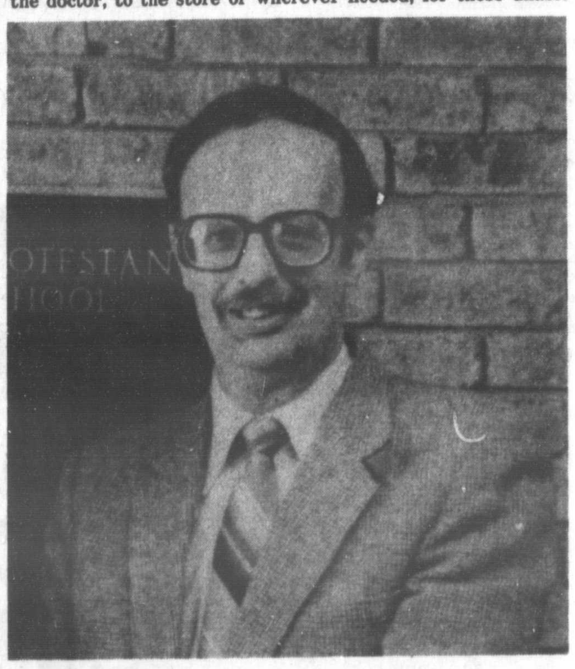
Edith Robinson "Volunteer of the Year"

The Volunteer Committee of West Pontiac met at the C.L.S.C. in Chapeau on Sunday to mark the beginning of National Volunteer Week in Canada. The high point of the meeting was the presentation of the award for volunteer of the year to Mrs. Edith Robinson of Waltham for the tremendous amount of time and energy she has devoted to helping the elderly in West Pontiac.

The Volunteer Committee of West Pontiac was started in 1978 with financial support from the C.S.S.S.O. and the C.L.S.C. to provide services to old people that would encourage them to continue living in their own homes, amongst their friends and relatives, rather than moving into the senior citizens' homes in Fort Coulonge, Campbell's Bay and Shawville. The services provided include a taxi service to the doctor, to the store or wherever needed, for those unable to drive and without close relatives with a car. This is an essential service for many because there are no taxis in the area from Waltham to Chapeau to Sheenboro and Allumette Island.

Social visits by the volunteers to the homes of the elderly are also provided, for a meal, to play cards, read or whatever activity is desired. These activitiers, based on the volunteer help supplied by twenty three volunteers complements the services supplied by the C.L.S.C. in the area.

In addition to the efforts already mentioned, the Volunteer Committee of West Pontiac is trying to arrange for a grant from the provincial government to build a nursing home for old people in Chapeau. At the moment there are no such facilities in the area so that anyone requiring chronic care has to go to Fort Coulonge, Pembroke or further.



David Conrod appointed director

At a meeting of the Protestant Regional School Board of West Quebec, the school board members representing the three areas, Pontiac, Northwest and Greater Hull, selected David Conrod as the Director of Curriculum and Student Services for the Regional School Board. Conrod, who has been the principal of the Pontiac Protestant High School in Shawville for six years, was selected from seven candidates who applied for the position.

Originally from Halifax, Conrod taught in St. Eustache as head of the Social Studies Department before coming to Shawville in 1971 with his wife and two children.

Mr. Conrod has decided that rather than move to Hull to take up his new duties which begin July 1, he will join the many people who already commute to the Ottawa-Hull region and drive the distance every day. This is fortunate for the County in that no only is Dave a valuable contgributor to the community but also Pontiac will be represented at the director level of the Regional Board.

Other business at the Board meeting included the formal delegation of certain powers previously held by the local school boards to the Regional Board. These powers dealt mainly with the administration of the elementary schools. Their delegation should streamline the operation of the schools, reducing expenses in some areas, making it easier to provide meaningful employment for the teachers declared surplus, and smoothing the transition from primary to secondary schools.

Beef information

There are two beef information meetings for Pontiac Farmers, coming up soon.

The first meeting will be held on Tuesday, May 5th, at 7:30 p.m. in Harrington Hall in Chapeau. Please note that in the letter sent to farmers there were two mistakes. This meeting will be held in English and is Tuesday night, NOT Wednesday afternoon.

The second meeting will be held on Wednesday, May 6th, at 7:30 p.m. in the Agricultural Hall in Shawville.

The speakers will be Mr. Lucien Fournier, Regional beef specialist and the personnel of the Shawville office of the Quebec Department of Agriculture.

Topics to be discussed include preconditioning, nutrition, and government programs, and as always, everyone is welcome.

Bellerose appoints radio committees

André Bellerose, chairman of the board of directors for Radio Pontiac, has appointed three committees to be responsible for Personnel, Finances, and Programs at the new community radio station which is heard daily throughout the County.

To the Personnel Committee he has appointed Jocelyn St-Denis and Guy Ladouceur. The Finance Committee will include Hector Soucie and John Evans, and the Program Committee is René Latreille and Rosaleen Dickson. Mr Bellerose, as chairman of the board, is also a member of all three committees.

These appointments were confirmed at the last meeting of the board of directors.

Hello Aylmer. . .

Welcome to the Pontiac

The town of Aylmer has been added to the twenty-two rural municipalities of Pontiac County to form the new Pontiac Electoral Riding. This joining together has strongly indicated the inclusion of Aylmer in the coverage area of Pontiac's bilingual weekly newspaper, THE EQUITY, which has been serving the Pontiac for 98 years with a present circulation of about 4500.

The owners of this paper have, however, avoided moving into the Aylmer territory because of the existence there of the Aylmer Reporter. When the Reporter discontinued publication last week, Aylmer would have been left without a community newspaper if THE EQUITY had not decided to broaden its coverage area.

Now THE EQUITY will provide for Aylmer the same sort of supportive services which it has given to the rest of the Pontiac.

"Every community should have access to a paper that cares particularly for that community's own special needs, and Aylmer is no exception," says Ross Dickson, EQUITY editor.

"Whatever defeated the Aylmer Reporter holds no threat to us. THE EQUITY has been a survivor for almost a century and has no intention of fading away now. In fact," concludes Dr. Dickson, "we expect this area and our newspaper to flourish. We have a great deal of faith in the future of Aylmer and the Pontiac."

Pontiac Bus will run as usual

Regardless of whether other bus companies go on strike as threatened the Pontiac Bus Lines schedules will not be affected. This is the latest word from Campbell's Bay and should be reassuring to the many Pontiackers who rely on this service to take them from town to town in the County and regularly to Ottawa and Hull.

100th birthday

Mrs Auralie Lemaire, a resident of St Joseph's Manor, Campbell's Bay, recently celebrated her 100th birthday.

Enjoying good health and a very keen sense of humour, Mrs Lemaire posed for this photo at her birthday party held by The Ladies Auxiliary.

She was presented with a gift and a lovely corsage and then enjoyed birthday cake with many of the residents.

ENDANGERED SPECIES

It is always sad to see another community newspaper go under. The Aylmer Reporter announced that their last issue has been published and there will be no more. After years of hard work and considerable expense the publishers have found that they can not continue. The financial burden is too great.

We know that the Aylmer Reporter has tried everything they could to suit the needs of the community as they saw them. Their efforts were met with approval in many instances but in the end it was discovered that intermittant approval wasn't enough.

To keep a newspaper alive there has to be steady support from the advertisers, the contributors and the subscribers. In the case of THE EQUITY, which has survived for almost a hundred years, there has always been great community support from all three of these sources. This doesn't mean that the advertisers, or the contributors, or the subscribers, always agree with the publishers, or even agree with eachother on issues that come up in the community. In fact their disagreements often make for the most interesting reading.

The pages of THE EQUITY have always been open to many points of view, the one general policy being that positive criticism is more useful than negative and that organizations which work towards community improvement should be encouraged. Also THE EQUITY has always taken an interested and supportive attitude towards Municipal Councils because they are doing an extremely difficult and thankless job, and also a supportive attitude towards the accomplishments of young people, creative people, civic-minded people, and anyone who cares enough about the Pontiac to get up and do something good about it.

We are not out to change the County. We do not cast ourselves in the role of crusading journalists. We only want to do what we can to help along the progress of the area by providing a means of communication between groups and individuals, merchants, services, governments, churches, industries, clubs and all the other pieces that make up the puzzle of the Pontiac.

If this formula had not met the needs of this varied community, THE EQUITY would have failed long ago. But just because we have survived, we can't rest on our oars.

The heartbreak and the financial catastrophe involved in the folding of a business, any business, and especially a weekly newspaper business as in the case of the Aylmer Reporter, is distressing. Our sympathy goes out to the owners who tried so hard and for so long to make a go of it. At the same time, this tragedy so close to home brings us to the realization of how fortunate we are in the Pontiac to have advertisers, news contributors, and subscribers who loyally support their weekly newspaper. As long as this situation continues this paper will grow and flourish, along with the community in whose future we have great faith.

Isn't it lovely

About ten hardy artists braved the cold winds of Monday afternoon to sketch and paint one of the many beautiful vistas of Pontiac County. Under the direction of Shirley Van Deusen, formerly of Aylmer, this class in landscape painting at the Ottawa School of Art found a meadow alongside the highway in Eardley where they could see for miles up the Ottawa River. More visits are planned to Pontiac during this summer.

Grist and miscellaneous items

Twenty four hours of books is the name of a great used book sale to be held Saturday and Sunday, May 9 and 10, at 25 Laurier Avenue, Hull. The sale will be from noon on the Saturday to noon on Sunday, and every book will cost sixty cents. There will be both French and English books, all used, and the sale is being sponsored by the Outaouais Central Library, the Aylmer, Gatineau and Hull Libraries and the Outaouais Culture Council.

A Mr Réjean Tremblay of Quebec has decided that Shawvillites are now to be known as "Shawvillois (oises)" that Wakefielders will be "Wakefieldiens (iennes), at Chapeau they ae to be called "Capellois (oises)", at Eardley "Erdleyens (ennes)", Calumet Islanders are "Calumetilois (oises)", and get this, Allumette Islanders are "Allumettislois (oises)". At least he has dropped that ridiculous "Pontissois(oises)" from his new glossary. But who in the world do they think are ever going to call themselves Quyonois? and who is going to rewrite the Chapeau Boys to accommodate "Capellois"?

The Ottawa Valley Light Horse Association intends to present its Spring Horse Show on Saturday, June 6th at 8:00 a.m. at the Richmond, Ontario Fairgrounds. Their prize lists should be out by the end of April so if you don't receive one and would like one, phone for the Hunter Division, Mrs Bernard Wand at (613) 489-3257 and for the Saddle and Harness Division, Shirley Morrison at (613) 489-3952. Entries close May 25th according to Mrs Ruth Waddall.

The Shawville and District Public Library, which also serves the population of the surrounding areas in Thorne and Bristol, is not only lending books, but is also interested in receiving them. Anyone who has unwanted books around the house is invited to bring them to the Library which is in the Town Hall at Shawville.

Once more the CGIT in Shawville has helped the appearance of the village by raking the leaves at the Veteran's Park on Main Street. This annual service to the community is appreciated by the people who live here.

The tourist association of the Outaouais is going to hold a founding meeting on Wednesday, May 6th, at two o'clock in the Sheraton Le Marquis, Hull.

Cpl. Claude Bouchard has asked us to remind truck drivers that seat belts are not required in pick up trucks in Quebec. You can use them if you wish of course, but the Quebec law does not require them, he says, in answer to many, many inquiries he has had on the question.

Shawville Council has requested Radio Pontiac to use the Canadian National Anthem at the opening of broadcasting each day and God Save the Queen at the close of broadcasting each day. If this request is made by enough responsible groups it might come to pass.

The dance which was to have been held on April 25th has been postponed until May 2nd, at Philemon Wright High School, according to a spokesman for the Philemon Wright High School. An electrical problem is blamed for the change in date.

The Bailey's farewell

by Wyman MacKechnie

Sunday marked the last day of service of Rev Frank Bailey and his family on the Quyon United Pastoral Charge and the occasion was anspiciously observed at Wesley Church at Beech Grove at an eleven o'clock service. Not only did all the congregations on the charge participate but it seemed the entire community as well as the church was filled to its absolute capacity.

All members of the Bailey family were present and son Tony read the lesson. Bill Hamilton presided at the organ and the Wesley choir rendered several selections, as did Barbara Horner and her children, Moira and Grant. Gervase O'Reilly was guest soloist, singing "Faith of our Fathers".

Special music was presented by a talented group known as Elaine Nugent and Company also by Donna MacKechnie and Gary Young.

As the service drew to a close Mr and Mrs Bailey, as they have so often done in the past, sang a duet entitled "God's Way". A beautiful piece, beautifully rendered and the one they sang on their first Sunday here.

A delightful extra was added for good measure when Mrs Mabel Dowd, a talented musician of the past proved she was still an artist of the present. Although not well and scarcely able to see, she was led to the organ and played "The Lord's My Shepherd" to accompany the final congregational hymn.

Following the benediction, Rev and Mrs Bailey were presented with a matched and monogrammed three piece set of luggage and a heavily loaded "money tree". This along with a generous purse presented the previous week at an ecumenical church service, sing-song and dinner at St John's Anglican Church in Quyon, is intended to provide a visit to their native Barbados which they have not seen since leaving it fifteen years ago.

At the conclusion of the church service and presentation the entire company repaired to the church hall to partake of a sumptious repast and of course more tributes and good wishes.

It was an event, where not only every member of the congregations played a role, but many others in the entire community as well, as this couple have endeared themselves to everyone during their sojurn among us.

The Baileys leave later this week for their new charge at Maxville, Ontario, and the good wishes of all go with them.

Letters from our readers

April 23, 1981

The Editor,
The Equity
Shawville, Quebec
Dear Editor:

"125 Years and Still a County Fair"

We just got word that Vertal Smiley passed away yesterday. Mr Smiley was President of the Pontiac Agr. Society, Div. "A" (Shawville Fair) in 1956, the year our Fair celebrated its Centenary.

That was a pretty big year for our Fair and the memories flood my mind with all the friends and neighbours from all over the county, who came to participate and help us celebrate a 100 years of fairs.

I was in my teens at the time, and of course the days of the Fair were very exciting for me. And Dad was 1st Vice of the board, so I got to know the total involvement that was required to make a successful show.

I recall, we had a variety show on Saturday night and the great square dancing contest, and how proud we were of our own local dancers and then the Vinton team, with all the Hearty girls (and Jerry, too) came on and just wowed the crowd with their foot-work and confidence. And they won and we won, because the whole County was there.

And if my memory serves me right, the boys from the Gatineau faired well in the 4-H section that year.

Then there was the sight to behold when Claude Young and Warren Campbell brought the first eight-horse hitch in this area. The crowd was overwhelmed and we won again because the County was there.

Twenty-five years have gone by and we are still here. The faces have changed and the years have had there ups and downs but there are still lots of people who believe in up-holding the tradition and taking the hard times with the good times.

A few years ago, the Government, set upon a plan to centralize the schools, the municipalities, and even the fairs. They named Shawville Fair, the Regional Fair, and withdrew their support from both Quyon Fair and Chapeau Fair.

They failed to recognize that the smaller fairs are the strength of the larger fairs and that financial support alone does not make a fair. It takes people, participants, exhibitors and the public to do so.

And I congratulate the Quyon and Chapeau boards, for they would not lie down and let their fairs die. I think they have better fairs now because they have more people working together to make a better show.

Their inspiration has showed our board something also. That people working together can get the job done.

Our Board does not want a fair just for Clarendon and Shawville. We're not just a County Fair, we're a Valley Fair. We have memberships from every municipality from Aylmer right through to Chapeau. And believe me, we need all their support.

So please continue with your support and criticism in The Equity. We need them. But positive ideas are best, negative ones just won't do.

Here are some of the positive ones:

Ottawa Valley Spring Holstein & sheep Show - Saturday, May 30, 1981. Spring Dance in conjunction with above - Saturday, May 30, 1981. Carlton Show Band - Show and Dance Friday, June 19, 1981. Hell drivers - to be confirmed - Sunday, May 23, 1981. Canada Day-Fair Board Barbecue July 1, 1981. Shawville Fair - 125th Anniversary Celebration - Sept. 4, 5 and 6th, 1981.

Thanks for everything.

Dear Sir—

We the grandchildren of one Ozie Dumas - Agnus Poulin; would appreciate any information of any descendants of the Poulin born 1889, later married to Ozzie Dumas from Ausselman, Ontario.

Thanking you in advance for your co-operation.

Dear Sir:

As a concerned parent, I feel that I must write this letter.

What is this world coming to! My children have been coming home with tales of vandalism in our high school - Pontiac Protestant High.

The lockers are being broken into and personal property stolen or destroyed. One young lady's locker was broken into, and catsup squirted all over the inside of it - on books, clothing, everything!

Other kids' books are kicked down the halls and locks are being destroyed. Various objects are thrown around in the locker area - over the lockers as well as down the aisles - and some students have been hit by this stuff. The lockers are also used for unwanted graffiti.

Now, from what I understand, this is going on during school hours.

Some of the students have complained and were told that when they find the culprit - then come to those in charge.

The locker area is supposedly being policed by teachers or those of higher authority during the lunch breaks and at bus times.

Our tax rates keep climbing and the teachers are after more money, but shorter hours; and yet our high school is not a fit place getting ready to take their place as an adult in a business world.

At one time PPHS was the pride of the Pontiac — what is there to be proud of now!

Granted, there's probably only a few spoiling it for the rest of the students — but find those few and clean up our school.

Come on parents of students of PPHS - if we apply some pressure, maybe something will get done!

Obituary

Mrs Roy F. Hamilton

A former resident of Clarendon, Mrs Roy F Hamilton, née Georgina McCleary, died January 26, 1981, at Rimbey, Alta. Her husband had predeceased her by a little more than a year. Burial was in Mt. Auburn Cemtery, Rimbey, beside her husband.

She is survived by her son Orval, his wife Bessie and six grandchildren. Wilson C McCleary of Shawville is a nephew.

Mrs Hamilton was born at Bristol Ridge in 1890, daughter of Dupree McCleary and his wife Sara Wilson. She survived her two brothers, William and Samuel.

In the Christmas season, 1914, she married Roy Hamilton from Charteris. He had taken up a homestead at McCord, Sask., near his brother Nelson's home. His father was Samuel Hamilton.

In the twenties, with their son Orval, the Hamiltons moved to Vancouver, where Mr Hamilton worked in construction. In 1933 they returned to farming, first at Hinton Trail and in 1937 at Elmworth, Alta.

After the WWII war Vancouver again became their home. There, Mrs Hamilton worked for several years at Eaton's and Mr Hamilton contracted in construction work. About fifteen years ago they retired to Calgary. At about this time they made a trip to Shawville. They celebrated their 60th wedding anniversary in 1974. Mrs Hamilton spent the last year of her life in Rimbey, close to her son and his family.

To the end they displayed the industry and independence which are the hallmark of Shawville oldtimers.

PANAC meeting

A meeting of PANAC Inc was held at the home of the President, Venetia Crawford, April 15, 1981, at 7:30 p.m.

The minutes of the March 4th meeting were read and accepted on a motion by Pearl and Richard.

Letter read from Mr Jean-Guy Léger, assistant to the minister of Que. Energy and Resources, Mr Berubé. Very encouraging; he agrees with us that the use of nuclear energy should be delayed as long as possible, if used at all. He also thanks PANAC Inc for our interest in the economy of Quebec.

Letter and forms are to be completed from Environment Quebec. They want to know about our plans for May, Environment Month, 1981. project is entitled, "PANAC Inc carried on with educational and environmental research".

A letter and forms were received from an environmental educational cooperative which is being set up to serve the Outaouais.

A letter from Birch Bark Alliance with helpful suggestions was received on how to present environmental publicity on radio and T.V.

There was a discussion about making tapes for airing on C.H.I.P.

A fund raising dance is planned for May 23 at the Community Center, Campbell's Bay. PANAC members are asked to bring food that can be sold during the dance.

Rolphton-Deep River Rally is planned for Saturday, April 25 to ask the nuclear demonstration plant at Rolphton be closed down because of its many leaks and the unsafe conditions under which it operates; this event is called, 'Rally for a Safe Energy of Future and Nuclear Disarmament.

The next meeting will be at the CLSC Bryson on May 13 at 7:30 p.m.

The meeting was adjourned on a motion by Greg.

Get involved... your ideas are important!

Last week's question has brought no replies. This could be interpreted in various ways. But the previous question received more attention this week and we have some suggestions for the good old Shawville Fair.

A better midway is being proposed. (Our spies tell us this is being taken care of.)

How about a tractor pull?

Could we build another grandstand?

Well, there you are, Fair Board, some ideas this week, and last week, to think about. From the letters in our "Letters from our Readers" column this week we can see that the new Shawville Fair President, Ken Kilgour, is full of ideas and intends that the 125th Shawville Fair should be very special.

This week's question is going to help us know what problems concern our readers most. The question is: What are your thoughts on the Canada Day Celebrations?

Get involved....

YOUR IDEAS ARE IMPORTANT!

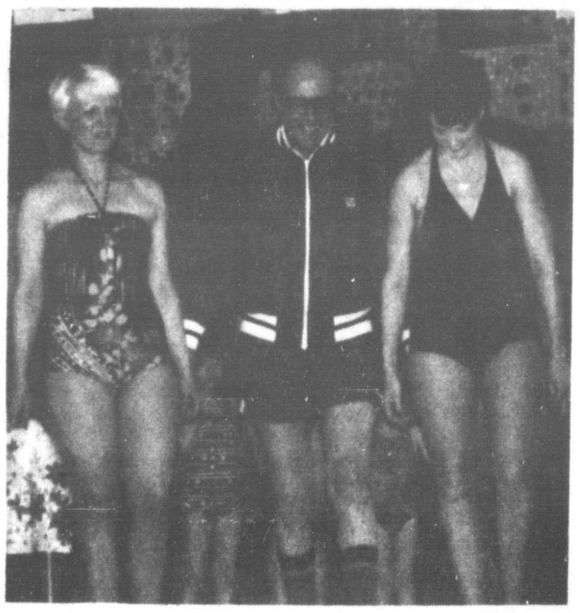
Parade of spring fashions

The Quyon United Church Women sponsored a most entertaining evening for all who attended the "Parade of Spring Fashions" on April 10th.

Spring styles from the J.P. Shop in Shawville were delightfully presented by littie one-year old Jeff Russell, Melanie McCann, Peter Kingsbury, Krista Ross, Ralph McColgan, Moira Horner, Sean Marks, Kelena Beattie, Beth Young, Mark Noonan, Susan MacKechnie and Eric Gibson. The Ladies Wear from Mariel Boutique was attractively worn by Ann Meredith, Shelley Campbell, Christine Lachapelle, Marina Webster, Heather MacKechnie, Brenda Young, June Smith, Mary Ellen Young, Charlene Graham, Ann Rogers and Shirley Young. Six fine gentlemen braved the scene and modelled for Arret 79 Men's Wear. They were Dean Howard, Davey Desabrais, Chris MacKechnie, Clayton Young, Dave Heatherington, and Ken Davis. The models completed their outfits with fine jewelry by Sarah Coventry, brought to the show by this area Fashion Show Co-ordinator, Mrs Sheila Dagg of Shawville.

Those present enjoyed the commentary given by Mrs Barbara Horner and the pleasing background organ music provided by Jim McGregor. The entertainment was greatly enjoyed by all which was presented by Charlene Graham and Garry Young with his son Troy and Shawn Findlay. House of Flowers donated floral donations. Mr George Murdock donated the carpet on the promenade. Garry Young donated his P.A. system and many people behind the scenes helped to make this evening a tremendous success.

Mark Noonan and Peter Kingsbury.



Charlene Graham, Ken Davis and Brenda Young.

Kelena Beattie and Beth Young.

Ann Rogers, Mary Ellen Young and Christine Lachapelle.

Forerunners of the modern railroad's steel rails were wooden planks, some faced with strips of iron.

Moved by C Cumming, seconded by R Perreault to support and send to the Federation this resolution from Tobacoo Growers Association:

Concerning the Crop Insurance Commission -

1- The protection covered under the present contract for all damages which reduce the yield-acre should be treated in the same manner as the commission now treats hail damage with respect to payment, change of contract, etc.

2- When the Crop Insurance Commission authorizes a grower to cut down or abandon certain fields, thereby reducing and altering the original contrct, then the Crop Insurance Commission should reduce the existing contract to read the actual acreage planted and growing; and not, as is at the present time, shows an acreage which is non-existant thereby reducing the yield-acre.

Moved by J Stewart, seconded by R Perreault: The principle although, not perfect, of a collective Crop Insurance Coverage by zones is supported. In that it will guarantee feed for livestock in years of complete crop failure. There are certain problems in the selection process of Crop Inspector, etc, who in many cases over estimate yields, etc. This matter should be reviewed at Federation Level. Of concern is the low number of Pontiac farmers who are applying for 1981 coverage. The government have advised that unless over 50% of Pontiac producers subscribe for this insurance now there will be no coverage offered to the Pontiac area for 1981.

Moved by D Lalonde seconded by J Stewart that the president, vice president, secretary (2 signatures of the 3) will be authorized to sign on the Bank Account at Bank of Montreal.

Different committees were formed:

1- Crop Insurance: Responsible Percy Zacharias. 2- Cow Calf: Responsible James Stewart. 3- Feedlots: Responsible Dave Lalonde. 4- Dairy: Responsible Jacques Lance. 5- Tobacco: Responsible Clayton Cumming. 6- Horses: Responsible Lee Hodgins.

Moved by D Lalonde seconded by R Vallières that $100. petty cash be allowed for stationnery.

Moved by J Stewart seconded by D Lalonde to make a donation of $25.00 to the Vinton Parish for the use of the Hall for the general meeting.

Moved by B Barr seconded by P Zacharias to adjourn the meeting.

Volunteers week

by Claudette Caisse

April 26 to May 2 is volunteers week.

In Chapeau where volunteer services have been provided for three years, activities will be organized in relation to this week.

On April 26, nomination of the volunteers of the year was held. Mrs Edith Robinson has been chosen for this title.

There will be an "open house" in Waltham, Chapeau and Sheenboro on April 29, from 1:30 to 3:30 p.m.

This "open house" will be the occasion for interested people to receive information on the volunteers Committee, its role its "Functioning", and its relations with the CLSC and with the CSSSO (Conseil régional de santé et des services sociaux) who finance the Committee.

People interested in taking part in the Committee can volunteer at these meetings.

On April 30, there will be a trip organized to Otter Lake. Participants will then exchange information with other volunteers on their work, the problems they are facing, etc. Twenty-three volunteers of the west Pontiac will participate in this event but they hope to bring other interested people with them. Up to forty five persons can participate. People who want to join the group can contact Mrs Edith Robinson 689-2585 in Waltham, Mrs Ramsay Isabelle 689-2607 in Chapeau, Mrs Myrtle Sullivan 689-2236 in Sheenboro or M and Mrs Laurence Gagnon 689-2828 in Nickabeau.

Finally, Friday, May the 1st, will be a holiday for the volunteers. On that day, there will be no transportation or visits.

YOUR GARDEN

The best time to prune a hedge is when the young shoots are nearing the completion of their growth. With many hedges, one trimming in spring is sufficient; with others, a second trimming can be necessary in late summer.

Ottawa Police folk and country band

The Ottawa Police Folk and Country Band supported the Pontiac County Loyal Orange Lodge in raising money for the Crippled Children Fund.

The band led by Mike Fahey as master of ceremonies and lead singer, was accompanied by Shawville's own Davis Hodgins on the violin. Mike Fahey's father also favoured the group by playing several selections on the violin.

After expenses the lodge was able to send a cheque for $600.00 to the Cripplied Childrens Fund.

After the show the group were entertained at the home of Mr and Mrs Versel Campbell where a delicious lunch was served accompanied by various stories of days gone by, especially life on the 7th line.

The band was well received and has found favour with the majority of Pontiac residents.

The appreciation of the lodge goes out to the Police for their co-operation in raising money for a worthwhile objective.

Pontefract Golf Club

The members of the Pontefract Golf Club are getting organized for a new season of their favourite game. They held a meeting on Wednesday, April 22nd, and have planned to meet on the third Wednesday of every month, which will be May 20th for their next meeting.

The construction of the pro shop has already begun and lockers are available as well as club storage. The management has announced that the putting greens and the driving range will be illuminated at night. Pamphlets describing the facilities were printed and distributed through the mail throughout the County.

The opening tournament will be held on Sunday, May 17th, but before that date there will be a pre-season tournament on May 3rd , teeing off at 10:00 a.m. The winner of this event will receive a free membership in the club for 1981. Also on May 6th the club will hold its first men's night.

Club officials are Guy Ladouceur, David Colton, Robert Soucie, Isidore Romain and Ginette Ladouceur. The meetings are open to all members and all interested persons are invited to attend the May 20th meeting at 8 p.m. at the Club.

Bristol W.I.

The April meeting was opened by Ruby Rusenstrom with a reading from "Serenity of the Soul".

Nine members were present, roll call was "Name your favourite vegeatable and how you serve it." The motto for Apirl is "The darkest hour has only sixty minutes".

It was decided that Margaret Russel and Ruby Rusenstrom would see Council re a donation for cutting of the grass and ask Ron Thomas to do the cutting.

The treasurer's report was read and a motion was made by Ethel Findlay and seconded by Edna Musgrove to send a donation to the Civic Hospital.

Convenors reports were read. Health and Welfare, Mrs Findlay re breathing exercises to help get to sleep. Agriculture, Ruby Rusenstrom re inflation and the family farm and an article about Jack Horner on high oil prices.

Refreshments were served by the hostess Mrs Claude Young.

Police Week

During Police Week this year the members of the Campbell's Bay Detachment of the QPF will be going to stores in the area to explain to owners how they can prevent theft and fraud. They have some helpful suggestions for everyone. They will also be continuing with their radar on the highways which has proved to be very useful as a deterrent to speeders.

The police find it interesting to note that most of the people caught in the radar traps are visitors to the area and not the local residents.

Another police initiative coming up in the near future is the regular spring school program put on by the police, this year with a difference. Const. Bob Martin has prepared a slide show about bicycle safety and theft prevention as well as bus safety and other matters of importance to young people, which has received certain acclaim in police circles. This slide show will be taken to every school in the Pontiac in the next few weeks, to be presented in French or English as the occasion requires.

Pathfinder news

by Pearle Hodgins

Boy! It's been quite a week for us! First all the Pathfinders were in Jesus Christ Superstar on Friday, April 17th. We had to cancel our meetings until then but it was worth it.

Then on Saturday, April 18th we went down and saw Anne of Green Gables at the National Art Center. We saw the 1:30 pm showing. It was really good but some places the play wasn't as good as the one the school put on. But that doesn't matter.

On April 23 we went to a banquet in Gatineau. It was fun and there was lots to eat.

On May 9th we are having an annual Spring Tea at the United Church. We are having many crafts. The Brownies and Guides are also involved. The Ladies Auxiliary are having a draw on behalf of us. In the draw there are two cases of coke, a ham, Black Forest Cake and other prizes. All are invited to attend. Posters will be put up over Shawville about the time.

The Pathfinders are planning a camping trip on the Victoria weekend. It is for one our our Emblems.

That's all for now.

The quicker you get your corn up, the quicker you'll get it out next fall. Your corn will be drier, test higher, and you just might beat a bad spell of late fall weather.
It all starts with selection of hybrids that shoot out of the ground fast, through the cool and wet weather of early spring. And keep growing into big, robust plants that can stand up to high winds and drouth, then deliver big girthy ears filled with high-test grain. Sound like your kind of hybrids? NOTES ON CROP PRODUCTION: NO. 1 FERTILIZER: With the ever increasing cost of fertilizer we must now more than ever before make the most use of our manure. One ton of cattle manure can supply: 10lbs actual (N), 5 lbs actual (P_2O_5), 12 lbs actual (K_2O). Applied at a rate of 20 ton/acres it would supply a substantial part of the fertilizer requirements to grow a good field of corn. However, it must be noted that unless it is incorporated into the soil within a short time, by discing etc., a large amount of the (N) in particular will be lost, eg: after 1 hour - 15%, after 2 days - 35%, after 2 weeks - 50%. It might also be noted that since 75% of the (N) used by cereal grains and corn is in the grain part of the plant, when applying commercial forms of (N), a small application at the time of seeding, followed by a main application when corn is 6 inches high or grain has passed the 5 leaf stage will provide most economical use of (N) and lower losses by leaching.

Aylmer Council meetings

The regular April meeting of Aylmer Council was attended by Mayor Patrick Asselin, councillors Jacques Crépeau, Gilbert McElroy, Constance Provost, Kenneth Lloyd, André Guay, Claude Desroiers, Raymond Poirier, as well as André Plante, André Boulrice, Jean Vachon, Denis Hubert and Hélène B Lavigne.

During the question period Mr Paul Monty wanted to know if the finance committee was still functioning and received an affirmative answer. G Field presented to Council a little cushion made by the Christ Church Association representing "Pirou", the mascot of the Quebec Games.

André Touchet brought to the attention of Council three matters which he had already noted: the stops on Foley street, the rule concerning the melting of ditches and culverts and the lack of information about the new evaluations.

Laurette Bergeron of the Mouvement Impératif Français wanted a progress report on the Farley house and suggested a lease should be signed with the town soon.

J.P. Cloutier wanted to know Council's intentions with regard to Chaudière road. Since the final decision granting the road to the town had just been received, Mr Plante was to study the next move to be taken.

André Touchet wanted to know the cost of installation of services in Maple Grove and was informed that an answer would be made available soon.

Accounts payable were approved for payment.

It was proposed by Jacques Crépeau, seconded by Kenneth Lloyd and resolved that a Hotel Symmes reserve be created to an amount of $42,000 for forseen improvements to Main Street at the Hotel Symmes site.

It was moved by Constance Provost, seconded by Jacques Crépeau and resolved that a Park development reserve of $120,000 be authorized to buy property to be used for municipal parks.

It was proposed by Raymond Poirier, seconded by Gilbert McElroy and resolved that Council authorize payment of the invoice from the Canadian Office Equipment Company for the purchase of a filing system for the town archives, withholding a thousand dollars until certain corrections in the equipment are made.

It was moved by Raymond Poirier, seconded by Jacques Crépeau and resolved that a contract for lamps be granted to the lowest bidder, being Guillevin Allied, and that the treasurer be authorized to pay the invoices within thirty days of receipt of the material to benefit from the 2% discount.

It was proposed by Constance Provost, seconded by Kenneth Lloyd and resolved that Council should call tenders for the construction of the chalet and other works in Lucerne Park. This motion was adopted on division with three Councillors opposed.

It was moved by Constance Provost, seconded by Jacques Crépeau and resolved that the necessary purchases be made for the pétanque field, improvements at Belmont Park, the soccer field, and the installation spectator benches for the Quebec Games. An amendment to delete the benches from the above motion was defeated and the oribinal proposal was approved with one councillor opposed.

It was proposed by Constance Provost, seconded by Jacques Crépeau and resolved that Council authorize the recreation service to enter into an agreement to rent the monastery auditorium for the presentation of three plays, at a cost not to exceed $600. This is for the Horizon Theatre productions which cannot be done in the CEGEP auditorium because of renovations there.

It was proposed by Constance Provost and seconded by Raymond Poirier and resolved that non-profit day care operations in community centers in Aylmer should be exempt from rent charges, retroactive to January 1, 1981.

It was proposed by André Guay, seconded by Kenneth Lloyd and resolved that Council appoint the director of recreation and Councillor Constance Provost to negociate a new agreement with the Polyvalente Grande-Rivière and the Outaouais Regional SChool Board regarding exchange of services.

It was moved by Constance Provost, seconded by Jacques Crépeau and resolved that Gilles Ghagon be engaged to replace the socio-cultural animator for a period for which the cost will not exceed the salary not paid to the animator.

Moved by Gilbert McElroy and Constance Provost and resolved that the finance service and the municipal court be authorized to move to 117 Front Street on May 15th and that the Mayor and Secretary be authorized to sign all documents required.

Requests for the use of land were approved on the requests of Marc Laplaine and Mrs Molly Laplaine, Albert Graveline and Mrs Francine Graveline, Lauréat Dorion, David Senecal, and Pierre Poirier.

Gilbert McElroy moved, seconded by Jacques Crépeau, and it was resolved to designate as archetectural heritage the Roy Street pump house, Christ Church, the Chamberlain house, McGoey house, Lebel house and Farley house, all on Aylmer Street.

Council also decided to instigate a traffic survey in the center of town, to pay $3,000 for an advertisement in Le Parchemin de l'Outaouais. They then took care of some personnel matters, decided to repair the sweeper, authorized the police to hold an auction, proclaimed April 5 to 11 as Air Cadets Week, and May 25 to 31 as post office workers week, signed over lot 16B-2 range 1 for tax sale, put out tenders for a fire truck, authorized Hélène Lavigne to attend the meeting of municipal officials in Pointe-au-Pic in June, cancelled the meeting of April 21, brought in a notice of motion for watering regulations, for business tax, and for the installation of drain pipes.

Aylmer Council held a special meeting on April 15th to take care of business which couldn't wait until the May meeting, mostly financial matters all of which are available at the Town Hall for anyone interested in the details.

Canada Council announces exploration grant awards

A total of $447,553 has been handed out by the Canada Council to 75 recipients who were chosen from among 430 applicants for specific projects in such fields as film, theatre, research and writing, music, photography, crafts and communications.

One of the recipients is Janis Stewart of Sussex, New Brunswick who has created 234 dolls of many kinds over the last two years, including a large number of historical reproductions. With her grant of $7,700 she will create portraits of five families who lived in New Brunswick at the beginning of the century, dressed in authentic costumes, integrated into a backdrop to form a wall hanging, all of which will be exhibited at city hall in Saint John and in various art centres in New Brunswick on the occasion of the province's bicentennial.

Another project accepted was that of Michel Doyon of Quebec City who has received a grant of $8,740 for research on the origin and rise of photography in Quebec City in the 19th century.

Erich Kich of Toronto receives $8,000 to write a book about the rise and fall of the CBC public affairs program "This Hour has Seven Days."

Judith Farrow of Frobisher Bay has received $10,430 for research on the role of Eastern Arctic plants in the traditional Inuit culture with the eventual intention to publish the results.

Jane Mather of Vancouver was awarded $15,300 to produce twelve scripts and production plans for a television series on landscape architecture through the ages.

Information about the Canada Council Awards can be obtained from The Canada Council, P.O. Box 1047, Ottawa, Ontario, K1P 5V8. Helen Eriks is head of the Exploration Program and Andrée Mennie is Public Relations Officer.

Kinsmen Skate-a-thon

On March 8, 1981 at the Shawville Community Center, the Kinsmen Club of Shawville & District, held a skate-a-thon to raise funds for the club with a percentage of all donations going to the Cystic Fibrosis Fund. Support of the Cystic Fibrosis Fund is a national project undertaken by all the six hundred twenty-six Kinsmen Clubs across Canada.

Thirty Kinsmen and Kinwives skated one hundred laps around the arena in one and one-half hours or less. Also a number of Kin Kids were able to skate and enjoy a lot of companionship. Participants approached citizens throughout the area for pledges. With the generosity of sponsors, the Kinsmen Club were able to raise five hundred forty-eight dollars for the Cystic Fibrosis Fund.

The Kinsmen Club of Shawville & District intends to make this an annual project to raise money towards the Cystic Fibrosis Fund.

Police Report

Cpl Claude Bouchard, Campbell's Bay Detachment Commander of the Quebec Police Force, reported to Shawville Council Monday night with some statistics and other information about his work. There are now 27 police officers including himself, his assistant Cpl Leclair, 20 patrol officers, one court officer, one public relations and community officer, Cst Bob Martin, three C.I. officers including Cst A Dulude for the Shawville area, and three office workers who are not police.

The Campbell's Bay Detachment also receives regular support services from Hull when needed.

In 1980 the Campbell's Bay QPF spent 11,000 hours on patrol to prevent crime and accidents, 3,500 of which were spent patrolling in the villages.

Cpl Bouchard's philosophy is that the first goal of the Police is to serve the public by diminishing the number of accidents and preventing and solving crimes. He feels that his staff has increased in efficiency during the past year due to the fact that none have been transferred away so they are all learning more and more about the area and therefore how best to serve the people here. He said that the relationship between the police and the communities here has improved tremendously in the past ten years. Some credit for this has been given to the participation of the police in the sports activities and their general support of all local events. Credit is also due to the personalities of Bouchard's staff and the growing recognition of the public that the police are intent on service and require cooperation.

Some statistics of interest show six accidents causing injuries in Shawville last year and only one in the first four months of 1981, and 41 accidents causing damage to property in 1980 with 11 thus far this year. The same comparisons for the whole County show 77 with injuries in 1980 and 17 thus far this year, 406 with damages in 1980 and 104 thus far in 1981. Also there were 11 fatal accidents in Pontiac in 1980 and one reported during the first four months of 1981.

Other County statistics for this year from January to April show two armed robberies, (Norway Bay and Rapides des Joachims), 21 break, enter and thefts, 5 break and enter with no theft, two thefts of outboards and 32 other thefts. There were also 4 cases of suspected arson, one sex offense, 19 cases of property damage, one established case of fraud with four more probables, seven auto thefts which includes motorcycles, snowmobiles, cars, trucks, ten drug offenses (no hard drugs just marijuana, hash and pills), eleven hit and runs and 14 assaults.

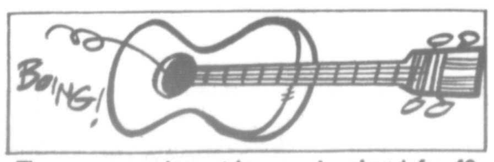
The percentage of solution of crimes in the Pontiac is 20% over the national average. It was 51% in 1980 and thus far in 1981 the percentage of crimes solves is 61%.

For Shawville alone the statistics for January to April 1981 show no armed robberies, three break, enter and thefts of which two have been solved, two break and enters with no theft, eight other thefts (that would be of things outside where the thief doesn't have to break in to get them), no arsons, no sex offenses, 6 cases of property damage which the police are still trying to cut down by regular patrolling, no cases of fraud reported, no auto theft, which they believe may be partly due to the regular surveillance of parked cars and the yellow cards the police have been putting in cars to remind drivers to lock them, four drug arrests in Shawville (but not Shawville citizens), one hit and run and three assaults.

Last Wednesday in Campbell's Bay Court Marcel Francoeur of Bramalea was charged with attempted murder and was sent to Pinel Institute in Montreal for 30 days mental examination. He will appear in court in Campbell's Bay again on May 20th. The report of stabbing last week should be amended to "attempted stabbing".

Numerous breakins are now being reported to police which actually took place during the winter. As cottagers return to their properties they have been discovering thefts in the Ladysmith, Norway Bay and Allumette Island areas.

No serious accidents have been reported over the past weekend, which honestly surprised the police considering the great number of vacationers on the roads during the great weather. And because of the great weather the police would like to issue a special warning to fishermen to please wear life jackets and to please not overload their boats, and to please not leave valuables around to tempt potential thieves. The police would prefer to spend their time and effort on prevention rather than in investigating drownings and thefts.



The average guitar string can be played for 40 hours before breaking.

Rick Young
unique member of Plattsburgh hockey

Shawville native Rick Young is a unique member of the Plattsburgh State hockey squad. In his first year with the Cardinals, Plattsburgh finished the 1978-79 season with an awesome 26-3 overall record – but was knocked out of playoff action in the semifinal contest. Rick transferred to nearby Canton Agricultural and Technical College in 1979-80, where his team went to National Junior College championship action – and the defenseman was named to the All Tournament NJCAA team. And this past year when Rick decided to return to Plattsburgh State, the Cardinals won the ECAC II West championship trophy, then went on to compete in the National Division II Ice Hockey championship – and emerged the second-best team in the United States. Not a bad record for a junior!

Rick has been a dynamic, talented player since before his highschool days under Bryan Murray at the Pontiac Protestant High School. This year was no exception, and the junior finished in sixth place on the Cardinal scoring list (first among defensemen) with 12 goals and 22 assists for 34 points, and an average of 1.1 points per game. Rick was also selected to the ECAC II West Second Team for 1980-81.

The Marketing major has skated on the power play as well as on the penalty killing squad, and opponents have learned not to skate too near the defenseman when the Cards are a man down. Rick is becoming known for his patented short-handed scoring – his freewheeling style that breaks up the unsuspecting puck carrier, the skillful deking of a hapless goalie, and that jubiliant jump for joy at the redlight.

Rick started out the Cardinals on the right foot from the opening game of 1980-81 with the goal that broke Division I Clarkson's back on October 25 – and from there on, Rick was off and flying. Plattsburgh is fortunate to have this experienced, "offensive defenseman" back for one more year of exciting hockey in 1981-82. It's never too soon to look forward to next season!

Rick is the son of Ray and Beverley Ann Young of 409 Center Street, Shawville.

Lettres

Cher Editeur,

Le gouvernement du Québec, par son projet de loi 101, veut imposer la francisation de la langue au Québec pour toutues les maisons d'affaires.

Cela est de la pure dictature.

Cela peut aller bien dans les comtés unilingues français mais ici dans le Pontiac cela est un non sens avec la population mixte.

Malgré cette loi inique, les maisons d'affaires du Pontiac devraient faire front commun et refuser d'optempérer a cette loi inique.

C'est dommage que tout le monde ne fassent un acte de solidarité et par la voix de tous les gens du Pontiac - par quelques organismes que ce soit - faire savoir au gouvernement un franc "NON" à la loi 101.

Certes il faudrait une concertation de tout le peuple du Pontiac, pour se faire valoir, et faire savoir à ce gouvernement qu'on en a assez de leur dictature.

Un autre moyen peut-être pour conserver l'anglais, serait pour les gens d'affaires du Pontiac, si cela n'est pas trop coûteux, ce serait de faire des enseignes bilingues. Il s'agirait d'y penser pour un bout de temps.

Merci et bien à vous,

Ernest Godin, Bryson, Qué.

Les nouveaux spécialistes de la promotion

Un médecin de Winnipeg se demande à quels petits jeux s'adonnent les bureaucrates de la capitale de la nation qui lui ont récemment envoyé une enveloppe au contenu pour le moins bizarre.

Après l'avoir ouverte, notre médecin y a trouvé un dépliant quatre couleurs, sans aucun doute l'oeuvre coûteuse d'une prestigieuse équipe de spécialistes, dans lequel on chantait les louanges d'un rapport sur la médecine préventive préparé suite à une directive de la Conférence des sous-ministres de la Santé du Canada.

Ce chef-d'oeuvre de littérature promotionnelle décrit avec un luxe de détails le contenu de la "monographie de 198 pages" et cite les critiques favorables qu'elle a suscitées de la part d'éminents praticiens et rédacteurs de revues spécialisées faisant autorité en la matière.

Il est manifeste, ainsi que peut en juger notre médecin, que des armées de bureaucrates d'Ottawa ont consacré beaucoup de temps, d'efforts et d'argent des contribuables à ce projet, pour garantir que le rapport reçoive une diffusion aussi vaste que possible.

Tout cela est probablement raisonnable, si l'on considère le fait que la médecine préventive, par son rôle comme moyen de réduire les dépenses de santé, est en train de devenir une question de plus en plus importante au Canada.

Le magnifique dépliant adressé au médecin de Winnipeg comprend également une formule de commande (veuillez écrire en caractères d'imprimerie . . .) sur lequel l'intéressé est censé indiquer son nom, sa firme et son adresse (ville, province, etc.).

On peut notamment y trouver plusieurs cases dans lesquelles il est prié d'inscrire le montant en dollars qu'il joint à sa commande, ou d'indiquer son numéro de carte Visa ou Master Card.

Les auteurs de la circulaire n'ont évidemment pas manqué de préciser, à un endroit figurant bien en évidence et en termes parfaitement clairs, que les commandes doivent être "payées d'avance" par mandat postal ou chèque établi à l'ordre du Receveur général du Canada.

Le problème que le médecin n'arrive pas à résoudre est le suivant:

"Je note avec intérêt que le prix de cette publication n'est indiqué nulle part. Je constate également que la commande doit être accompagnée du paiement."

Il nous dit qu'il aimerait savoir "combien cette nouvelle bévue des bureaucrates va encore coûter aux contribuables canadiens."

C'est une question à laquelle il vaut la peine de réfléchir, en particulier à un moment où les bureaucrates se lancent à fond (et jusqu'à présent à fonds perdus) dans de grandioses projets de "promotion".

Visite à Otter Lake

Le 30 avril, il y aura un voyage organisé à Otter Lake afin de rencontrer les bénévoles de ce secteur. Ce sera alors l'occasion pour les bénévoles d'échanger sur leurs problèmes. On espère avoir 45 participants du secteur ouest à cette rencontre. Les 23 bénévoles de ce secteur y assisteront. Les personnes intéressées a se joindre au groupe peuvent contacter Mme Edith Robinson 689-2585 à Waltham, Mme Ramsay Isabelle 689-2607 à Chapeau, Mme Myrtle Sullivan 689-2236 à Sheenboro et M et Mme Laurence Gagnon 689-2828 à Nickabeau.

Vendredi, journée de repos

Enfin, veuillez prendre note que vendredi prendre note, le 1er mai sera journée de repos pour tous les bénévoles. Il n'y aura ni transport, ni visites cette journée-là.

Bibliothèque municipale dans l'ouest du Pontiac

Plusieurs personnes étaient présentes lors d'une rencontre le 31 mars dernier à Chapeau pour discuter de l'établissement d'une bibliothèque municipale dans ce secteur. Ces personnes représentaient des clubs sociaux, les municipalités, des organismes. Il y avait également un représentant de la Bibliothèque centrale de prêts de l'Outaouais (B.C.P.O.), M. Jacques Clément.

Avant cette rencontre, une pétition avait circulée et avait recueilli 400 noms, soit 18% de la population du secteur ouest, de personnes intéressées à participer ou à utiliser les services d'une bibliothèque permanente à Chapeau.

George Beauchamp, travailleur communautaire au C.L.S.C. à Chapeau, a débuté la rencontre en remerciant les gens d'être venus à cette rencontre, soulignant ainsi leur intérêt à établir une bibliothèque dans la région.

La population du secteur ouest reçoit présentement les services du bibliobus de la B.C.P.O. Mais ce service devra être discontinué à compter du 31 mars 1982, à cause de son coût. La bibliothèque entraîne moins de coûts. Les municipalités participantes doivent trouver un local, l'aménager et former une équipe de travail pour faire fonctionner la bibliothèque. La B.C.P.O. s'occupe de former les personnes de l'équipe de travail et de fournir les livres, disques et jouets éducatifs.

La bibliothèque coûts aux municipalités $0.80 per capita alors que le bibliobus coûte $1.50. Alors que le bibliobus venait une fois par mois, la bibliothèque pourra être ouverte plus souvent, selon ce que décideront les municipalités.

La cotisation demandée aux municipalités pour le service d'une bibliothèque ne correspond qu'à 20% du coût réel. Le ministère des Affaires culturelles subventionne la B.C.P.O. pour l'autre 80%.

M. Joseph Duquette et M Jean-Louis Brizard de la Commission scolaire de Pontiac ont dit être prêts à offrir un local à l'école Immaculée Conception à Chapeau, à compter du 1er août 1981. La Commission scolaire pourra également fournir le matériel nécessaire comme bureaux, chaises, tables, etc.

Pour ce qui est de l'aménagement du local, les municipalités donneront un certain montant per capita afin de couvrir les dépenses comme la fabrication d'étalages.

Les municipalités de Chapeau, Waltham, Chichester, Ile-aux-Allumettes et Sheenboro devront également passer une résolution appuyant l'établissement d'une bibliothèque à l'école Immaculée Conception et l'arrêt du service de bibliobus.

Pour plus d'informations, contactez le C.L.S.C. à Chapeau, 689-5080.

Déjà un feu de forêt

L'hiver est à peine termine que déjà la Société de Conservation de l'Outaouais a combattu son premier incendie de forêt pour la saison 1981.

Ce feu, découvert le 26 mars dernier, a détruit une superficie de 0,4 hectare dans une érablière près de St-Jovite. Depuis la formation de la Société, c'est la première fois qu'un feu est combattu si tôt en saison. Un autre feu, plus petit, a été découvert le 29 mars dans la région de Labelle. La saison de protection pour la Société de Conservation de l'Outaouais est donc belle et bien entreprise, car en date du 22 avril 15 feux ont été combattus, dont trois dans la région de Fort-Coulonge et de L'Ile du Grand-Calumet.

On se rappellera que depuis deux ans la Société a connu des saisons relativement tranquilles. En effet, en 1979, seulement 106 feux avaient été combattus détruisant un total de 85 hectares. L'année dernière 173 feux ont détruit 238 ha. Evidemment ce furent là des années exceptionnelles puisqu'en moyenne la Société combat 300 feux par année sur un territoire de 80,000 jmé. Comment sera la saison 1981? Personne ne peut le dire, trop de facteurs viennent influencer le milieu forestier pour qu'on se risque à prévoir. Chose certaine il faudra être prudent.

En fait c'est dès maintenant qu'il faut agir avec prudence en évitant par exemple de faire des feux d'herbe qui sont souvent à cette époque, à la source de plusieurs feux de forêt. Ces feux d'herbe sont inutiles et dangereux et certaines municipalités vont même jusqu'à les interdire. Soyons vigilant; l'environnement forestier mérite qu'on le protège en prévenant les feux de forêt.

Pour rapporter un feu de forêt à la Société de Conservation de l'Outaouais vous n'avez qu'à téléphoner, sans frais à 1-800-567-1206 à Maniwaki, à 1-800-567-1208 pour la région de Wakefield ou encore à 1-800-567-6742 à St-Jovite.

La loi et le mineur

Contrevenir à la loi, pour un mineur, est-ce grave? Est-ce qu'un dossier de délinquant est complètement "effacé" lorsque le jeune atteint ses 18 ans? Est-ce que les délits de mineur peuvent porter à conséquence une fois que celui-ci est devenu adulte? Voilà autant de questions importantes qui demandent une réponse claire et précise.

Afin de mieux sensibiliser les moins de 18 ans et leur famille à la réalité du jeune face à la justice et aussi afin de mieux les renseigner sur les conséquences possibles de "leurs délits de mineurs" sur leur vie d'adulte, la section Jeunesse de l'Aide Juridique ainsi que tous les autres bureaux d'Aide Juridique à travers le Québec participent à une vaste campagne d'information par le lancement officiel d'une brochure qui s'intitule "La Justice à de la memoire..."

Cette brochure est actuellement distribuée dans les écoles, cegeps, polyvalentes, et au bureau d'aide juridique.

"Un monde qui bouge"

Il y aura un "open house" à Waltham, Chapeau et Sheenboro le 29 avril, le 1h30 à 3H30.

Cet "Open house" a pour but de permettre aux personnes intéressées de rencontrer des membres du Comité Bénévolat. On pourra alors obtenir de l'information sur le Comité, son rôle, son fonctionnement, son lien avec le CLSC, avec le Conseil régional de la santé et des services sociaux qui finance le Comité.

On procédera alors également au recrutement de nouveaux bénévoles.

MICROWAVE OVENS

Here are some tips from the home economists at Whirlpool Corporation to help you use your microwave oven more efficiently and safely.

Lifting the cover of a utensil—Covered utensils are used a great deal in microwave cooking because covering food with plastic wrap, waxed paper or glass lids aids in cooking food more rapidly and more uniformly. However, there may be a buildup of steam beneath the cover. To avoid the possibility of a potential steam burn, don't lift the lid straight up or toward you. Get into the habit of tilting the lid away from you so that the steam can escape away from your face and hands. When using microwave safe plastic wrap, which forms a very tight seal, cut a slit in the top to allow some steam to escape, and again, lift the covering away from you. If you use plastic cooking bags, they too should be slit before opening. Thin plastic sandwich bags should not be used in the microwave oven.
