf tournament scheduled for Saturday, July 11, is proving to be a very popular event. According to Denis Lamothe, one of the organizers, 104 participants have already signed up to play, and there are no more places left.

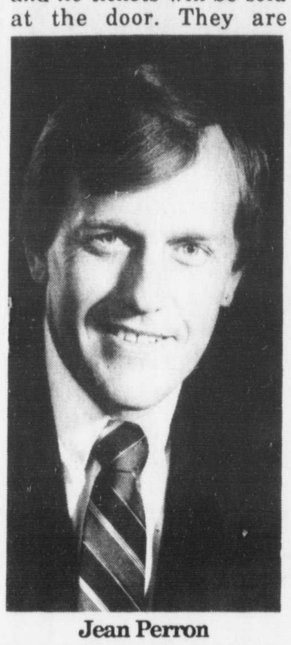
Inspector Guy Cadieux

The event is part of a fund-raising effort in Pontiac County for Cystic Fibrosis, that also includes a dinner and breakfast at the R.A. in Campbell's Bay. The golf tournament is being held at the Island Brae Golf Club on Morrison's Island.

Nancy Derouin, of Calumet Island, is the sponsor, and Jean Perron, coach of the Montreal Canadiens and Inspector Guy Cadieux, supervisor of the Quebec Police Force for Region 7 of West Quebec are co-chairmen of the tournament and the benefit meals.

For Mr. Perron, this is his first visit to the County. Mr Cadieux has served in several of the QPF detachments in West Quebec, but never in Pontiac. His brother, Jean Claude, was the sergeant in charge of the Campbell's Bay detachment of the QPF several years ago.

The dinner is one of the famous Bouleau Blanc buffets, and all but 25 tickets have been sold. The deadline for buying a ticket is Tuesday, July 7th and no tickets will be sold at the door. They are available at J and J Grocery in Shawville, Le Vétéran Gas Bar in Bryson, Kluke's Korner Grocery in Campbell's Bay, Marché Calumet in Calumet Island, and Marché Général in Fort Coulonge.



Jean Perron

For those unable to attend the tournament or the dinner, there will be another opportunity to meet the co-chairmen at the family breakfast on Sunday morning.Tickets are available at the door for this event.

Constable Lamothe has informed THE EQUITY that the officers of the Campbell's Bay detachment of the Quebec Police Force will be cooking the breakfast, and that everyone is invited to sample their culinary skills Sunday morning at the R.A.

Further information about the Cystic Fibrosis fund raising , the golf tournament, the dinner, or the breakfast, is available from the QPF office in Campbell's Bay.

tiac investors to develop their own county.

"It's time for Pontiac people to see what they can do with this facility and pursue its development and management."

Mr Nöel says that any change in the park's ownership will not affect its present schedule. Mr Nöel also said that a recent bid from a private investor to buy the Park for $251,000 was rejected as too low. The Park's market value is $1.9 million.

Mr Nöel says that he would be particularly pleased to see some Pontiac investors buy the property from the Societe d'amenagement de l'Outaouais.

"I'm eager to see a group like that make a proposal to the Societe, take it over and expand it," he says.

Rain lucky for CHRO Reruns

By Denise Belec

The sky had been uncertain all day last Saturday at the St-Jean Baptiste celebration organized by the J.E. Boyle RA.

It looked as if the rain would wait as the softball game between J.E. Boyle and the CHRO Reruns started.

J.E. Boyle led 7 to 1 in the first two innings. At the end of the fourth inning, Boyle was still leading 8 to 4.

That's when the rain started. CHRO thrived in the rain and at the end of the fifth inning they were ahead by one point.

The umpire wanted to stop because of the rain but the players voted to continue playing.

Finally in the middle of the sixth inning, the rain worsened. The players ran for cover and the game was called off with CHRO leading 9 to 8.

The fastball game planned between Calumet Island and Fort-Coulonge was also cancelled.

Jérome Romain of the J.E. Boyle team hits a home-run in the softball game against the CHRO Reruns Saturday, June 26.

Ball game for beginners

By Denise Belec

There is a ball game aimed at children aged five to seven who are playing ball for the first time.

T-Ball helps children learn to bat and other basics of the baseball game.

The game has four innings in which nine players from each team go up to bat this gives a chance to as many children as possible to play.

Children often have to be coaxed into running to the base or throwing the ball to the right person but all is done in good fun.

Portage du Fort, Bryson, Calumet Island and Campbell's Bay have formed a league of four teams to compete against each other.

Last Monday, June 22 Bryson won 26 to 22 against Portage du Fort.

Next games will be on July 6. Campbell's Bay will be at Bryson, and Calumet Island will visit Portage.

Seven-year old Michelle Lance of the Bryson team runs home. Bryson won 26 to 22 against Portage-du Fort.

Small farms declining in Pontiac

A recent survey undertaken by the Federal Department of Agriculture shows that the amount of small farms in the Pontiac have substantially decreased between 1981 to 1986.

The 1986 Census of Agriculture indicates a general trend nationwide toward the decrease of farms in general and small farms in particular.

The census indicates that those farms in the Pontiac with annual revenues of under $5,000 have declined from a total of 318 in 1981 to 118 in 1986.

Mel Jones, Manager for Agricultural Census, says one reason for this decline is the drop in prices and poor market for such items as cattle within those years. Many of those small farms were, Mr Jones said, dependent upon a small admixture of farm animals and agricultural products in order to survive. They were thus very vulnerable to fluctuating market prices.

Mr Jones also said that actual acreage used by those small small farms had also diminished by a total of 7 per cent since 1981.

Mr Jones pointed out that farms with annual revenues of upward of $100,000 had actually increased in the Pontiac, from a total of 40 such farms in 1981 to 64 in 1986.

Mr Jones cites the fact that some smaller farms had been amalgamated into larger ones.

Mr Jones said the middle income farms in the Pontiac, those generating between $5,000 to $50,000 annually, also showed a general though not dramatic decrease in numbers.

Mr Jones said that acreage used for agricultural products in the Pontiac had likewise fluctuated between 1981 and 1986. He said that there had been an increase of 10 per cent in the amount of acreage used for Tame Hay. He also pointed out that there had been a decrease in that area for corn silage and pasturelands.

Mr Jones also mentioned the decrease in young farmers in the Pontiac. This, he says, is also part of a new nationwide trend. In the Pontiac alone, farmers registered in 1981 under 30 years of age numbered 56. This census, he says, shows only 30 farmers within that age group in 1986.

Mr Jones says this is partly due to those farmers from the first census getting older but also because young people are not getting involved in agriculture because of its uncertain economy.

"If this trend continues", says Mr Jones, "eventually it's going to have some impact," on Canada and the Pontiac.

New financial service for farmers

Sooner or later the time comes in every family farm operation when either it is to transferred to the next generation, a family partnership formed or there is an outright sale. Planning these transactions the right way is crucial if the farm is not to overpay in taxes at the time of the transaction and the assistance of expert accounting advice is a necessity.

To help farmers facing these decisions, the Quebec Farmers Association (QFA) has set up a Farm Financial Planning Advisory Service for its members. The service, which operated out of the QFA Provincial Office at Macdonald College, will be offered by Jim Boulé, known to many farmers throught the Information Days on farm accounting that he has given, and his years of experience in agricultural accounting.

QFA President Gerald Duncan, a dairy farmer from Ormstown, Quebec, spoke on behalf of the QFA's Board of Directors in welcoming the establishment of this service and particularly of the fact that it will be Jim Boulé who will be providing the expertise. "As farmers we all know how critical it is to get the best advise on these financial matters and in Jim I know we have the best," Duncan said.

Mr Boulé will be working in the QFA office each Thursday and Friday, starting this July. In addition to transfers, sales and partnerships the service will offer planning and advice on farm record-keeping system, estate and financial farm income tax planning.

The special rates offered for this service are for QFA members, appointments will be made strictly on a fist come, first served basis. To make an appointment or for further information, farmers should call Steve Gruber at the QFA office (513) 457-2010. QFA is a voluntary association of Quebec's English speaking farmers.

Concert d'amitié à l'école St-Anne

Jason Pieschke (au sol) mime les paroles chantées par sa classe de première année lors de leur concert d'amitié, mardi, 23 juin.

Par Denise Belec

Les élèves de l'école primaire St-Anne de l'Ile-du-Grand-Calumet ont donné un concert d'amitié en l'honneur de leur parents et des élèves des autres classes.

Chaque classe prit son tour sur la scène pour exécuter des chants, des danses et de mini pièce de théâtre.

A la fin de chaque représentation, les professeurs de chaque classe ont remis des méritas aux élèves qui se sont distingués soit pour leur excellence ou leur effort dans les domaines suivants: français, mathématique, bonne conduite et assiduité.

Pendant l'année scolaire, les élèves de première année ont participé à un projet de lecture afin d'inciter les enfants à lire. Leur institutrice Mme Colette Pigeon a remis à chaque élève un certificat avec leur nom, leur photo et le nombre de livres qu'il a lu.

Sept élèves ont lu plus de 100 livres: Lena Baird, Simon Patry, et Walter Ryan en ont lu chacun 100; Julie Leroux en a lu 105; Michelle Lance, 110; Sophie Newberry, 115; et Nicole Dufault en a lu 135.

Les élèves de sixième année qui graduent à la polyvalente l'an prochain ont chacun reçu un album photo.

Les élèves de chaque niveau qui se sont distingués dans le domaine de l'éducation physique ont reçu un méritas et une vidéo-cassette sur la carrière de Guy Lafleur.

Les méritants sont: en première année: Sophie Newberry, Simon Patry.

Deuxième: Jean Pigeon, Maxime Lucier; troisième: Jean-Paul Jansen, Claire Lance; quatrième: Josée Dufault et Eric Dumouchel; cinquième: Annie LaSalle et Eric Lavallée; et en sixième année Roxanne Derouin et Guylaine LaSalle.

Michelle Lance reçoit son certificat de son institutrice, Mme Colette Pigeon, pour avoir lu 110 livres pendant l'année.

We salute thee, St Anthony, lily of purity, ornament and glory of Christianity. We salute thee, great Saint, cherub in wisdom and seraph of divine love. We rejoice at the favors God has so liberally bestowed on thee. In humility and confidence we entreat thee to help us, for we know that God has given thee charity and pity as well as power. Then behold our distress, our anxiety, our fears concerning. We ask of thee by the love thou didst feel for the divine Child, when he loaded thee with caresses. Tell him of our wants. Remember thy rapture when thou didst clasp Him to thy heart, and didst listen to His Divine whispers. One sigh from thee whom He honors will crown our success, and fill us with joy. Think of this and hear our prayers. Obtain for us all, that we desire, and we will publish thy greatness, thereby to glorify Him, by Whom thou were so highly favored. Amen.
St Anthony, loved and honored by the divine Child Jesus, obtain what we ask of thee.
St Anthony, powerful in word and work, obtain what we ask of thee.
St Anthony, attentive to those who invoke thee, obtain what we ask of thee. bjy1

IN MEMORY

Armstrong - In loving memory of a dear father, Ambrose, who passed away July 4, 1982.
Five years have passed since that sad day
When the one we loved was called away
God took him home, it was His will
But in our hearts he liveth still.
Sadly missed by daughter and family. bjy1

Belsher - In loving memory of a dear husband, father and grandfather, Osborne, who passed away one year ago, June 30th, 1986.
God saw you getting tired
When a cure was not to be
So He closed his arms around you
And whispered, "Come to me"
You suffered much in silence
Your spirit did not bend
You faced your pain with courage
Until the very end
You tried so hard to stay with us
Your fight was all in vain
God took you to "His loving home"
And freed you from all pain.
Lovingly remembered by wife, family and grandchildren. xjy1

Bretzlaff - In loving memory of a dear wife, Loreen, who passed away July 2, 1978.
There is a bridge of memory
From earth to Heaven above
It keeps you always near me
It's called the bridge of love
May you always walk in sunshine
And God's love around you flow.
For the happiness you gave me
No one will ever know.
It broke my heart to lose you,
Loreen
But you did not go alone,
For part of me went with you
The day God called you home.
Ever remembered by husband, Otto. xjy1

Finan - In loving memory of a dear husband, Gilbert, who passed away July 9, 1982.
No one knows our heartaches
Only those who have lost can tell
Of the griefs that we bear in silence
For the one we loved so well.
Sadly missed by wife Emble. xjy1

IN MEMORY

Connelly - In loving memory of a dear husband, father and grandfather, Robert John, who passed away July 1st, 1970.
This month comes with deep regret
It brings back a day we cannot forget
Sadly missed along life's way
Quietly remembered every day
No longer in our lives to share
But in our hearts he is always there
We miss you so dearly our love was do deep
Peace be with you, while you sleep.
Sadly missed by wife Pearl and family. bjy1

Kilbride - In loving memory of a dear husband and father, Tony, who passed away July 6, 1986.
In a place where he lies sleeping,
Where the gentle breezes blow,
Lies the one we loved so dearly,
Whom we lost one year ago.
In tears we saw you sleeping,
We watched you fade away,
Our hearts were almost broken,
You fought so hard to stay.
But when we saw you sleeping
So peacefully free from pain,
We could not wish you back
To suffer that again.
God saw you getting tired
When a cure was not to be,
So He closed His arms around you,
And whispered, "Come to Me".
You didn't deserve what you went through,
And so He gave you rest,
God's garden must be beautiful ,
He only takes the best.
Lovingly remembered by wife Nancy, and family. xjy1

O'Neil - In loving memory of Gary, dear son and brother, who died in Campbell's Bay, July 3, 1968, age 16.
Time takes away the edge of grief,
But memory turns back every leaf.
His memory is as dear today,
As in the hour he passed away.
Always in our thoughts, Mom, Dad and Doug. bjy1

Wilson - In loving memory of a dear uncle , Harry, who passed away June 26, 1986.
Love's greatest gift.
Remembrance.

Wind, lightning causing power failures in Pontiac

A spate of power failures over the past several weeks has had people in the Pontiac wondering if there has been a recent increase in Hydro-related problems.

During the past week, there were two power failures during the same day. The first, which began at approximately 4 am last Thursday, June 25, shut off power in the lower Pontiac for two hours. The other, which happened at about 3 pm the same day, lasted for about 30 minutes.

According to Denis Maisonneuve, Superintendent of the local branch of Hydro-Quebec in Shawville, many of the recent power failures were caused by wind and lightning blowing against or striking trees. Those trees in turn whip adjacent power lines, thus causing such disruptions as blown fuses.

Mr Maisonneuve also said that many power failures were 'flickering failures', ones which lasted several seconds or minutes. These failures, Mr Maisonneuve said, seem to be happening despite the protective systems guarding each substation. Mr Maisonneuve said that he is presently contacting a team of specialists from Hull to examine the problem.

Mr Maisonneuve also cites the fact that the two failures of June 25 were not caused solely by the local system. The one which shut off power during the afternoon also affected all of western Quebec. The other, which took place in the early hours of the morning, was caused by an owl penetrating the Wyman substation's protective system.

Visiting Mr and Mrs Roland Desjardins recently were Roland's two sisters, Mrs Pamela Lussier of Mattawa and Mrs Emery Boisvert of Davidson, and Mr and Mrs Roger Charbonneau and daughter Jennifer from Aylmer.

Bonnie Harkins of Ottawa was the guest of honor at a bridal shower held on June 18th in the church hall. Guests were from Ottawa, Chapeau, Fort Coulonge and Waltham.

Sympathy is expressed to the relatives of the late Marion Smith (Fletcher) who passed away in Pembroke on June 22nd. A memorial service will be held in the Wesleyan Church on July1st at 1 p.m. She was the daughter of the late Mr and Mrs Walter Fletcher of Waltham.

Robert Samsel of Selkirk, N.Y. visited at his cottage recently and while here he called on Mr and Mrs Laurier Lamarche.

A little error was made in the June 17th issue of The Equity. It was Mr Leo Coghlin who attended the 25th wedding anniversary mass of Mr and Mrs Cecil Morris at St Paul's Church in Sheenboro.

Sympathy is extended to Mr Sheldon Robinson in the passing away of his wife Margaret on June 23rd in Winchester, Ontario. They resided in Waltham when Mr Robinson was pastor of the Wesleyan Church here. Both Mr Robinson and his wife were gifted with beautiful voices.

Congratulations to Trent Robinson, youngest son of Mr and Mrs Courtenay Robinson, who graduated from Pontiac High School on Thursday evening, June 25th.

St Alphonsus CWL supper

Members of St Alphonsus CWL Parish Council held their annual supper on Tuesday, June 16 in Harrington Hall. Members from different sections of the parish attended.

It was a privilege to have Mrs Elaine Mullin, of Carson Lake, as guest speaker. She gave an interesting and impressive talk on her visit to Medjugorje where the apparitions of the Blessed Virgin Mary are taking place. Her explanation of Our Lady's messages were very concise and very inspiring.

Mrs Joan Sallafranque introduced Mrs Mullin. Mrs Mary Nadeau expressed thanks in the name of all the members present.
