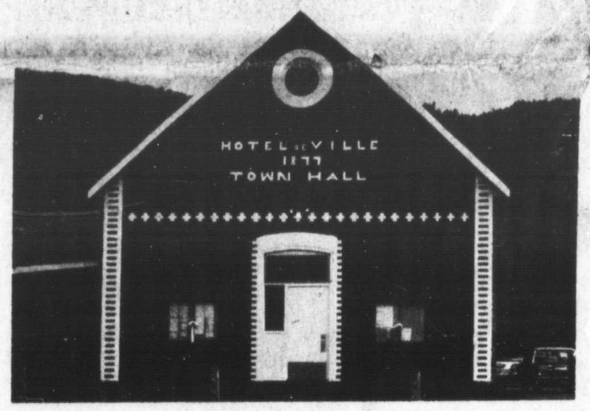
THE VOICE OF THE PONTIAC SINCE 1883

No. 29, 94th Year Shawville, Quebec, Canada, Wednesday, August 3, 1977 15¢

Eardley celebrates 100th anniversary of Town Hall

Mrs. Reina Vaillant and her daughter Mrs. Mariette Vaillant-Gauvreau designed and sewed this banner commenorating the Centennial of the Town Hall in Luskville. The banner was desplayed in front of their home near Luskville on highway 148. More pictures of the celebrations, organized by the Golden Eagle Fish and Game Club are found inside.



The Eardley Town Hall, erected in 1877 was the site of centennial celebrations this weekend.

Fort-Coulonge citizens warned about danger of rabbid bats

Dr. Seguin, of the Federal Department of Agriculture, Health of Animals Division, Hull office, was in Fort Coulonge twice during July to collect bats. The first had bitten three children on the 9th. Dr Seguin was called on the 11th and came immediately. The following day he reported that the bat was rabbid. Meanwhile those who had been bitten were advised to start treatment for possible rabies infection and the treatment was then continued.

Mayor Hector Soucie has stated that the co-operation of Dr Seguin's office was more than could be expected, and later on, July 18th, he was called upon once more to come and collect another bat which had bitten several citizens. This one proved to be negative in tests for rabies, as was a third one examined shortly afterwards. A total of five people were bitten, according to Mayor Soucie, and they were all treated with the usual shots, administered daily by Dr Alexander Zhivkov.

It has been ascertained that a large number of bats have taken up residence in several Fort Coulonge attics, including some public buildings. Mayor Soucie is working on a plan to engage a professional exterminator to do away with them. The proceedure involves removing the human residents from the house for 48 hours, and also is quite expensive. The Municipality of Fort Coulonge is seeking some technical and financial help in this project from the Provincial Department of the Environment.

Some of the children who were bitten thought the bats were birds, or frogs, or some other amusing little harmless creatures. Parents are asked to warn their children that any wild animal, especially bats, can be dangerous and shouldn't be

Free trip to Quebec

The free trip to Quebec City organized by the High Commissioner of Youth, Recreation and Sports of Quebec, with the help of the Grande-Rivière L.C.S.C. will take place on September 2nd, 3rd, 4th and 5th, 1977.

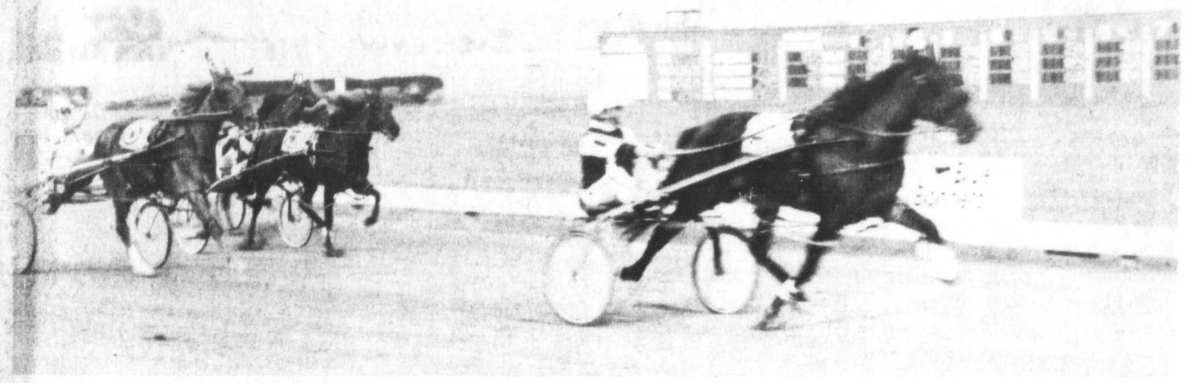
Approximately 42 people will benefit from this project which will enable them to discover the many faces of the capital city of Quebec Province.

To be eligible, one must be at least 18 years of age, have lived in the territory covered by the Grande-Rivière L.C.S.C. (municipalities of Pontiac and Aylmer) for at least one year, have not had the chance to visit Quebec City, be financially unable to arrange such a visit, be able to attend at least two preparatory meetings, and be interested in social and cultural activities.

The trip will last four days including three nights. It will be by bus trip guided by three organizers from the L.C.S.C. and the one High Commissioner's guide. All expenses will be paid by the High Commissioner.

Final date of registration will be August 12, 1977. A committee will be formed to select participants should there be an excess of applications.

For further information, contact Carole Gaudreau by telephoning 684-2251 or 684-2255 in Aylmer or Eleanor Foran at 458-2848 in Quyon.



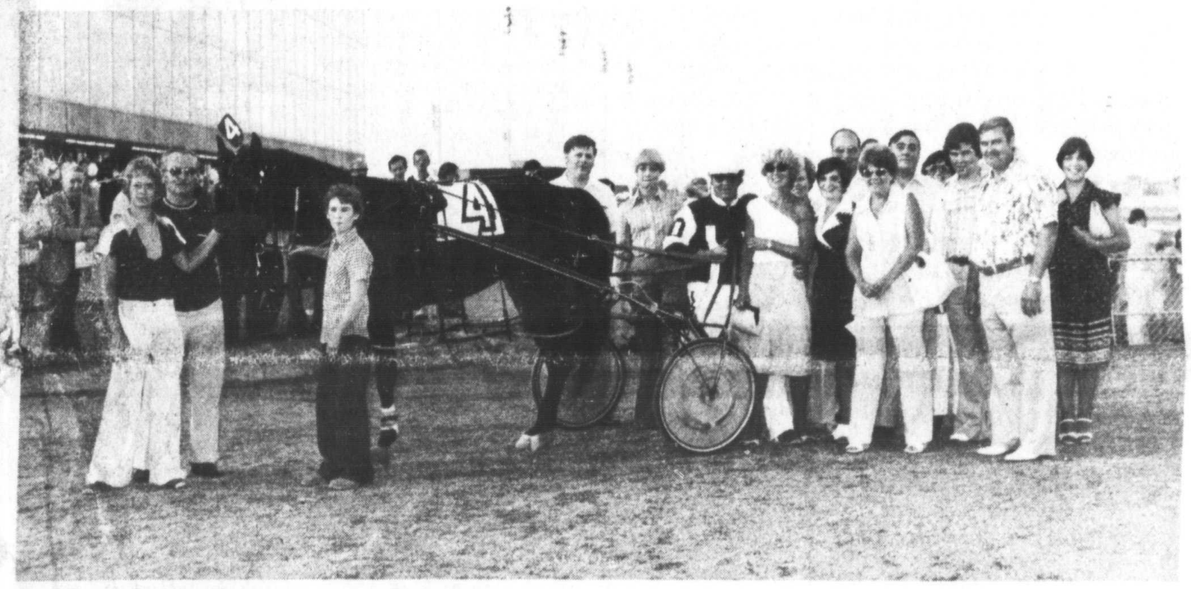
Pontiac Ada wins Loto-Perfecta Stake in 2.04 and 4

Fastest 2 yr. old Quebec bred filly

Pontiac Ada, a 2 year old bay filly, by Bye Bye Pat out of Fleche Coloniole has won 3 times in 6 starts. The lastest win in 2.04 and 4 on July 31st makes this fleet footed daughter of Bye Bye Pat the fastest Quebec bred filly to date. Bred by Hugh Proudfoot of Fort Coulonge, "Ada" was sold as a weanling to William (Bill) Horner of Aylmer who then sold an interest in the filly this spring to Barrie Murray and Brent Horner of Shawville.

Brent and Scott Horner trained "Ada" during this past winter and spring at Shawville Driving Club Farm from where she was sent to the Duncan MacTavish stable in Montreal for her 1977 stake engagements.

On July 16th (see picture) Ada won a division of the Quebec Circuit in 2.06 and 1 and lowered this record in her most recent win in the Loto-Perfecta series.



Left to right: In the winners circle at Blue Bonnets - (At Ada's head) Timmy Murray, Durrell Smith, Scott Horner, (Behind Ada) - Barrie Murray, Sandra Murray, Duncan MacTavish (Driver), Francis MacTavish, Dorothy Hodgins, Joy Horner, Carson Hodgins, Evelyn Horner, Bill Horner, Karen Smith, Clay Horner, Brent Horner, Beth MacDougall.

POLICE NEWS

Today the Quebec Police Force divers are searching the bottom of the Ottawa River at Bryson beach after a swimmer reported having seen a body under ten feet of water. Preliminary dragging brought forth nothing but the Police have no reason to believe the child who reported the body was not telling the truth so the search continues. According to the report, the body is female, clothed in a black bikini, and is attached to an anchor.

A tragic drowning took place in Norway Bay on July 25th, when 48 year old Ray Blair of Ottawa capsized and drowned while out in a canoe in rough water. John Gamble of Deep River saw the man and the canoe floating in the bay and alerted Mr Labrie who went to the rescue in a boat. By the time help arrived, Mr Blair had vanished under the water. The Police searched, with help from local volunteers, for three days but the body was not found until one day after the search was abandoned by Police. Terry Milford and Ted Crain found the body floating near shore.

Seventeen year old Robert J Gibon and Ernest Gagnon, 18, both of Pembroke, died when their pick-up truck overturned in a ditch on Allumette Island in the early hours of July 30th. It was about 2:20 a.m. on the stretch of old highway 8 between Chapeau and the bridge to Pembroke.

Also dead is Mr Fernand Labontï, 51, or Malartic, Quebec, who died instantly when the car he was driving on Calumet Island collided head on with a car driven by Eugène Lamaire of Downsview, Ontario. Passengers in the Labonté car, Mrs Labonté and their two children, as well as Mr Lemaire, were all injured and taken to Shawville and then to the General Hospital in Ottawa. This accident occurred on the through road across the Island around 10 p.m. on July 30th.

Ray Hobin is making it in the harness racing game

"First foals are the best, no question of that." And if you don't take that advice you are denying that Ray Hobin knows his horses. You might not expect a house builder, or a coin collector, or even a heavy horse judge, to know that much about buying winning harness horses, but it's on record that this guy is a man worth listening to.

You'll remember Ray from his early years in Shawville. The son of the late Mr. and Mrs. Tom Hobin of this town, he used to play hockey for the Shawville Seniors and later ran a restaurant where McCauley's store now stands. In Ebert Richardson's old rink, in the days when the owner played the game along with other notable players including Selly Langford, Ray was a star. You knew he had the puck when he began to shout and his shriek became louder as he neared the opponent's net, climaxing wilding as the goal was scored.

With the same bursting enthusiasm, Ray has plunged into harness racing. He first studied statistics and found that first foals do better, throwing out theories about proven mares. His best buys are the first stud horses of a mare and he also favors certain sires. Last year he bought thirteen colts and managed to get them all to the races. One reason he was so successful was the choice of broodmares. He'll only use those with a habit of leaving quickly and moving fast.

From being a horse judge, Ray has an eye for conformation but instead of putting too much emphasis on a powerful hind end or depth of chest, Ray looks to the head and the front legs, or as he calls them, the motor and the moving parts. He likes big wide eyes in a horse, with no white showing.

Knowing what he wants has made money in the bank for Ray. He bought Bamco at a sale last year for $8,200, despite the fact that the horse was toeing out like Charlie Chaplin, and has won $40,000 with him already. His Valdez Hanover has won $27,000 as a two year old; his Dulaney Hanover took $28,000 in two months; his Tarbesto Hanover who won the Golden Blend race at Blue Bonnets cost him $23,000 and he has turned down an offer of $100,000 for him. Also his horses have been third twice in the CanAm series, fourth at Elmira, fifth in a filly stake at Mohawk, fourth in a Canadian series race at Flamboro, got a season's record at Richelieu and was third in Sudbury. In fact, of all the stock he has staked so far this year he has been out of the money only once, at Greenwood.

Training horses for Ray Hobin are Rolly Armitage, Jean Paul Charron, and Jim McCormick at the present, and he has used other trainers as well. Some of the more seasoned horsement might have time-honored traditions about buying and training and racing the Standardbred horse, but Ray Hobin sure has a system that works.

Eddie McCabe in the Ottawa Citizen, has written a "rags to riches" feature about Ray Hobin, from which losts of the above is derived. We're not so sure the "rags" were ever a reality in the cast of Ray Hobin, but nobody can deny that as far as the races are concerned, Ray is now realizing some of the "riches".

Shawville Softball Tournament

Chris Cahill connects during a game between Bryson and the Ottawa District Hockey Association team. Dwight Rebertz is catching for O.D.H.A.. Chris, selected B Division M.V.P., went on to hit a home run in the last inning of the B Division finals to win 6 to 4 against the Quyon Seniors. Bryson received $175 for their efforts, Quyon $75. Ben's TV of Arnprior won the A Division and $400, Huntley, defeated in the finals, which went 10 innings received $150.

ALLO, QUEBEC !

Several people were heard to remark, during the weekend celebrations at Eardley Town Hall, that Quebec City officialdom should have been there. How could they then proceed with their intention to separate the French speaking Canadians from the English speaking Canadians? In fact, it was drawn to our attention that it would be very hard to distinguish the one from the other, on an individual basis, because most of the people were using both languages, depending on the mood of the moment.

This happy mixture of the languages which was so obvious in Eardley, will be just as apparent in Quyon this coming weekend during their Agricultural Fair, and at Bryson during their Lions Jamboree, and at Campbell's Bay during the Summer Festival, and on up the Pontiac into Chapeau for their Harvest Ball.

It's very, very unfortunate that our government feels the need to make laws about who is going to speak what language, and when, especially when these regulations have to come into effect in such a community as exists here in Pontiac County.

Maybe after the Government of Quebec has finished with their free trips to Quebec City for the people of our outlying regions, they will reverse the process and organize a bus trip for Cabinet Ministers to come to Pontiac and study the cultural sociology of this place. We really think they might learn something basic about Canada that they never knew before.

A Co-operative, Yes or No?

The Young Explorers of Pontiac are helping to discover the possible usefulness of a proposed beef producers co-operative. The following questionnaire has been prepared for this purpose. It is only intended to discover the opinions of the producers and does not in any way commit anyone. After you have Co-op underlined Yes or No for each question, please return to Jean-Pierre Pigeon, Calumet Island, Que. JOX 1J0

Have you ever been a member of a Co-op? Yes. No.
Do you know what it is? Yes. No.
Do you know how it works? Yes. No.
Do you think this area needs a slaughter house? Yes. No.
For this area, would a sales barn with a slaughter house be better than a tannery with a slaughter house? Yes. No.
If you raise beef would a local slaughter house with sales barn encourage you to increase your production? Yes. No.
Would just a slaughter house encourage you to increase your production? Yes. No.
Do you now sell for finishing or slaughter more than five heads per year? Yes. No.
Do you now sell for finishing or slaughter more than fifteen heads per year? Yes. No.
Do you finish your own cattle? Yes. No.
Would you be willing to join a Co-op slaughter house? Yes. No.
Would you use the services of a Co-op slaughter house in this year? Yes. No.
Would you be willing to help us set up a Co-op slaughter house? Yes. No.

Editor,
THE EQUITY

As long as I can remember the matter of an all Quebec route connecting Pontiac with Temiskamingue has been revived for discussion periodically. The duration of those periods and the intervals between them has varied, depending on the enthusiasm of the advocates of the scheme and the persistance of its opponents.

Now I see a committee has been formed to elicit support for the road from interested citizens in both counties.

According to my map it is about 25 miles in a direct line from Sheenboro to Rapides des Joachims but for folks in those centres who might wish to visit one another it is necessary to drive around over 80 miles, mostly through the Province of Ontario.

If an emergency arises in Rapides des Joachims requiring calls from Quebec officialdom located in Pontiac's county seat the same trek through our neighbouring and friendly province is necessary, surely a cause for some degree of embarrassment on the part of those same officials.

The residents of Rapides des Joachims are dependent on the Province of Ontario for many services such as high school and hospitalization. All of which leaves one wondering if there is something wrong with our provincial boundaries.

I suppose to surveyor-politicians sitting at a desk in faraway Quebec City or Toronto a glance at the map would indicate that the Ottawa River is a logical boundary between the two provinces when those of us who live here know that it is anything but.

Culturally or as a matter of convenience that river has always been a bond rather than a barrier for the people of the Valley. It was a means of transportation and communication for the early settlers and now in a somewhat different way it still is.

What we how to be true here in Pontiac must also apply to a large part of the County of Temiskamingue with its proximity to such Ontario centres as North Bay, Cobalt and New Liskeard.

If the powers that be in Quebec City want to foster good relations between these two counties then let them get on with the job of building this road.

Is it feasible? For the past 50 years there have been those who have said no. But of course it is. I have a copy of a report from our Jos. Miljour, dated January 23, 1928 and addressed to Mr W.R. McDonald, then Pontiac's Member at Quebec. Copies also went at that time to the members from Temiskamingue and Abitibi. Starting at Station Nouvelle in Temiskamingue it covers the distance from there to Sheenboro in eight steps. A study of that report would seem to assure us of the feasibility of the road.

Another report, undated but presumably as a result of a study made about the same time, covers the same ground but in the opposite direction. That is from Sheenboro to Temiskamingue. It is under the heading of the Ottawa Valley Forest Protective Association and is signed by U.R. McQuestion.

This report covers 14 zones from Sheenboro to the West Branch of the Magnasippi River. The writer of this report, like Miljour, goes into great detail as to the terrain, bridges required, by the way none over 75 feet, and swamps and hills involved. It seems none of which impose any serious problems in the way of road construction. Not in 1928, surely not now.

Both reports are optimistic, both follow approximately the same route and in no case would the proposed road be far from the Ottawa River. Of importance especially to the people of Rapides des Joachims, the road would run close to that village.

It had been my intention to go into the details of milage in the various zones as described in the reports but that will have to wait for another time.

Those two reports taken together make an interesting study. I am inclined to think that the opinion of these men who covered the area many times in the course of their work as forest rangers or timber cruisers, can be relied on with assurance that this road is feasible, practical and necessary.

Bill 101

Charter of the French language

CHAPTER VI

THE LANGUAGE OF LABOUR RELATIONS

38. Every employer shall draw up his written communications to his staff in the official language.

39. Collective agreements and the schedules to them must be drafted in the official language for filing pursuant to section 60 of the Labour Code (Revised Statutes, 1964, chapter 141).

40. Where a grievance or dispute regarding the negotiation, renewal or review of a collective labour agreement is the subject of arbitration, the arbitration award shall be drawn up in the official language or be accompanied with a duly authenticated French version. Only the French version of the award is official.

The same rule applies to decisions rendered under the Labour Code by investigators, investigation-commissioners and the Labour Court.

41. An employer is prohibited from dismissing or demoting a member of his staff for the sole reason that he is exclusively French-speaking or that he has insufficient knowledge of a particular language other than French.

42. Any contravention of section 41, in addition to being an offence against this act, gives an employee the same entitlement to vindicate his rights through an investigation-commissioner appointed under the Labour Code as if he were dismissed for union activities. Sections 14 to 19 of the Labour Code then apply, *mutatis mutandis*.

43. Every employer is prohibited from making the obtaining of an employment or office dependent upon the knowledge of a language other than the official language, unless the nature of the duties requires the knowledge of that other language.

The burden of proof that the knowledge of the other language is necessary is on the employer, at the demand of the person or the association of employees concerned or, as the case may be, the Office de la langue française. The Office de la langue française has the power to decide any dispute.

44. Except as they regard the vested rights of employees and their associations, juridical acts, decisions and other documents not in conformity to this chapter are null. The use of a language other than that prescribed in this chapter shall not be considered a defect of form within the meaning of section 134 of the Labour Code.

45. Every association of employees shall use the official language in written communications with its members. It may use the language of an individual member in its correspondence with him.

46. Sections 38 to 45 of this act are deemed an integral part of every collective agreement. Any stipulation in the agreement contrary to any provision of this act is void.

CHAPTER VII

THE LANGUAGE OF COMMERCE AND BUSINESS

47. Every inscription on a product or on its wrapping, or on a leaflet, brochure or card supplied with it, including the directions for use and the warranty, must be drafted in French. This rule applies also to menus and wine lists.

The French inscription may be accompanied with a translation or translations, but no inscription in another language may be given greater prominence than that in French.

48. The Office de la langue française may, by regulation, indicate products, containers and inscriptions that may be excepted from the application of section 47.

49. Catalogues, brochures, folders and similar publications must be in French.

50. Except as provided by regulation of the Office de la langue française, it is forbidden to offer toys or games to the public which require the use of a non-French vocabulary for their operation, unless a French version of the toy or game is available on no less favourable terms on the Québec market.

51. Contracts pre-determined by one party, contracts containing printed standard clauses, and the related documents, must be drawn up in French. They may be drawn up in another language as well at the express wish of the parties.

52. If the documents referred to in section 51 are required by any act, order in council or government regulation, they may be excepted from the rule enunciated in that section, provided that the languages in which they are drafted are the subject of a federal-provincial, interprovincial or international agreement.

53. Application forms for employment, order forms, invoices, receipts and quittances shall be drawn up in French.

54. Except as may be provided under this act or the regulations of the Office de la langue française, signs and posters and commercial advertising shall be solely in the official language.

55. Section 54 does not apply to advertising carried in news media that publish in a language other than French, or to messages of a religious, political or ideological nature if for a non-profit motive.

56. Signs and posters may be in both French and another language, with the French predominating, in establishments employing not over four persons including the employer.

57. Signs and posters respecting the cultural activities of a particular ethnic group in any way may be in both French and the language of that ethnic group.

58. In commercial establishments specializing in foreign national specialities or the specialities of a particular ethnic group, signs and posters may be both in French and in the relevant foreign national language or the language of that ethnic group.

59. Firm names must be in French.

60. To obtain juridical personality, it is necessary to have a firm name in French.

61. Every firm name that is not in French must be changed before 31 December 1980, unless the act under which the firm is incorporated does not allow it.

62. Sections 59, 60 and 61 also apply to firm names registered under the Companies and Partnerships Declaration Act (Revised Statutes, 1964, chapter 272).

63. Family names, place names, expressions formed by the artificial combination of letters, syllables or figures, and expressions taken from other languages may appear in firm names to specify them, in accordance with the other acts and with the regulations of the Office de la langue française.

64. A firm name may be accompanied with a version in another language for use outside Québec. That version may be used together with the French version of the firm name in the inscriptions referred to in section 47, if the products in question are offered both in and outside Québec.

65. Subject to section 64, only the French version of a firm name may be used in Québec.

66. Health services and social services the firm names of which, adopted before the coming into force of this act, are in a language other than French may continue to use such names provided they add a French version.

67. A non-profit organization devoted exclusively to the cultural development or to the defense of the peculiar interests of a particular ethnic group may adopt a firm name in the language of the group, provided that it adds a French version.

CHAPTER VIII

THE LANGUAGE OF INSTRUCTION

68. Instruction in the kindergarten classes and in the elementary and secondary schools shall be in French, except where this chapter allows otherwise.

This rule obtains in school bodies within the meaning of the Schedule and also applies to subsidized instruction provided by institutions declared to be of public interest or recognized for purposes of grants in virtue of the Private Education Act (1968, chapter 67).

69. In derogation of section 68, the following children, at the request of their father and mother, may receive their instruction in English:

(*a*) a child whose father or mother received his or her elementary instruction in English, in Québec;

(*b*) a child whose father or mother, domiciled in Québec on the date of the coming into force of this act, received his or her elementary instruction in English outside Québec;

(*c*) a child who, in his last year of school before the coming into force of this act, was lawfully receiving his instruction in English, in Québec, in a public kindergarten class or in an elementary or secondary school;

(*d*) the younger brothers and sisters of a child described in paragraph *c*.

70. Where a child is in the custody of only one of his parents, or of a tutor, the request provided for in section 69 must be made by that parent or by the tutor.

71. The Minister of Education may empower such persons as he may designate to verify and decide on children's eligibility for instruction in English.

72. A person wishing to avail himself of paragraph *b* of section 69 to transmit his right to instruction in English to his children may have that right recognized by one of the persons designated by the Minister of Education under section 71.

"Keep our heads ..... together"

Mayor Cecil Vibert

Raymond Heppell, Welfare officer for Pontiac County, presented Campbell's Bay Council with a number of what he called "propositions and recommendations", at their July 11th meeting. Mr. Heppell handed the document to Council accompanied by two sheets of paper carrying 54 signatures headed up by Postmaster Jacques Mousseau and including numerous Campbell's Bay citizens. The only signature on the document itself was that of Mr. Heppell. Mr. Heppell then mailed these papers, along with some communications he had received from time to time from the Campbell's Bay Recreation Association and the Mayor, and asked that they be published in THE EQUITY.

At the same time this office received a communication from Campbell's Bay Mayor Cecil Vibert regarding the same matter and asking us to publish it all in both French and English in THE EQUITY. In his letter, Mr. Vibert stated that the "petition" had been presented to Council by Mr. Heppell, Mr. Mousseau and his wife Mrs. Margaret Mousseau.

The first words on the petition are "sans prejudice". First it asks that the name of Lunam Street be changed to Morin Street. (The Mayor wondered why change Lunam Street; why not Front Street or Second Street, or some other street without a family name.)

The second request is that half the streets in Campbell's Bay be changed to give them French family names "in memory of our French pioneers thereby rendering us justice", the "us" not being clearly defined, but a proposed list of names is included.

Further requests are for a sidewalk extension, an additional street light, a clean-up of vacant lots on the Consolidated subdivision, more trash cans on the streets of the village, twice weekly garbage collection in summer months and civic numbers to identify lots, residences and commercial establishments.

To these requests the Mayor states that some are valid but funds for these and many other projects they would like to undertake must come mainly from Municipal taxes. Mr. Vibert feels that if more people would come to Council meetings and discuss their ideas, a better understanding of the running of a municipality would be obtained.

The one man petition also demands that all correspondence, minutes, directives and public notices concerning Campbell's Bay Municipality be written and sent to residents in French and in English. (The Mayor states that all public notices and information letters since November 1973 have been sent out bilingual. Minutes are kept in English and whenever the law requires them to be in French they will be in French. The language bill has not been passed yet and therefore is not law. We have been informed that it is up to the Postmaster to distribute mail as to language according to the wishes of his customers but apparently Mr. Heppell has been receiving English only instead of the French he would prefer. We fail to see why this would disturb him, however, because he is actually bilingual, but he should take it up with the Postmaster, not the Council.

The request also was for Municipal signs, public notices, and the reports of Concil meetings sent to THE EQUITY to be in French as well as English, and for these reports to be sent to Le Droit as well. (It is unlikely that Le Droit would publish them free, as THE EQUITY does for all municipalities in Pontiac County. To our knowledge there is no other independant publication which subsidizes the municipalities it serves in this way.)

The next request was that the Municipal secretary be replaced by a bilingua person immediately. Mr. Heppell claims that Campbell's Bay has lost out on Federal and Provincial grants by not applying for them. Mayor Vibert states that grants have been sought according to the financial means of the Municipality. Every grant involves the use of municipal monies as a supplement. Heppell maintains that it is a language problem.

The petition also concerns itself with Campbell's Bay's social, cultural and economic wellbeing. Heppell maintains that nine Federal and Provincial hand-out programs could be "OURS" if the Municipal officers had only requested them. The nine programs listed are Job Creating Programs, Canada Works, P.A.C.L.E., Young Canada Works, Extension programs, Financial aid to create jobs in rural areas, New employment programs, Student placement, Strategic Community employment. With Provincial Welfare officers and Canada Manpower both located in Campbell's Bay it would seem these possibilites could all have been explored by Mr. Heppell himself, who would have discovered that, just as the Mayor explains, they all require certain expenditure of municipal money, collected from the taxpayers. But Heppell suggests that the Parti Quebecois Minister of Municipal Affairs, the Hon. Guy Tardif, has given him to believe that because of the English language character of Campbell's Bay Municipal Council, the village is threatened to be cut off from government help.

The next paragraph says "we the undersigned, count on your understanding, sincerity and honesty so as to give us justice and accept unanimously our recommendations." And the last paragraph says that if an obstruction should occur and the demands are not accepted by the next meeting of Council, "you would force us to direct our demands and claim our rights publicly at a higher level."

"We the undersigned" is only one person, Mr. Heppell. All the other signatures involved came on a separate sheet and when the Mayor asked if those people had seen the petition their names were being associated with the answer was "No". They had been told some of the things that would appear on the petition. Some thought it was a request for an additional sidewalk, a light, a new trash can, more garbage pick ups and a clean-up of vacant lots. But these things are routinely discussed by citizens at Council, not requiring petitions.

Mayor Cecil Vibert asks that all the sensible people who are capable of discussing problems keep their heads and continue to work together to better the Community. Anyone who is not satisfied with the present Council should use their right to vote at election time and let the majority choose their representatives who will manage the affairs of their village.

The entire episode may serve as a warning of possible developments which can be blamed on the unfortunate atmosphere in parts of Quebec whereby a few people can carry a large population into disputes. Two things can be done to prevent disaster in Campbell's Bay, the very central County Seat of Pontiac. One is for every citizen to realize the mental anguish and deprivation being suffered by these two public servants, one Federal and the other Provincial, and to understand that there may be others in their same condition. Prople coming into Pontiac from other parts of Quebec sometimes take several years to come to grips with the easy-going ways of this community. We're developing and changing at a rate suitable to the nature of this part of Canada.

The second thing to do is to bear in mind Mayor Vibert's proposal that we keep our heads and continue to work together to better our Community. The key work there is "Together".

All who signed whatever they thought they were signing may continue to count on the understanding, sincerity and honesty of the Municipal Council which the people of Campbell's Bay have elected in the democratic manner which still prevails in Pontiac County, in the Province of Quebec, and throughout Canada.

District Governor visits Shawville Rotary Club

On July 18th Shawville Rotary Club was visited by some fellow Rotarians from Ottawa, including Al Liddiard, District Governer of District 704, at right. With Rotarian Liddiard are seen, left to right, Committee chairmen René Latreille, Weldon Hobbs, and Bob Campbell (standing), secretary Donald Dods, and president Richard Meisner. Other visitors were Toronto Rotarian Mike Morgan, now vacationing in Norway Bay, ex-past district governor of district 704 Rotarian Carter Storr, Ivan Lewis of Austin. The new District Governor is a Paul Harris fellow and the proprietor of a firm specializing in equipment for the pulp and paper industry, Dry-Can Ltd. His visit to Shawville was his first official club visit. His message stressed some ways to serve to unite mankind, specifically by district matching, student exchange, Rotary Foundation and District extension. Photo by Eva Andai

Campbell's Bay Summer Festival

Last year's summer festival at Campbell's Bay was such a resounding success that they have decided to make it an annual event and this year's edition will take place this week, August 4th to 7th. The main idea is to provide a lot of fun and frolic for the population and summer visitors, but also they will be making money for phase two of their recreation park facilities. Beside the children's swimming pool they intend to build a hall, with construction beginning this year.

The two man committee, appointed by the Recreation Association to organize this Summer Festival, consists of Bobby Sloan and Mike Patry.

Among the entertainments planned for this exciting weekend are a fastball tournament, dunker, bazaar, corn feed Saturday, air plane rides Sunday afternoon by Ile du Calumet Airways, a canteen with solid and liquid refreshments. Sport O'Keefe is helping with their special events van, and the whole celebration takes place on the recreational grounds at Campbell's Bay. A bake sale will also be a feature of the weekend.

Daley family re-union

Friends and relatives gathered at the home of Mr and Mrs Francis Daley on Sunday afternoon, July 24th.

"It was a beautiful get together of the clan".

Yes! Relatives from Oakville, Belleville, Burlington, Detroit, Ottawa, Quyon, Dunrobin and as far as Eston, Sask. came.

The occasion was to meet and greet a dear uncle namely Steve Muldoon from Detroit, Michigan who is well on in his seventies but still has a laugh and joke for all of us!

We also were glad to welcome a cousin Athol McCloskey and his wife Hazel. He hasn't been back since 1935. He once lived in Aylmer but visited the "Urban Muldoon" farm in his childhood days. This farm now belongs to Mr Stan Scott.

THe afternoon was spent with music and dancing, and sing-songs. Many of the men enjoyed the horse-shoe game, while just sat around and socialized.

A picnic style lunch was served out on the lawan.

We were all grateful for the fine and fair weather which helped make the occasion a more pleasant one.

SWIMMING LESSONS

The swimming lessons which have already been held since early July will be continued until late August. The lessons will be on a Monday to Friday basis beginning on August 8th and ending on August 26th. The lessons are at the Beginner, Junior, Intermediate, Senior and Bronze Medallion levels. Also, at the present time, two Adult classes are being taught in late afternoon. This has been arranged so as not to conflict with work. These adult classes are open to both the novice as well as the swimmer who wishes to improve.

The price of the lessons is $22.00 per person for 3 weeks or 15 hours of instruction. If you are interested, please cut out this ad and write your name, phone number and level of swimming that you have achieved on it and drop down to the Wharf at Green Lake and see me, or mail it to P.O. Box 24, Shawville, Quebec. We will then **MEET AT THE GREEN LAKE BEACH AT NOON, MONDAY AUG. 8.** I will be at the Beach from noon until 6:00 p.m.

Thank You, Nick Scott

Kathy Smith wins Union essay contest

The United Steelworkers of America, Hilton mines Local 5656, held an essay competition which was open to Pontiac students in grade eleven. They were delighted with the number of young people who submitted entries to the contest. All thirty six entries were read by three competent judges, Mrs. Dorothy Yemen, Mrs. Rosaleen Dickson and Mr. Brent Horner, and with great difficulty they chose the entry of Kathy Smith for the first prize of $200, the entry of Barry Elliott for second prize of $100, and honorable mention with $25 each went to Patricia Turcotte, Steven Jodoin, Nancy Clarke, Nancy Rooney, Michael Morrison, David Hodgins, Cathy Schwartz and Howie Stanley.

Other essays, all containing good ideas and representing considerable interest in County affairs, were entered by Karen Alexander and Allan Sicard of Victoria Avenue High School, Mary Helen Giroux of St. Alphonsus High School in Chapeau, Cindy Kearns, Connie Stevenson, Sandy Wickens, Ronnie Beattie, Colleen Teevens, Janey Campbell, Karen Inglee, Wendy Robinson, Michelle Jodoin, Ann Stevens, Joseph Rochon, Debbie Arthurs, Murray Bonshor, Brian Murphy, John Leveris, Valerie Thompson and Helene Schmidt of the Pontiac Protestant High School. All entries were in English although the competition was open to both English and French. No entries were received from the Polyvalente Sieur de Coulonge.

During the pst, when Scholarships from the USWA Local 5656 and the Hilton Mines were offered to employees' families, a disappointing few were interested in submitting entries so this large entry came as a surprise to the Union sponsors. President Terrance Mulligan feels this show an unusual interest by the County's students in the future of their community.

The winning topic was "What would you do if you were an industrial engingeer for Pontiac County". Some entries showed political or cultural bias and lost points because they did not stick to the topic.

Some of the suggestions included in these essays were: A dairy which would employ 50 to 75 people, a meat packing industry at the Hilton Mines site employing about 200 people, fish rearing ponds to stock the lakes in the County, a furniture factory at the Hilton Mines site for 100 jobs, a canal from existing pit to the Ottawa River and use the pit as a port, a government experimental research center at the site, use the site for a vegetable and berry cannery, machine shops and repair shops for a large contractor to overhaul equipment for 30 jobs, increasing the tourist industry was a recurrent theme among many contestants, an amphitheatre, a floating football field in the pit, extension of Consolidated Bathurst to refine paper products, a nuclear power plant, a bridge to Ontario in the vicinity of Quyon and Bristol near the CNR bridge, using material from the mine site, development of the Ottawa River for tourism by building locks so pleasure boats or even freighters could navigate - possibly even connecting it with the Great Lakes, an insulation factory a research and production station for solar heat.

These suggestions should give the powers that be something to think about, and just for good measure, here is the winning essay by Kathy Smith:

"Pontiac needs industry to create jobs for the people. Work is limited and people are moving to get jobs. This must be stopped. There are possibilities.

When looking at this area as an Industrial Engineer, I can first see a place for a dairy. Why a dairy? We have the raw material; milk. Farmers in Pontiac are now trucking their milk to Ontario for processing. Why could this not be done here? It could be and should be. The people of Pontiac need jobs and a dairy would employ many men. An excellent place for this plant would be at the site of Hilton Mines. There are warehouses, offices and shops waiting for use. There is also a railway spar from the C.P.R., paved roads, and a hydro power line. It is all waiting.

I can also see another industry starting up in Pontiac. There are numerous woodlots in this area. These could be used in a profitable industry such as furniture making. With todays advanced technology, the majority of workers would not have to be specialized. A multitude of jobs would be open to the average man in Pontiac.

This county has the raw materials and the manpower for these projects. What Pontiac needs is someone to start the development. Unemployment is a serious problem everywhere in Canada, even Pontiac. We must think and work on this problem now. it is possible here to cure it with serious thought."

Rolly Wickens of Shawville dug up 600 lbs of potatoes from 85 hills in his backyard July 23rd. Seeds received from Westley Palmer were planted May 10th and Rolly says he has only 'scratched the surface' as he expect to dig up a crop in the fall.

Municipality of Sheen, Esher and Malakoff Council Minutes

Council meeting held July 5, 1977.

Present at the regular monthly meeting of the Municipal Council were Mayor John Brennan, as well as Councillors Douglas Tallon, Raymond Morris, Andrew Perrault, Ann Brennan, Lorne Meehan, and Myrtle Sullivan. The meeting was held on Tuesday, July 5th, at 8:00 p.m. in the school. Also in attendance were Mrs. Barbara Jennings, Mrs. Mary Darcy, Messrs. Harold Darcy, Garnet Gagnon, and Andre Dugas.

The minutes of the Special meeting of June 16, 1977, were read, and a motion to accept and sign the minutes as read was made by Cnclr. Lorne Meehan, and seconded by Cnclr. Raymond Morris, and carried.

Mrs. Barbara Jennings, a director with the Pontiac Social Planning Council, was present to make a request for a contribution to that organization. She explained the purpose of the organization and the reason for the Student Fund of the Pontiac Social Planning Council.

Mrs. Mary Darcy, and Mr. Harold Darcy were present in regard to the problem of the ownership of lot 46, Range II. A discussion followed and they were asked to consult their lawyer in order to correct the situation. They also asked to have the Darcy Line brushed again. Motion by Cnclr. Andrew Perrault to request the Sheenboro Community Improvement Project to brush the Darcy Line. Motion seconded by Cnclr. Myrtle Sullivan.

Mayor Brennan read a letter from Miss Mary Teresa Lampkin applying for a job on the Canada Works Project should there be a vacancy. Motion to accept application by Cnclr. Raymond Morris, and seconded by Cnclr. Douglas Tallon.

Mr. Andre Dugas was present to answer any questions in regard to the Young Canada Works project.

Mr. Garnet Gagnon was present to report on the progress made by the Sheenboro Community Improvement Project, as well as to answer any questions. He stated that the project has been moving along very well, and that in his opinion everyone seemed happy.

A bilingual sign is to be made to stop campers from parking both their tents and vehicles on the beach at Trout lake. Continuing with Trout Lake Picnic Ara, a motion was made by Councillor Andrew Perrault to contact someone with a skidder who could work for a maximum of one day to pul up stumps and roots at Trout Lake Picnic Area, seconded by Councillor Lorne Meehan.

Cnclr. Raymond Morris stated that he had been requested by the Municipality of Chichester to have the Canada Works Project help to finance the Fire Hall plumbing. Council rejected the idea of having our Canada Works project pay for the plumbing at the Fire Hall. Although the Fire Hall is a venture shared by this municipality, the Canada Works budget does not have the funds to pay for the above. Garnet Gagnon is to check the Hall and see what is required and will report back at the next meeting. Also, Council requested that Chichester ask for a quote for a bilingual sign, and that a quote be obtained from Mr. Joe Donlan (if he is interested), as well as from Mr. Jack Vaillancourt.

Secretary presented a letter from Mr. and Mrs. Eugene McDonald thanking the Sheenboro Community Improvement Project for the help which they had received from the project.

Secretary also mentioned that she had been in touch with M.J. De St. Victor of the Job Creation Office in regard to the purchase of medical aid equipment and was told that it was permissible providing that it was legal and if kept under $100.00.

Due to the fact that the project was unable to hire a qualified swimming instructor, Council felt justified in following the organized activities as outlined in the June 16th meeting minutes.

When time is available, the Canada Works project employees have been asked to brush the ball diamond.

Council having had the time to study the Audit Report, a motion to accept the Auditor's Report was made by Cnclr. Douglas Tallon, and seconded by Cnclr. Lorne Meehan.

Secretary presented a trailer park parking ticket for 2 days from Mr. Patrick John McMahon as proof of his having been out of the municipality with his trailer. Council therefore agreed to grant Mr. McMahon a 3 month waiting period as per by-law 66, which is in accordance with Art. 107 of the Real Estate Assessment Act. The free period to run from July to September 1977, after which time the fee will again be due.

A motion was made by Cnclr. Raymond Morris to pay the outstanding invoices with the Chichester Municipal Corporation except the 50% legal fees. Council withheld the payment of the 50% of the legal fees till next meeting pending receipt of and checking the motion which made the Fire Hall a reality.

At this time of year the payments are due to the School Boards for the Trailer fees collected by the municipality. Following a discussion as to what to charge the school boards for the colelction of their share of the trailer fees, Council decided that 10% was a fair charge. Therefore, a cheque is to be sent to the Pontiac School Board in the amount of $310.50 which is $345.00 less $34.50.

An invoice was received from Pembroke Electric Light Co. Ltd., showyng an arrears. A letter is to be written to that company, along with a copy of the letter written last January 5, 1977, explaining why there should not be an arrears. Hold payment until new invoice received.

The invoices to be paid are as follows: Student Fund, Pontiac Social Planning Council $50.00, Ann Dunlog, Salary, phone, postage etc. $170.31, Mun. Corp. of Chichester Fire Hall (Construction Balance) $1000.00, Mun. Corp. of Chichester Fire Hall operating cost 50% $49.69, Cecil Venasse for burning dump June 1977, $24.00, Linus Hearty for work done on Trout Lake Rd. $250.00, Jim Lampkin Jr. for work done on roads $7.50, Pontiac School Board Trailer Fee payment $310.50.

Motion to pay the above mentioned invoices by Cnclr Raymond Morris, and seconded by Cnclr. Douglas Tallon.

Since the term deposit matures in July, a discussion followed about the amount of money to be re-invested. The following was decided: to invest the $1000.&& set aside for the tax map for a period of one year, and another $2000.00 for a period of 3 months. The investment to be made at the Caisse Populaire again, and to be done after the other is deposited into the bank account.

Motion to adjourn the meeting by Cnclr. Douglas Tallon, and seconded by Cnclr. Andrew Perrault.

Ladysmith

by Mrs Verner Thrun

Mr and Mrs Eldon Turner and family of Inkermann spent the holiday weekend camping in the district.

On Sunday July 31 the Zion Lutheran Church at Schwartz celebrated the annual Decoration and Memorial service. This service was conducted by Rev C Kappes assisted by Mr Kirk Lawrence who delivered the message. The church was filled to overflowing and the service ended with a hymn and a prayer out in the cemetery which was beautifully decorated with flowers in fond memory of dear ones gone on before. A delicious supper was served in the church dining hall.

Eardley Town Hall centennial Parade

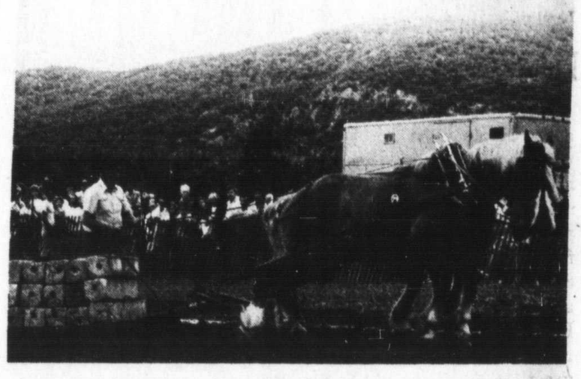
Romeo Belisle

Opening remarks were addressed to the crowd by the Mayor of Pontiac Municipality, Bill Burke and the Chairman of the event Romeo Belisle. The Golden Eagles Fish and Game Club of which Belisle is the president undertook the entire organization of the celebrations which began with and finished with a dance "under the big top" Friday and Sunday evenings.

Horse drawing at Eardley

One of the highlights of the centennial celebrations at the Eardley Town Hall was the Horse Drawing contest Saturday afternoon. There were two classes, light with combined weights of horses less than or equal to 3300 lbs, and heavy. Teams owned by Irwin Stewart of Wakefield proved the winners in both classes. Draws of weights of 7600 lbs in the light class and 8800 lbs in the heavy, were required to decide the eventual winners.

Ralph Hermer of Perth in the light competition.



Irwin Stewart of Wakefield coaxes his heavy weight team (total weight of horses near 5000 lbs) to victory.

Heavy Class

Bruno Belanger, Masham, 6800, 8'7"
Clinton Greer, Richmond, 6800, 7'11"
Sterling Laffin, Smiths Falls, 6800 lbs, 6'6"
Gerry McCullough, Lanark, 6200 lbs, 11'7½"
Elwood Sparling, Shawville, 5400 lbs, 2'3"

Judge, Doug Nesbitt of Rupert measures the length of one draw wich did not make the required fifteen feet.

Obituary James Earl Findlay

James Earl Findlay died July 2, 1977, in hospital, in Shawville.

Earl Findlay was the second son of the late of the late James Findlay and the late former Mary Jane Towell, early pioneers in the Pontiac County. He was born July 27th, 1894 on his parents farm. He was one of nine children. He married the former Ethel E. Cuthbertson on December 31st, 1919. They had four children, Bruce and Gordon of Ottawa, Earla (Mrs Ned McCord) of Timmins and Robert (Bob) of Bristol, Quebec.

Also surviving are three sisters and two brothers. They are Jean (Mrs Tom MacEachern) of Kemptville , Annie (Mrs Robert Laird) of Shawville, Basil of Campbell's Bay, Muriel (Mrs Cliff McCredie) and Cliff, both of Ottawa.

He was in construction most of his life and earned the reputation of a fine builder, even in the days when buildings were made directly from trees. Some of the log cabins in the area still show his skill in the mark of his daze.

During the 40's, he joined his brothers, Basil and Cliff in Ottawa to form the Findlay Bros. Building Co. He was a superb craftsman. Many fine houses and buildings in Ottawa and the valley confirm this statement.

Earl was an enthusiastic sportsman and one of the early conservationists. He was an excellent hockey and ball player in his youth. Later fishing, hunting and golfing were the main sports in which he participated.

He was a wonderful husband, father and a loving grandfather to fifteen grandchildren and nine great grandchildren.

Funeral services were held on July 5th from the chapel of the W.J. Hayes & Sons Funeral Home with Rev Ed McCaig officiating.

Pallbearers were four grandsons, Ricky and Barry McCord of Timmins, Robin and Terry Findlay of Ottawa and two nephews, Hollis and Dennis Findlay of Bristol Mine and Elmside respective.

Interment was in the Norway Bay United Cemetery at Norway Bay, Quebec.

What to give?

Why a book of course!

A book is a perfect gift for a shower, a birthday, a wedding, an anniversary, a graduate, a shut-in, a host and hostess after a visit, a patient in hospital, a prize, or any other occasion. A book lasts a lifetime. We have many good ones, French and English, for all ages.

The Zion Lutheran Church held their annual picnic on July 17th at the home of Mr and Mrs Charlie King.

Pastor Kappas held an open air morning service with a large congregation in attendance.

Pastor Kappas was in charge of the picnic games which were very interesting for the young and old. Lovely prizes were awarded to the lucky winners.

This day was also the 60th wedding anniversary of Mr and Mrs Charlie King which was celebrated with their many relatives, neighbours and friends. They received many lovely gifts and a beautiful anniversary cake. We all wish Mr and Mrs King many, many more anniversaries.

A delicious mid day lunch and supper was served by the ladies. a good time was had by all.

Mr and Mrs Harry Newton of Kapuskasing spent two weeks holiday at Mr Gustave Bretzlaff's and also visiting many relatives and old friends in this district.

Recent visitors with Mrs Augusta Krutz were Mr and Mrs Harry Newton of Kapuskasing, Mrs Theo Zimerling and son Ricky, Mrs Bob Bahm and her three children of Arnprior.

Mr and Mrs Sam Gravelle and their son David of Braeside visited Mr and Mrs Edgar Mayhew on Thursday.

Recent visitors with Mr and Mrs Clifford Hahn were Mr and Mrs Milton Hahn, Mr and Mrs Gerald Kelly, Mr and Mrs Pat Hahn of Braeside, Mr and Mrs Ron Romain, Jim and Todd of Petawawa, Ont, Mr Brian Hahn, Mr Tommy Murdock of Windsor, Ont.

Politique d'intervention gouvernementale en matière d'accidents naturels reliés à l'eau en territoire municipalisé

Le ministre des Richesses naturelles, monsieur Yves Bérubé, est heureux de présenter la politique d'intervention gouvernementale en matière d'accidents naturels reliés à l'eau en territoire municipalisé. Cette politique est issue de l'étroite collaboration des ministères de Richesses naturelles et des Affaires municipales, et fait du Ministère des Richesses naturelles le mandataire de son application, tout autant pour l'octroi des subventions aux municipalités.

Expose de la situation

Les municipalités voulant effectuer des travaux de prévention ou de correction en matière d'accidents naturels reliés à l'eau (inondations, érosion, sédimentation, instabilité des berges des cours d'eau, affaissements et glissements de terrain) se sont traditionnellement tournées vers le gouvernement, et les plus chanceuses d'entre elles ont obtenu les subventions demandées, tandis que le plus souvent elles essayaient un refus en raison de la non-disponibilité des fonds gouvernementaux.

La nouvelle politique

Le présente politique vise à mettre fin à cet arbitraire et à établir un cadre bien défini à l'intérieur duquel les municipalités pourront envisager une planification en fonction de l'obtention d'une aide technique et de fonds pour effectuer des travaux, qu'ils soient de prévention ou de correction, tout en retenant le principe que les municipalités ont la responsabilité première de la gestion de leur territoire.

Les modalités

Il y a deux types de modalités, selon que les travaux sont de nature permanente ou de nature temporaire.

1. Travaux de nature temporaire: Ce sont généralement les travaux qui doivent être effectués rapidement face à une situation urgente.

a) le Ministère des Richesses naturelles défraie entièrement les opérations de dégagement de cours d'eau à l'aide de dynamite ou de machinerie et fournit aux municipalités les sacs de jute nécessaires à l'érection de digues.

b) le Ministère des Richesses naturelles et les municipaltés partagent à 50% chacun le coût global des autres mesures préventives jugées utiles.

2. Travaux de nature permanente: Sur réception d'une demande d'une municipalité, le Ministère des Richesses naturelles effectue une expertise technique et détermine la nature des travaux à effectuer ainsi que leur coût. Si le Ministère des Richesses naturelles estime rentables et efficaces les travaux demandés, la participation financière du gouvernement est établie de la façon suivante: les cinq premiers dollars per capita sont déboursés par la municipalité, et l'excédent est défrayé à 10% par la municipalité et à 90% par le gouvernement. La maîtrise d'oeuvre des travaux et l'entretien des ouvrages' sont la responsabilité des municipalités, sous la supervision du Ministère des Richesses naturelles.

S'il n'y a pas de participation financière du gouvernement, le Ministère des Richesses naturelles remet ses expertises techniques à la municipalité, qui pourra tout de même effectuer à ses frais ces travaux si elle le juge à propos.

En présentant cette politique, le ministre Bérubé a souligné l'engagement du gouvernement à régler les problèmes majeurs puisque celui-ci defraiera la majeure partie des travaux importants, alors qu'auparavant le Ministère des Richesses naturelles refusait le plus souvent, faute d'argent.

Le ministre Bérubé a précisé qu'en ce qui concerne les cas mineurs, cette politique retient le principe de la responsabilité des citoyens qui s'établissent le long des cours d'eau, et de la responsabilité des municipalités, qui contrôlent leur territoire.

Un guide pratique de correspondance et de rédaction

Depuis peu, l'Éditeur officiel du Québec met à la disposition du public le «Guide pratique de correspondance et de rédaction» réalisé par Mme Brigitte Van Coillie-Tremblay du Service des communications de la Régie des rentes du Québec.

Au départ, le présent guide avait été conçu pour le personnel de la Régie, mais l'Éditeur officiel du Québec a cru bon de publier le livre puisqu'en définitive les difficultés linguistiques rencontrées n'étaient pas propres à notre organisme. L'objectif visé par la Régie était de fournir à son personnel un ouvrage simple, facile à consulter et complet dans lequel seraient réunies les réponses aux nombreuses questions qui se posent lors de la rédaction et de la transcription de lettres, de rapports ou de formules.

La première partie de ce guide est consacrée à la correspondance française et à la rédaction de textes français. La deuxième a trait aux divers points ou domaines qui sont souvent des sources d'imprécision, d'erreurs et de fautes de style. Enfin, la dernière traite de la correspondance anglaise et, sommairement, du code typographique anglais. Soulignons que la matière classée par sujets assure une consultation rapide.

Mme Roda P. Roberts et M. Jean Darbelnet, respectivement responsable du programme de traduction et professeur émérite de linguistique à l'Université Laval, ont apporté un précieux concours à la rédaction de ce guide. M. Guy-W. Richard a également collaboré en ce qui concerne le système international d'unités.

Pétition de M. Raymond Heppell au conseil de Campbell's Bay

Nous, résidents, contribuables et propriétaires de la Municiipalité de Campbell's Bay, comté de Pontiac, Québec, proposons, avec pétition à l'appui, les recommandations suivantes:

Que le nom de la rue Lunam soit changé en celui de la rue Morin, pour les raisons suivantes: Monsieur Morin est un ancien pionnier de la municipalité et propriétaire des terrains sur lesquels le projet fut développé. Avec tout le respect que nous portons à la famille Lunam, nous sommes assurés que ledit Conseil peut reconnaître les mérites de la famille Lunam en nommant une autre rue à sa mémoire.

Nous constatons que les rues de notre village de Campbell's Bay furent nommées entièrement par des noms de familles anglaises. Nous demandons que le Conseil révise cette situation et corrige, dans le plus bref délai, cette anomalie. Nous, soussignés, demandons que la moitié des rues de notre village soit nommée par des noms de rue de familles françaises, en mémoire de nos pionniers français, et ainsi de nous rendre justice. Que l'autre moitié des rues conserve leurs noms anglais. Comme solution de rechange pour ces noms de rue anglais, nous suggérons les noms suivants: Rue Allard, Rue Arbic, Rue Amyotte, Rue Bélanger, Rue Chrétien, Rue Chénier, Rue Dubeau, Rue Duquette, Rue Gravelle, Rue Lance, Rue Landry, Rue Larivière, Rue Laporte, Rue Lacourse, Rue Lemaire, Rue Lépine, Rue Martineau, Rue Meilleur, Rue Mousseau, Rue Normandeau, Rue Pilon, Rue Poisson, Rue Paré, Rue Ranger, Rue Théoret.

Nous demandons la prolongation du trottoir à partir du Couvent jusqu'à l'entrée du projet et l'installation d'une lumière additionnelle en face de la résidence de M.Théo Morin. Ceci afin d'assurer la sécurité des piétons qui circulent entre le village et le projet. Raison de plus, avec l'ouverture incessante de la piscine municipale spécialement pour les enfants de 5 à 10 ans au village, on se doit, en bon administrateur, d'assurer leur sécurité en construisant ce trottoir et en installant cette lumière additionnelle, dans les plus brefs délaid possibles, pour que ceux-ci puissent bénéficier avantageusement du centre récréatif municipal au même titre que les autres résidents.

Nous demandons au Conseil municipal d'envoyer une lettre à la Compagnie Consolidated Bathurst, division Pontiac, lui demandant de nettoyer et d'entretenir périodiquement leurs terrains vacants dans le projet, qui présentement sont dans une situation déplorable. Nous exigeons d'eux la même soins et entretien que leurs terrains situés à Bryson.

Nous demandons également que des poubelles municipales soient ajoutées à celles déjà existantes sur les principales rues de notre village afin d'améliorer la propreté et de se conformer à l'hygiène et à l'Environment.

Nous demandons que toute correspondance, procès-verbaux, directives, et avis publiques émanant de la Municipalité de Campbell's Bay soient dorénavant écrits et envoyés aux contribuables en français et en anglais. Cette demande s'applique également aux enseignes municipales et tout affichage publique ainsi que les comtes rendus des assemblées du Conseil dans les journeaux tel que l' "Equity" et suggérons que ces comptes rendus soient aussi publiés dans "Le Droit".

Afin que les lettres, correspondances, et toute échange écrites entre la Municipalité et le Gouvernment du Québec soient lues et comprises par le Conseil et répondues, nous demandons que le poste de "Secrétaire" municipal soit comblé par une personne bilingue et ça dans l'immédiat. Ainsi notre Municipalité ne perdra plus les octrois et les subventions qu'elle aurait pu obtenir de nos Gouvernements fédéral et provincial jusqu' à date, si notre Conseil municipal en avait fait les demandes.

Pour le période d'été soit les mois de mai à septembre, nous demandons la collection des vidanges deux fois la semaine, comme auparavant, pour se conformer à l'hygiène élémentaire et à l'Environnement. Si nécessaire, de renégocier le contrat présent.

Que le Conseil municipal□ identifie les lots, résidences et commerces de notre village de Campbell's Bay, par des numéros civiques. Exemple: le village de Shawville.

Nous demandons à notre Conseil dêtre plus vigilant, disponible et renseigné, afin de profiter de tous les programmes fédéral et provincial que nous offrent nos Gouvernements afin d'améliorer notre bien-être, tant au niveau social, culturel et économique par tous les programmes qu'iis mettent à notre disposition si nos responsables municipaux en faisaient la demande. Ces dits programmes disponibles et qui peuvent être NOTRE en en faisant la demande sont:

Programmes de création d'emplois, Canada-Travail, p.a.c.l.e., Jeunesse Canada Travail, Extension, Aide financière à la création d'emploi en milieu rural, Programme des emplois nouveau, placement étudiant, Stratégie d'emploi communautaire.

Suite à des échanges avec le Ministère des Affairs Municipales, soit le Ministre Guy Tardif, en date du 4 juillet 1977, nous vous soulignons que par votre caractère unilingue anglophone, vous menacez NOTRE municipalité de Campbell's Bay, d'être coupée de l'aide gouvernementale au niveau des programmes P A I R A, P A I S C I, et P A I R E, si le secrétaire-trésorier n'en comprend pas le texte .....

Nous, soussignés, comptons sur votre bonne compréhension, frachise et honnêteté afin de donner justice et accepter à l'unanimité nos recommandations.

Toutefois, si un blocage de votre part devaid survenir et que nos revendications ne sont pas reconnues et acceptées d'ici votre prochaine assemblée municipale, vous nous forceriez à diriger nos revendications et réclamer nos droits publicquement, à un niveau supérieur.

voyage gratuit à Québec

Le voyage gratuit à Québec organisé par lHaut-Commissariat à la Jeunesse, aux Loisirs et aux Sports du Québec, par l'entremise du C.L.S.C. Grande-Rivière, aura lieu les 2, 3, 4, et 5 septembre prochains.

Environ quarante-deux personnes pourront profiter de ce projet qui leur permettra de découvrir, dans ses nombreux aspects, la capitale du Québec.

Pour être éligible, il faut être âgé d'au moins 18 ans, résider dans le territoire du C.L.S.C. Grande-Rivière (Les municipalités de Pontiac et Aylmer) depuis au moins un an, ne pas avoir eu l'occasion de visiter la ville de Québec, ne pas disposer des ressources financières pour s'offrir un tel voyage, être disposé à assister à deux rencontres préparatoires, et montrer de l'intérêt pour les visites sociales et culturelles.

D'une durée de quatre jours et trois nuits, le voyage se fera par autobus nolisé, en compagnie de trois animateurs du C.L.S.C. et d'un guide du Haut-Commissariat.

Pour participer à ce projet, il faut s'inscrire dès maintenant et jusqu'au 12 août 1977. Un comité sélectionnera les participants s'il y a davantage de candidats que de places disponibles.

Le voyage se fera entièrement aux frais du Haut-Commissariat. Les dépenses seront donc toutes payées.

Pour de plus amples renseignements, prière de communiquer avec Carole Gaudreau au numéro 684-2251 ou 2255 pour Aylmer, ou Eleanor Foran au numéro 458-2848 pour Quyon.

Dominic Curly was one of the contestants in the fiddling competition Sunday evening at the Eardley Town Hall.

Municipality of the United Townships of Leslie Clapham & Huddersfield

At a special meeting of the municipal council of the United Townships of Leslie Clapham and Huddersfield held on July 15, 1977 at the usual place and hours of sittings at which are present Mayor Basile Quaile, Councillors Raymond Johnston, Hilgert Bretzlaff, Theodore Richard, and Louis Fleury, Secretary Treasurer, Mr Helmut Erfle has motivated his absence. William Racine and Rodney Vadneau could not be contacted.

This is an emergency meeting.

Moved by Raymond Johnston seconded by Theodore Richard that the council purchases a new motor for the water pump from Mayers' Company at the price of $3,300.00 installement included also to purchase the necessary devices for the protection of motors at the pump house when overloaded by power occurring at the pumping station.

Moved by Hilgert Bretzlaff seconded by Raymond Johnston to contact the Insurance Company that covers the accident that broke the Hydro pole on July 1 and caused the motor to burn at the pumping station.

Moved by Raymond Johnston seconded by Theodore Richard that we make a demand to Hydro Quebec to supply the Otter Lake area with a three face power line service, in order to avoid the inconvenience and the extra cost of replacement of pumping equipment.

Moved by Raymond Johnston seconded by Hilgert Bretzlaff to adjourn the meeting.

In Memory

CLUFF — In loving memory of a dear husband Hubert who passed away July 20, 1973
So many wonderful memories,
Sprayed with a million tears,
Wishing that God had spared you,
For only a few more years.
So many things have happened,
Since you were called away,
Things that you would have enjoyed,
Had you been left to stay.
So many things to share with you,
So many things to say,
Things would be so much nicer,
If you were here today.
God's Golden Gates stood open wide,
He saw you needed rest,
His garden must be beautiful,
With you among the best.
Sadly missed by wife Muriel
5389XA3

CLUFF — In loving memory of a dear father and grandfather Hubert Cluff who passed away July 20, 1973
Dear Dad, there is nothing so treasured and so rare,
As the love that a father and daughter can share,
This love that they share doesn't need to be spoken,
It's a special bond that can never be broken,
God took you Home and made us part,
You closed your eyes and broke my heart,
So you who have a father, cherish him with care,
For you'll never know the heartache
'Till you see his empty chair.
Sadly missed and remembered with love, daughter Shirley, son in law Earl and grandchildren Wayne, Sharen and Carey Ann. 21118BA3

CLUFF — In loving memory of a dear father Hubert Cluff who passed away July 20, 1973
You can only have one father,
Loving, kind and true,
No other one in all the world,
Would be so true to you.
If all the world deserted me,
To my father I could turn,
Gone are the days we used to share,
But in my heart you are always there
To those who have a father,
Cherish him with care,
For you'll never know the heartache,
'Till you see his vacant chair.
Forever loved and sadly missed by His children and grand children. 5389XA3

DUNLOP — In loving memory of a dear father and grandfather Geo V Dunlop who died July 13, 1958 as the result of an accident on the Aylmer Road.
Till memory fades and life departs
You live forever in our hearts.
Dunlop Family
212968A3

McCALLUM — In loving memory of a dear father and grandfather Carman McCallum who passed away August 3, 1966.
There's a link death
Cannot sever
Love and remembrance last forever.
Sadly missed by sons Garry and Barry and families.
5422XA3

McCALLUM — In loving memory of a dear husband Carman McCallum who passed away August 3, 1966
Just a prayer from one who loved you
Just a memory fond and true
Just to say how much I miss you
Because I thought the world of you.
Deeply missed
Wife Mary
5422XA3

RICHARD — In loving memory of our little infant son who passed away July 17, 1966.
Two little hands are resting,
A loving heart is still,
A little son we loved is waiting,
Waiting for us just over the hill.
Always remembered by Mummy, daddy, Wayne, Sharon and Carey Ann.

In Memory

MORRISON — In loving memory of Lorena Pearl, who passed away August 3rd, 1976
No one heard the footsteps
Of the Angels drawing near.
That took from earth to heaven
The One we loved so dear,
She really has not left us
Nor has she travelled far.
Just entered God's beautiful garden,
And left the gates ajar.
We cannot halt the hand of time
Or live again the past.
But we have happy memories
That will forever last.
Sadly misssed, always remembered by Florencena Stevens, So. Porcupine, Ont.

In Memory

MORRISON — In loving memory of our dear sister Lorena Pearl who passed away August 3, 1976.
Peaceful be thy rest, dear Lorena
It is sweet to breathe thy name
As in life we loved you dearly
So in death we do the same
Oh, how patient in thy suffering
When no hand could give thee ease
God, the helper of the helpless
Saw thy pain, and gave thee peace
It helps to know we'll meet again.
Where troubles are no more,
You'll be standing there, to wait for us,
On heaven's Golden Shore,
To dearly loved to be forgotten
Sister and brother, Florence McMillan and Edward Morrison
