Shawville Kinsmen meet

Several members of the Pembroke Kinsmen Club met in Shawville last Tuesday evening with local men interested in forming a new club in Pontiac. More than twenty people attended the meeting to hear about the many advantages Kinsmen enjoy.

A former Shawville resident, Darrell Tubman, who is the chairman of the external expansion committee of the Pembroke Club was quite pleased with the response shown. So far eighteen men have indicated their interest in forming a club in the area.

Ron Pleau, deputy governor for Kinsmen Zone two north, and Nelson Ettinger of Ottawa, director of Kinsmen district six described the structure and history of the Kinsmen organization. Founded about sixty years ago there are now six hundred and forty clubs in the entirely Canadian organization.

Blake Smith of Pembroke gave a slide presentation showing many of the activities that the Pembroke Club engages in over the year. These include dances, bingos and a variety of tournaments - golf, curling and hockey. Special projects are participation in the annual carnival, building an indoor swimming pool and adventure playground, and funding research in cystic fibrosis.

There will be another organizational meeting at the Pontiac House, Tuesday evening, February 26th. According to Darrell Tubman, all those interested in seeing a Kinsmen Club formed in the area are invited to attend.

Referendum ...

The Quebec Federation of Labor has decided to hold a special congress in Quebec City in April at which time the three thousand delegates will draft a resolution on whether the 320,000 QFL members should vote yes or no on the referendum.

Overwhelming victory for Tom

Lee Lefebvre cuts the cake presented to Tom Lefebvre at Shawville last week during a special ceremony at which he, in turn, presented certificates to special Liberal Party faithful workers. The "Good Luck" message on the cake came true Monday night as Tom's total votes came, once more, to over four times those of his nearest adversary.

As usual, THE EQUITY has collected the results from each poll in Pontiac County, and this time we've listed La Peche as well because it contains parts of old Pontiac and is of interest here as well.

With a clear majority in the House of Commons, the Liberal Party will now resume the governing of Canada and once more Pontiac's Member is on the Government side.

Your CLSC wants to know

Are you interested in daycare or homecare

More and more, the mothers of young children regard decent good quality child care as an essential need. For women who work either full or part time, such services have really become a vital necessity.

In at least two sectors of Pontiac County, those of Fort-Coulonge and Shawville, groups of women have asked for help to develop such services in their areas.

The child care policies of the Ministry of Social Affairs provides for two basic kinds of services: family care and day care.

Family care involves the creation of an agency which acts as liaison between the Ministry, parents and the families who care for the children. The agency, which could be a CLSC, a parents' group, etc. would determine the norms, would choose and supervise the families, would take in the subsidies from the Ministry, pay the families who care for children, etc.

On the other hand, a day care centre is usually started by a group of parents who become incorporated so as to undertake the necessary procedures with the Ministry and to obtain the available subsidies to create the centre: to start up the day care centre, to buy the necessary equipment, etc. Once the centre is functionning, the Ministry continues to subsidize the parents of the children at the centre, based on a Ministry sliding scale (based on the parents' income). The subsidies for parents are the same for both kinds of care. The obvious advantage of a day care centre are the many programmes which can be developped for the children in comparison with a single woman at home who takes care of, at most, four children. However, a day care centre is probably only possible in the larger towns of the area.

The Pontiac CLSC is organizing two information meetings for all those who might be interested in developing child care services (whether family or day care) in the region. Resource people from the Ministry will be invited to answer all questions. The CLSC is ready to collaborate with any group which is created in order to develop the kind of child care which it desires.

The first meeting will take place at Fort-Coulonge on Monday, February 25th at 7:30 p.m. at the CLSC. The second will take place in Shawville on Tuesday, February 26th at 7:30 pm at the Pontiac Protestant High School. For any information, phone at the CLSC in Fort-Coulonge at 683-3000.

150 jobs at Westinghouse in Renfrew

The good reputation that people from the Pontiac have always maintained with employers should be useful in obtaining employment at the new Westinghouse plant which has been approved for construction in Renfrew.

The plant will be constructed on O'Brien Road adjacent to the Blue Bell plant in the industrial park. Engrance to the Westinghouse factory will be off Wrangler Road.

After the first phase of construction is completed about 130 employees will be trained at the site. Next year a second phase is planned which will eventually employ 450 people, around 1984.

The factory will manufacture turbine generators which will be loaded onto railway cars on a spur line from the CPR main line on the site.

There is a large number of applicants at the Canada Manpower offices in Renfrew, many of them specifically asking for jobs with Westinghouse.

Pontiac Council

At the regular meeting of Council held in Luskville at 20:00 hours on February 4, 1980 those present being: His Worship the Mayor, Marcel Lavigne, Councillors: Kenneth Bronson, James Stewart, Bernard Armitage, René Vaillant, Glen Nugent, Absent: Michel Grenier, and equally present the secretary-treasurer.

Agenda- Moved by Glen Nugent seconded by Bernard Armitage and resolved that the agenda be approved as presented.

Minutes- Moved by Kenneth Bronson seconded by René Vaillant and resolved that the minutes of the meeting of January 21, 1980 be approved as circulated.

Ratepayers: Agricultural Zone- Mr Marquis asked council to support his request for revision of the decision by the Commission de Protection du Territoire Agricole.

Moved by René Vaillant seconded by Glen Nugent and resolved that since lots are built on each side of lot 5A-6 range 6 Eardley Sector presently owned by Mr Eugene Marquis and since that parcel is unsuitable for agriculture, Council supports his appeal to the Commission de Protection du Territoire Agricole, to allenate that lot and transfer his acquired right to the eventual buyer.

Mr Leon Alary use of Community Center- Mr Léon Alary, speaking for the Cercle Socio Culturel, the Blés d'Or and the Optimistes, presents this joint recommendation from the three organizations as follows:

To the Municipal Council of Pontiac:

Considering that after a trial period before the official opening of the Community Center of Pontiac, new definite rules should be established by council for the management, usage and maintenance of said building;

Considering that in the Luskville sector alone, there are three non-profit organizations where total membership is 150 and growing and are there for all the electors;

Considering that these people, besides being tax payers, contribute enormously in services to all the municipality as well as the center;

Considering, that besides all their voluntary work, their activities lend prestige to the community;

Considering that other local organizations, Caisse Populaire, Recreation, Octagone Club etc.. help in their respective categories to the well being of the community;

I is recommended by the Optimistes, the Blé's d'Or and the Cercel Socio Culturel that:

1. The community center be of priority, accessible to all the organizations of this sector for their non-profit activities.
2. The usage of any room, according to the needs of the organization, be free of charge.
3. A new committee be formed immediately with a representative from each organization and that they have the right to consultation and decision with municipal authorities in the study, formulation and enforcement of any subsequent administrative policies concerning this building.

We assure the municipal council with pride, that all our associations are open to the good intentions of this growing community, and that our goals will satisfy first and always the best element possible, and to aid personal development in a healthy and promising civism.

It would be regretable that this 'realization' being needed and desired for so long be given a monetary and material vocation when the population expected a cultural and fraternal center.

If the authorities furnish the tools and the means, we promise dividends, renouned honour and general well being.

Respectfully and Friendly,
Cercle Socio Culturel, Madeleine Perrier, Ble d'Or, Leon Alary, Optimiste, Yves Cregheur.

The Mayor made comments and translated the presentation for English speaking councillors. Councillor Vaillant suggested that a minimum charge be levied. After a great deal of discussion back and forth.

Casino in Gatineau mostly for Americans

The Mayor of Gatineau is coming to an agreement with Mr. Gerry Polinski of the U.S.A. with regard to having a gambling casino established in Gatineau. A final decision is to be made by the Quebec government by mid-April.

The people seeking to set the gambling casino in Gatineau say that three quarters of the clientele will be Americans, one fifth will be from Europe, and the last five percent will be Canadians. Organized and free travel to and from the casino will be provided by the enterprisers. The high rate of unemployment in Gatineau has been a factor in persuading the Gatineau Mayor to encourage the setting up of a casino in his town. It is considered that the project will employ 2500 people and bring five million dollars a year in taxes to the city. The casino will include 139 gaming tables and two thousand coin machines!

Now they tell us not to file

TP-6 is a new form to use for special tax deductions in Quebec. If yours hasn't arrived it could be in the mail. More than a hundred and fifty thousand forms are said to have been sent out to all property owners who filed tax returns last year.

It's for a new deduction which should allow for refunds of around two hundred dollars when filled out and attached to Schedule 15 with the 1979 tax return. Each tenant is supposed to receive a TP-6 from their landlord before February 29th, replacing the old school tax rebate.

If this isn't entirely clear, you can call the special information center the government has established in Montreal. The number there is 514-873-4825 or 514-813-2611, or you can try through Zenith, if you can get an Operator. The Zenith number is Zenith 6-6360.

NOW LET'S GET DOWN TO SOMETHING SERIOUS

The election is over and it almost looks like the snows will finally fall so nothing is left to prevent us from enjoying the full fun of the winter carnivals. There's one in each corner of the Pontiac. Some are over already, some are still to come, and as we read this some are taking place right now. Take the Shawville Carnival for instance.

Not willing to continue in the same pattern year after year, the Shawville organizers keep trying to come up with something new. This year they have set up a team system, arbitrarily dividing the territory north and south, east and west using the traffic light corner of Main and Center as the demarkation line. Each team has a color so if you live north-east of the traffic light you are automatically on the blue team, south east is the red team, south west is the yellow team and north west is the green team.

Just by participating in an event you make points for your team and if you win, place or show you make more points. When you buy your twenty-five cent team button your team makes a point and when the whole carnival is over the team with the most points is, of course, the grand carnival champion .

Since there is a way for every person to take part in adding to the points of their particular team, and since everyone in Shawville and District is automatically on one or the other of the four color teams, this seems like a sure fire way of making sure that all can join in the fun of the carnival. Watching the events can be as much fun as taking part in many cases - starting tonight with the basketball game at 7:30 in the high school when the Pontiac Peaches take on the Pontiac Old Timers Hockey Team, and right on through until Sunday night with the big cash draw to raise money for recreation facilities in the area.

All in all, we feel that it's high time for some serious fun and now that all that election tension is over, let's get right down to it.

The Equity

Dear Sir,

We have all kinds of respect for your paper because we honestly believe you try to inform the population of the County of Pontiac to the best of your ability and using information you do think is as accurate as possible.

However, on the paper published on February 13, 1980, there was an article which troubled our Municipal Council, that was the one on the Pontiac Tenants by somebody from the CLSC. This government entreprise is doing a wonderful job in the County but we believe that corrections should be made since we do not know how they got their stats and we know for sure that in the Village of Bryson, dwellings without facilities are inexistant. It seems to see 16% of the dwellings without water service and 31% without a bath or showers.

As Municipal Officers, we realize that tenants would need a Rental Board, but when statistics on dwellings facilities are used or given, we would appreciate the concerned persons to at least verify with the Officers on the accuracy of their findings.

It is hoped the letter will be looked at as a positive action by our Municipal Council.

Yours truly,
Jean-Guy Lallemand

A LETTER TO THE EDITOR

I want to thank all my friends, young and old, who were so kind to me when I was in the hospital. I appreciated your visits, your good wishes and your generosity far more deeply than I can express.

All this kindness as well as the gentle nursing care have brought me back to good health, and I am again looking forward to participating as before in this community that I love so well.

The wealth of kindness and good wishes given, as always, supports my conviction that this is the best place in the world in which to live.

THE EQUITY,
LETTER TO THE EDITOR:

SUBJECT: Who gains - Feb. 6, 1980.

Who gains, who will lose in the 1980-1990?

A reminder to THE EQUITY editorial, relating to the announcement made by Jocelyne Ouellete Provincial Minister for Public Works of a bridge connecting Great Calumet Island to Fort Coulonge. We read and listen to comments about Rapides des Joachims, 275 inhabitants in isolation who have no way out of Quebec, just one bridge to Ontario for whatever there needs may be. Public support from the media have all but convinced politicians to have highways via Maniwaki and from Sheenboro to Rapides des Joachims connecting this small but dedicated little town all the way to Temiscaming.

Almost every town you look at in Pontiac has geographical choice of travel to highways north, west, east or south, to good paved highways at their doorstep to leave at a northerly direction and come back returning from their destination by different routes. Great Calumet Island for its 1000 plus inhabitants has also only one bridge one way in, one way out. For all communications, to get to work, medical service, buy and sell farm and bush products and for people who like to come as tourists or on social visits. Residents from Fort Coulonge and Le Calumet have already paid for this bridge driving around a 30 mile detour since the 1880's, an added expense to the cost of living.

It's my honest opinion that small businesses on Calumet Island can compete like any other small towns bordering highway 148 in Pontiac with great success. I ponder how an editorial would read if our only bridge for some unknown reason collapsed. Calumet Island needs two more bridges, one to Fort Coulonge, one to Ontario for the benefit of all Pontiac.

Petitions for a second bridge have often been made. Our oldest residents will tell you without any referendum or political considerations on their minds. They now have a promise of a dream come true. Who intends to take it away?

Joseph Lagarde.

P.S. Where will the million dollars be spent if we don't get the bridge?

Grist and miscellaneous items

The minimum salary in Quebec will be increased by 18 cents to $3.65 an hour starting on April 1st. The increase was announced by the Quebec government last week. The minimum hourly wage is now $3.47.

On his rounds electioneering for the NDP, Jean-Pierre Paillet has reported that the most often heard complaints in this riding are unemployment and taxation. Well, taxation is something we just have to live with it seems, but there is something we can do about unemployment and that is to make sure that every time we spend money we ask ourselves if it is helping to keep people in Pontiac at work. If, for instance, we have our printing done outside the County we are not creating work for our local people. Fourteen people work for Pontiac Printshop now. If County firms would use the Pontiac Printshop for ALL their printing, three or four more jobs would be created in this one plant alone.

This year the Shawville Agricultural Fair will hold an all-breeds fun dog show, Sunday afternoon in the arena. Anyone interested in helping should contact Heather Dickson at 647-2204 or 647-3137.

The community radio station being organized at Maniwaki has received a grant of $112,500. Radio Pontiac has also received various government grants, none that big but nevertheless very useful. However they still need quite a large sum to acquire all the necessary equipment and have planned to hold a significant campaign for funds later this spring. The support of the whole of the Pontiac will be needed to "Get Pontiac on the Air".

Levesque is said to have "dropped the hint" that the referendum will be either the first or second Monday in June.

Jim Witol who is an associate actuary with the Canadian Life Insurance Association has said that he thinks at some ages and on some policies the mortality figures could justify discounts of around 10 per cent on life insurance for non-smokers. Three insurance companies already offer discounts of three to nine percent on whole life insurance coverage to non-smokers.

The Shawville Rotary Club is again hosting an exhibition of paintings and drawings as part of the Pontiac Cultural Festival. Any artists from Pontiac who would like to participate in the exhibition which will be Thursday, May 8th to Saturday, May 10th, should contact Rene Latreille in Shawville at 647-2803.

Thought you might like to know that Prince Charles will be in Canada from March 30 to April 3, acting in his role as president of the International Council of United World Colleges. He will visit Pearson College of the Pacific in British Columbia and will also spend one night in Ottawa.

With regard to the obituary of Mr John Turgeon which appeared in THE EQUITY last week, we are now informed that there is also a surviving sister, Adriene, Mrs John Dillon, of Montreal, in addition to those in last week's report.

Anyone interested in an Adult Education Art Class in Shawville, beginning Monday, February 25th should phone Lila Hewitson at 647-5605. The teacher will be Mrs. Elke Wills. A pottery class will also be given starting on Wednesday, February 20th.

The cost of living has doubled in nine years according to Statistics Canada. Just thought you'd like to know.

A footnote to the Three Mile Island nuclear debacle - the operator of that power plant has paid without protest a $155,000 fine for safety violations!

Among featured harness horses racing on the ice during Ottawa's Winter Carnival was Skyline Glory, owned by Mr and Mrs Russell MacNevin of Luskville.

We have heard that a regional abattoir will be built starting this spring. Where? Our wish would be Pontiac of course but our bet is Gatineau.

Deadline extended for frenchification

Companies employing between 50 and 99 workers that were supposed bo have completed their frenchification questionnaires by February 15th have been given a one month extension by the Office de la Langue Française.

The reason for the extension is because the questionnaires were mailed out late from Quebec, delayed by the civil servants' strike.

These questionnaires are supposed to provide information about the ownership, management and language of business of the companies. The Government of Quebec has categorized the small and medium-sized businesses into thirteen groups, each of which will have a different schedule of frenchification, so as not to overload the work of the Office.

Of the estimated 2,200 companies involved, returned questionnaires have been received from only 200 thus far. This initial form is simple and creates no problem for the firms but the next stage will be more difficult, being a linguistic analysis, due by August 15th. One firm in this category has estimated that it will take the equivalent of a full month's work by a fairly senior employee.

Those businesses which will be required to fill in these forms this year include retailing, construction, transport, hotels and restaurants, communications, paper wholesale, food and beverage manufacturing, financial institutions, personal and miscellaneous services, insurance firms and brokers, real estate, agriculture, mines and quarries and textiles. Businesses in other categories will be required to complete the forms by February 15th, 1981.

Help us control Unemployment Insurance costs.

Employers and personnel/payroll people – you can help us control unemployment insurance costs. How? By completing the Record of Employment form more accurately.

There are more than 650,000 employers in Canada. That's why even minor inaccuracies can add up to a lot. Last year, due to inaccuracies on the Record, there were over $100 million in unemployment insurance overpayments.

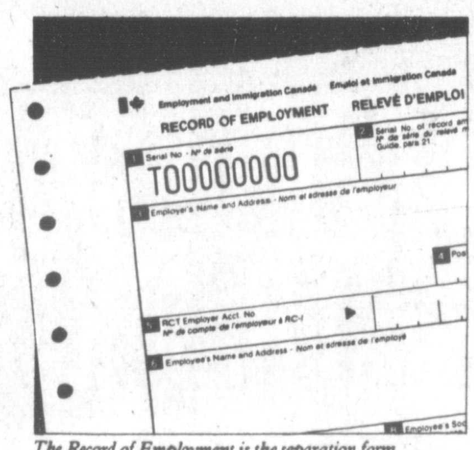
To help improve accuracy, we have introduced a new Record of Employment form. It is more detailed. And it is closely controlled by serial number. By filling it in accurately, you will help prevent underpayment or overpayment of unemployment insurance claims.

Use this guide to help us eliminate inaccuracies on the Record of Employment.

A guide, "How to complete the Record of Employment," is available to all employers. And we have instructed the people at Canada Employment Centres to pay special attention to your requests for information.

You can help us by ensuring the Record of Employment is completed accurately. Please make certain your personnel/payroll people understand the importance of the Record of Employment. It is the most important form in Canada's unemployment insurance program. It's so important, in fact, that prompt and accurate completion of the Record of Employment is a legal requirement.

If all Canadian employers help in this effort, we can improve control of Canada's unemployment insurance program.



The Record of Employment is the separation form employers must complete whenever an employee's job ends. It's needed to file a claim.

Lettre à l'Editeur
Journal Equity

Bryson le 17 février 1980

Cher monsieur,

Nous portons un très grand respect pour votre Journal parce que nous croyons sincèrement que vous renseignez la population du Comté de Pontiac au meilleur de votre connaissance et en publiant des informations aussi justes que possibles.

Toutefois le Journal publié le 13 février dernier contenait un article écrit par quelqu'un du CLSC. lequel a fait sursauter nos édiles municipaux. En effet, il s'agit de celui qui a abordé le sujet des locataires du Pontiac. Cette entreprise gouvernementale accomplit une bonne besogne au niveau de la population du Comté mais nous croyons que certaines précisions devraient être apportées parce que nous ne savons de quelle façon on a pu arriver à cette situation tragique puisque nous sommes certains que dans le seul Village de Bryson ces logements sont inexistants. Ca nous semble très élevé de voir 16% des logements sans eau courante et 31% des logements sans baignoires ou douches.

En tant qu'Officiers Municipaux, nous reconnaissons que les locataires ont besoin d'une Régie des Loyers, mais lorsque des données sur les logements sont employées, nous serions très reconnaissants que les personnes intéressées donnent leurs sources et aussi les voir vérifier leur autenticité avec les Officiers Municipaux.

Nous avons voulu par cette lettre monsieur, apporter une critique constructive afin que peut-être certains faits soient rétablis. Nous vous prions d'agréer monsieur, l'expression de nos sentiments les meilleurs.

Les conducteurs n'ont pas a s'inquieter

RENOUVELLEMENT DU PERMIS

Le ministère des Transports du Quebec annonce que le directeur général du Bureau des véhicules automobiles, M. Ghislain K. Laflamme, a fait parvenir un avis aux policiers au sujet du renouvellement de permis de conduire.

M. Laflamme leur demande en effet de considérer que les personnes nées en janvier et en février ont fait le nécessaire pour le renouvellement de leur permis même si elles n'ont pas encore en main leur nouveau permis.

En conséquence, les conducteurs qui entrent dans cette catégorie et qui détiennent un permis qui est échu n'on pas à s'inquiéter, puisqu'ils ont jusqu'au 31 mars pour obtenir leur nouveau permis. Cette mesure a pour but de faciliter le rattrapage administratif dû aux arrêts de travail dans la fonction publique, sans pénaliser les conducteurs.

Les servies de garde d'enfants

De plus en plus, les mères se rendent compte que des services de garde de bonne qualité pour leurs enfants sont un besoin essentiel. Pour les femmes qui ont un emploi à temps plein ou à temps partiel de tels services sont vraiment nécessaires.

Dans les régions de Fort-Coulonge et de Shawville, des groupes de femmes se penchent sur la possibilité de développer de tels services.

La politique des services de garde du ministère des Affaires sociales prévoit plusieurs types de services dont les plus importants sont la garde en milieu familial et la garderie.

La garde en milieu familial implique la création d'une agence qui ferait la liaison entre le ministère, les parents et les familles de garde. Cette agence, qui pourrait être un groupe de parents ou un CLSC, établit les normes, choisit et supervise les familles de garde, reçoit les subventions du ministère, paie les familles de garde, etc.

Par ailleurs, une garderie est créée normalement par un groupe de parents qui s'incorpore et entreprend des démarches auprès du ministère afin d'obtenir les subventions nécessaires à la formation de la garderie: démarrage, achat de l'équipement, etc. Une fois la garderie mise sur pied, le ministère continue de subventionner les parents qui y font garder leurs enfants (le montant de la subvention étant basé sur les revenus des parents). Ces subventions existent aussi pour la garde en milieu familial.

La garderie a un avantage sur la garderie en milieu familial. Elle peut plus facilement mettre sur pied des programmes pour les enfants alors qu'en mileu familial, la femme (ou l'homme) est seul (e) à la maison, ayant à sa garde un maximum de quatre enfants.

Cependant, la création d'une garderie est possible seulement dans les plus gros villages.

Le CLSC Pontiac organise deux réunions d'information pour tous ceux qui seraient intéressés à développer des services de garde (en milieu familial ou garderie) dans la région. Une personne ressource du ministère sera invitée pour répondre aux questions. Le CLSC est prêt à collaborer avec tout groupe de personnes intérewssées à développer des services de garde.

La première réunion aura lieu à Fort-Coulonge lundi le 25 février à 19h30, au CLSC. La deuxième aura lieu à Shawville mardi le 26 février à 19h30 au Pontiac Protestant High School. Pour information, téléphonez au CLSC Pontiac, 683-3000.

IN MEMORY

BRETZLAFF- In loving memory of a dear mother, Mrs Otto Bretzlaff, who passed away February 13, 1954.
God gave us a wonderful mother,
Her memory will never grow old,
He fashioned her smile out of sunshine,
He molded her heart of pure gold
He needed a new star in Heaven.
A beautiful light to shine
So out of his old world of sorrow
He chose that dear Mother of ours
So please God just take a message
To her in Heaven above
Just tell her how much we miss her,
And give her all of our love.
Ever remembered by son Otto.
40158B1F20

When a friend we loved was called away.
God took him home, it was His will
But within our hearts he liveth still.
Sadly missed

IN MEMORY

LEPINE- In loving memory of my dear son Hector who passed away February 25, 1973.

Sad was the parting no one can tell
So sudden on earth the sorrow fell
The blow was hard the shock severe
To part with one I loved so dear.
Dearer still as years depart
His memory lives within my heart.

Lovingly remembered by Mother.
40172B1F20

LEPINE - In memory of our dear brother Hector who passed away February 25, 1973.

There is a family who misses you
And find time long since you went
We think of you daily and hourly
But try to be brave and content
Tears that we shed are in silence
And we breathe a sigh of regret
For you were ours and we remember through all the world forgets.

Lovingly remembered
Teresa, Rita, Madeline and Kathleen.
40179B1F20

MARTINEAU - In loving memory of a dear brother and and brother in law Ron.

Broken is the family circle,
Our dear one is passed away:
Passed from this earthy darkness
Into a bright and perfect day;
But we all must cease to languish
O'er the grave of him we love,
Strive to be prepared to meet him
In the better world above.

Always remembered by Phil and Barb Dorzek.
4384XF20

MARTINEAU- In sad and loving memory of a dear son, Ronnie Martineau, who passed away so suddenly on February 25, 1979.

Since you're gone first and I remain,
One thing I'd have you do -
Walk slowly down the path of death,
For soon I'll follow you.
I want to know each step you take,
That I may walk the same.
For someday down that lonely road,
You'll hear me call your name.

Sadly missed,
Mom and Dad.
40334BF20

MARTINEAU- In loving memory of a dear brother and nephew who left us so quickly on February 25, 1979

Today recalls the memory,
Of a loved one gone to rest;
And those who think of him today,
Are those who loved him best.
The flowers we lay upon his grave,
May wither and decay.
But the love for him who lies beneath..
Will never fade away.

Always remembered sisters Cathy and Diane, Uncle Edgar.

Obituary Rev. Stanley Snowden

Funeral services were held at Trinity United Church, Bowmanville, January 29, for Rev Stanley E Snowden, who died suddenly at his home RR 2, Oshawa, Saturday, January 26, 1980.

Born March 8, 1928 in Bowmanville, he was a son of W. Lloyd Snowden and the late Mrs Bessie Snowden. He was married in 1951 at Trinity Church, Bowmanville.

He was a volunteer fireman in Millbrook and Shawville, Quebec. He also helped coach hockey in Bancroft and Maple. He was active with all church groups.

He is survived by his wife, the former Anna Johns, his stepmother, Mrs Audrey Snowden; two sons, Thomas Snowden of Calgary and Peter at home; two daughters, Mrs Martin Vander Luit (Beverly) of Scarborough and Carole at home; a brother, Bert Snowden of Bowmanville and six sisters, Mrs William Lewis (Lillian), Mrs Garry Pettit (Lorraine), Mrs Wayne Pickard (Gail), all of Bowmanville, Mrs Jim Ewing (Dorothy) of Sept Isles, Quebec, Mrs Wes Down (Greta) and Mrs Betty Baker, both of Oshawa.

LIVESTOCK SALES

To sell or not to sell? What do my cattle weigh? Could I get more dollars by shipping them to an auction market? Most cattle no matter how they are sold eventually go through an auction sale before they go to slaughter. Statistics has proven that auction selling of livestock brings the highest price from overall sales.

At the high market of cattle today no one can afford to ship cattle any great distance before selling on any kind of market as each lb. of shrink is WORTH MORE THAN it was this time last year.

Sell where several buyers are bidding on them to get you the most dollars that you can take home for each animal.
