Luskville community centre officially opened

The official opening of the Community Center at Luskville gave the Municipality of Pontiac an opportunity to congratulate everyone who helped to realize the project, not the least of whom was past mayor Bill Burke whose name appears first on the commerative plaque, and who was also presented with a personal plaque.

The event also gave the community an opportunity to thank the Hon. Jocelyne Ouellette, Minister of Public Works, whose department implemented an enabling grant for the center. Mrs Ouellette spoke briefly, mentioned the $44,500 grant under the OSE program of Quebec. She reiterated the motto "ça marche au Québec quand on ose" which translates roughly to "in Quebec it will work when we dare" — and Mrs Ouellette also talked about the friendship and brotherhood which would be manifested in the new hall. She comiserated with the committee organizing the carnival because of the lack of snow but insisted that despite the lack of snow there was no lack of "joie de vivre".

Thanked by Master of Ceremonies, Jean Ledoux, for being brief, Mrs Ouellette than obliged him by presenting plaques and finally by crowning Martini Perrier as 1980 Carnival Queen. Then she granted interviews to the various reporters on the premises. Some sort of useful announcement can be expected soon to alleviate the situation where local tradesmen go unemployed while workers are imported, according to Mrs Ouellette.

An ecumenical benediction of the building was organized by Father Bastien with a prayer by Rev Frank Bailey, a sermonette about uniting by Rev Thomas Simms and the sprinkling of Holy Water by Rev Bastien.

On the platform during the ceremonies, with the M.C., the Minister, the ministers, the Past-Mayor Burke, CRO president Jean Marc Rivest, Bristol Mayor Delmer Barber, and the members of the Pontiac Council, Glen Nugent, Bernard Armitage, James Stewart, Ken Bronson, René Vaillant, Michel Grenier and the Mayor Marcel Lavigne.

Lavigne's message was short and sweet. Having arranged the entire program to focus attention and honor on everyone but himself, he simply stated that he hoped and expected everyone in his municipality to continue to work together to make the community center a continuing success.

The chairs were moved to the sides of the hall and dancing took over after two brief ceremonies, the presentation of 14 year old Carnival Princess Lynne Lajoie, 15 year old Duchesses Mireille Bertrand and Gail Ramsay, and the crowning of 18 year old Queen Martine Perrier, and the drawing from among sponsors for the Cercle St Dominic quilt.

Before the official program commenced a reception was held for the platform guests and their wives graciously hosted by Mayor and Mrs Lavigne whose lovely daughter Marise presented a corsage to Mrs Ouellette. Special recognition was granted to the people most closely involved with the realization of the Community Center, Pierette Alary, Maurice Pelletier, Madeleine Perrier, Yves Creigheur, Terry Storing, Gerard Perrier, Bruno Alary, Edith Nugent, Roméo Belisle, Michel Grenier, René Vaillant and Glen Nugent.

Pontiac Mayor Lavigne, center, watches proudly as his daughter presents a corsage to the Hon. Jocelyne Ouellette.

The Hon. James Gillies, left, was the guest speaker at the meeting of the Progressive Conservatives in Campbell's Bay last week. The Hon Ray Johnston and Ron Sparling joined the P.C. candidate André Benoit, standing, at the rally. The next meeting will be at the Anglican Church Hall in Shawville, Thursday evening.

P.C. candidate speaks at Bay

by Shirley Archambault

A crowd of over 200 people filled the Legion Hall in Campbell's Bay last Tuesday night to meet and hear the Progressive Conservative Candidate André Benoit speak on many issues concerning our area.

The meeting was chaired by the Hon. Raymond Johnston, who spoke a few eloquent words on behalf of André .

Ron Sparling of Family Brown fame spoke of past campaigns and his hopes for the future of our County.

Special guest of the evening was James Gillies of Don Valley who explained in great detail the Crosbie budget. He has travelled all across Canada in this campaign and feels that Joe Clark will again be our Prime Minister after February 18th.

Mr Benoit had chartered a bus for those who had no transportation. We were about 42 and really enjoyed our ride.

Anciens Canadiens hockey

Last year when the Optimist Club of Calumet Island brought the Anciens Canadiens Hockey stars to the Shawville Arena, hundreds of people came early to get good seats for the big game. They began filling the arena at 5:45 and had to wait until 7:30 for the hockey to start.

This year the organizers have planned to provide these early birds with something very special. The best players from the Minor Hockey League will perform skill tests on the ice, to begin at 6 p.m. This entertainment could be worth the price of admission alone and the young hockey hopefuls will perform better because of the audience appreciation they will get.

Also this year the Optimists have asked the Anciens Canadiens to make themselves available upstairs after the game so the people can meet them and get their autographs on their programs.

The Grand Calumet Optimist Club was founded less than two years ago, in September, 1978. They now have thirty three active members who follow the motto 'Friends of the Youth'. All their activities are for the benefit of the youth of the area.

The Optimists have already helped a number of associations dealing with broomball, hockey, softball, the majorettes, and recreation and sports of all kinds. Last summer they donated five hundred dollars worth of toys to get a government project going for children aged 3 to 9.

The Optimists carry out several major events during the year. One is Youth Appreciation Week which consists of honoring young people for various talents. The second event is a continuing program to encourage respect for the law. This year a public speaking contest will be planned as a third project. The Optimists organized a monthly dance for high school students including a dancing contest. They also helped the Recreation Association with the annual carnival and the St. Jean Baptiste parade.

In order to carry on all these projects the Optimists have to raise funds, not an easy task these days, according to their president Albert Bérard. Their intention is to give something worthwhile in return for donations which is why they are depending a lot on the people who will attend the hockey match between the Anciens Canadiens and the Pontiac Stars on Saturday, February 23rd, for which the Minor Hockey skill tests will be an appropriate warm-up.

John Shea of Air Canada presented two dozen hockey sticks to the Pontiac Old Timers president Don Lavallee to help the club at the Old Timers Tournament in Vancouver. Heather Beale, the local representative for Ottawa Travel organized the charter via Air Canada. Thirty three players, family and friends are already booked for the one week trip, leaving March 12. The National Old Timers Tournament will feature 108 teams from all over Canada.

What farmers should know about soils

THE LATEST WORD FROM OUR AGRONOME

The following are comments and recommendations made by Maurice Hardy, Les Engrais Chimiques du québec:

The acidity or alkalinity of a soil is affected by precipitation, erosion, working the soil, fertilization, microorganisms in the soil and plant growth. Our soils are continually becoming acid and can be corrected with applications of lime. Lime should be applied according to the results of a soil test and the kinds of crops to be grown. The pH requirements for the following crops are as follows: oats and wheat 6.2 to 6.3, corn 6.5, barley and alfalfa 6.8 and for hay and pasture 6.4.

The organic matter contained in a soil indicates the soil capacity to store and free nitrogen for plant use. It also furnishes food for microorganisms, facilitates the storage of potassium, calcium and magnesium in the soil and assures the conservation of moisture, a better control of erosion, more uniform soil temperature and reduces evaporation.

In arable soils the organic matter varies between 1% and 5% and 1% organic matter represents about 15 tons of organic matter (eg. manure etc.). The enrichment of organic matter in a soil is accomplished with difficulty and slowly. On the other hand the reduction in organic matter can be rapid if fertilizer is not applied to maintain the density of vegetation, if crops are not ploughed down and if manure is not applied.

Both phosphorus and potash tend to stay ikn the same place in the soil and are available to plants in very limited quantities. Only 2% of total potash in the soil can be used by plants. If phosphorus and potash are applied they will stay on top of the field and only a percentage of what is applied is made available for plants. It is important to maintain the fertility of the soil. A deficiency of lime or phosphorus or potash limits the effects of the other elements.

According to Mr. Hardy it is not possible to increase the amount of organic matter in the soil - the amount of organic matter can be maintained with manure etc but not increased on a permanent basis.

The best market a farmer has for his crops has always been his own market eg. feeding livestock and selling milk, meat etc. For this reason fertilizer costs have to be considered in relation to the number of livestock kept on a farm and maximum profits from fertilizer will result from maximum carrying capacity per acre.

Another way of saying this is that annual farm sales have to be sufficient to cover annual operating costs, the amount of annual debt payments and the amount required for family income. If annual sales are to be maintained or increased the supply of feed has to be maintained or increased and fertilizer along with drainage, lime and the right crops is basic in achieving this objective.

The Shawville office of the Quebec department of Agriculture and food can advise farmers on lime and fertilizer requirements, telephone 647-5779.

Pontiac steam & gas meeting

The Pontiac Steam and Gas Association held their first meeting for 1980 on February 3rd at the home of Mr. and Mrs. Richard Marion of Shawville.

With August 22-23 set for the 1980 Steam Show, the business of planning for exhibits, displays, meals and entertainment got under way.

There were two trophies presented, one for the best restored piece of equipment went to Cecil Davis with his Case tractor, and the trophy for the best display went to Arnold Corrigan for his half scale Case steam traction engine.

One By-law was amended to clarify membership qualification and another added to suit the makeup of the club and all By-laws renumbered in order to make them clearer and in better order.

The club decided to farm out both meal concessions to local groups, the meals and the hotdog, hamburger and ice cream booth as the club members consider it very important to have good meals and shacks served on the grounds.

The club welcomes any person interested in antique articles, equipment or machinery and heritage in general to become members.

Mr and Mrs Ron Lewis and girls of Ottawa were Sunday visitors with Mrs Lewis parents Mr and Mrs Richard Dahms.

Best get well wishes to Mr Walter Yach who is at present a patient in the Pontiac Community Hospital.

Mr and Mrs Theo Steinke and Mr and Mrs Richard Dahms were recent visitors with Mr and Mrs Walter Deering, surprising Mrs Deering on her birthday. The birthday cake was baked by Mrs Theo Steinke and the evening was much enjoyed by everyone.

Happy birthday greetings to Mr Reg Scobie of Portage du Fort who will celebrate soon. His many friends from this district wish him many happy returns of the day.

Mr and Mrs Verner Thrun visited with Mr and Mrs Emmerson Smiley at Otter Lake last Friday.

Mr and Mrs Edward St John's of Ottawa spent the weekend with Mrs St John's parents Mr and Mrs Gustave Yach.

Sunday visitors at the home of Mr and Mrs Ahart Fierobin were Mr and Mrs Miles Milford and family from Danford and Mr and Mrs Ronnie Lassenba and family from Ottawa.

The weather was beautiful, the ice turned a bit soft but the Skat-a-ton in Ladysmith wound up a huge success. Approximately 30 skaters brought in about $2,500. for the Hospital Auxiliary. The music from the P.A. system seemed to ease the tension of skating hour after hour. The young people really proved their stamina and determination to make the event successful with so many hours being skated by each one.

Since we still have no more snow the emphasis is on the skating rink. In the ladies broomball league on February 4th the score was 2-1. Diane Yach and Debbie Erfle scored for the Panters and Sylvie Chartrand scored the lone goal for the Puffers.

In the Junior Boys league the Blue Wings edged out the Norstripes 2-1. In the men's over 30 league the Aces shut out the Rockets 2-0. On Sunday, February 10 Ladysmith outscored Otter Lake 4-1. The Otter Lake goal was netted by Andre Beauregard. The Ladysmith goals were two by Jackson Campbell, one by Desi Pasch, and one by Claude Létang.

Some of the winners of chickens at the Euchre Party Saturday night in the R.A. Centre were Gil Miljour, Mr and Mrs Milton Hahn, Mr and Mrs Gerald Kelly, Paul Krose, Mrs Desi Hodgins, Louis Sparling, Wayne Millet, debbie Narlock, Rudy Schroeder, Ernest Schrankler, Robert and Ruth Hitz.

Next Saturday at a dance in the R.A. Centre trophies will be given out for the Skat-a-thon.

OUR MONEY DOWN THE DRAIN

Perhaps the Government of Quebec thinks that the CRDO is useful to this area and figures the public money used to support the CRDO is well spent. We don't agree. We would like all the funds now being wasted on the CRDO to be spent to establish regional offices of the SAO.

The difference between the Conseil régional de développement de l'Outaouais (CRDO) and the Société d'amènagement de l'Outaouais (SAO) seems to be that the CRDO is supposed to be holding consultations and the SAO is supposed to be organizing improvements. Consultations CRDO-style are invalid, based on misinformation and a complete waste of time. Whatever money they use is down the drain. The SAO may also be expensive but they do produce some valid results. The value of the SAO could be greatly enhanced if regional offices were established. Closer links with the outlying areas they serve would benefit us all and the money saved by scrapping the CRDO could surely set up small permanent outposts of the SAO, at least one in each County.

GAMBLING

The final decision is about to be made by the Quebec government on the question of whether or not to legalize gambling casinos in the Province.

Casino plans, we hear, favour establishment of vast and incredibly expensive facilities in the lower Gatineau Valley, for the obvious purpose of returning to their owners even vaster sums from the gambling public.

The whole concept appears to us be absolutely without merit. The condoning of gambling by the government as a proper activity subverts the morals of the people, and this is surely reason enough to condemn the movement towards the casinos. Equally serious is the fact that organized crime will infiltrate the new gambling structure and probably take it over. Who needs that?

Anyone with opinions on this subject whould write to the Hon. Jacques Parizeau, Quebec City, Quebec, in the hope that the whole plan can be stopped.

PONTIAC AS A RURAL RIDING

Billed as the most democratic representation, the Quebec government's plan to redraw the electoral map of the Province is actually anything but democratic.

The realignment of ridings and also the renaming of them will be done, not by the elected representatives of the people, but by a committee appointed by the government, called the "Commission de la représentation électorale du Québec." And this committee intends to have made its decisions for the entire Province by March 31st at which time their decision will become law, without any opportunity for debate or any further recourse. The Legislative Assembly which is there for the purpose of making and debating laws, will have nothing to do with this one, except for the fact that it was a two thirds vote by that body that enabled the appointment of the committee.

Legislation by "Commission" - is that democracy?

The "Commission" intends to be guided in their decisions by a "complete team of experts" and they say they will analyze in depth the geographics, human and legal data pertinent to the equitable delineation of electoral districts. They have not, however, let us know what they intend to do with the Pontiac although it is a certainty that our electoral boundaries will be changed.

Not knowing their intention we could just sit back and ignore the impending changes, saving our comment until after it's too late to do anything about it, and then complaining because they are bound to do it wrong.

Or we could take advantage of the public hearing they intend to hold on February 27th in Hull and present our own ideas of how the Pontiac riding should be realigned.

We can be sure that the CRDO will be there with their ideas and if they misread the needs of the Pontiac at this hearing in the same way they did before the CRTC we can be sure their brief will not be in our interests. Other interest groups will be there, making their wishes known, which might not be in the best interests of our County of Pontiac.

The need for a change is because the old Pontiac-Temiscamingue riding will not be staying the same. Temiscamingue will be joining northern municipalities in Rouyn-Noranda. Pontiac's remaining electors number only 16,018. We need at the very minimum 26,250 to make up one electoral district and qualify to have a Member to represent us in the National Assembly. Which of our neighbours will we add on to get the extra 10,232 electors needed? A citizens' committee made up of anyone interested will present a brief to the "Commission" on February 27th in Hull. They will hold a preliminary meeting to prepare the brief and plan for the delegation to Hull. The preliminary meeting will be in the County Building at Campbell's Bay at 7:30 p.m. Thursday, February the 21st, just six days before the public hearing in Hull.

Our Member of the National Assembly, Mr. Jean-Guy Larivière, will be at this preliminary meeting on the 21st and will provide all the necessary figures needed to make up a proposed new Pontiac. But there will need to be more than just figures. There must be good reasons why our County should remain rural and not be added to any urban center. There must be good reasons why the Pontiac should stay as one entity and not be divided and added piecemeal to other constituencies. Just to say we want it this way will not be enough. Our choices must be accompanied by clearly stated objectives and also must be supported by a large cross-section of the population.

When Aldfield was snipped off the edge of the Pontiac we objected. Then when Quyon and the Onslows were semi-separated to become the unloved step-children of the CRO we objected once more. Pontiac's integrity was being eroded. At Ottawa we became Pontiac-Gatineau-Labelle and in Quebec we were Pontiac-Temiscamingue. Statistics about Pontiac never gibe because you have to ask, "which Pontiac." For unemployment figures we include Quyon, for welfare we don't, or is it vice versa - it usually depends on what you want to prove. Our County has been split up one way by social workers and another way by the police. In fact when real Pontiac people refer to their County they have to say "old Pontiac". That's the Pontiac we need to preserve for old Pontiac has history, significance and a mystique worth more than any possible value to be gained by chopping it up and feeding it piecemeal to neighboring districts.

To maintain reasonable representation in the Parliament of the Province, the Quebec National Assembly, an area should be integrated geographically, historically, demographically, culturally, economically and socially. Old Pontiac is integrated in all those ways.

Attaching the essentially rural municipalities of the Pontiac to an urbain center would result in the end of rural representation because the city voices are greater by number. As for the English voices in the Pontiac, these will be successfully stilled in the new riding we believe is in the minds of the "Commission".

As for services in our County, we'll be heard only after all the city street, industrial, school, and hospital needs have been satisfied. The prospect isn't good for Pontiac. As one close observer, past Mayor and recent County Warden William Burke puts it, "the Pontiac will simply disappear."

If there are people in this County who consider the potential disappearance of the Pontiac to be wrong, let them give up a few hours of their lives to see that this doesn't happen. First jot down your own reasons why the Pontiac riding should remain rural and intact. Second attend the preliminary meeting at the County Building to plan a united and forceful presentation to the "Commission". Third, attend the hearing in Hull.

Complacently over the years we have sat back and cared less for the future of the Pontiac than for our own day to day comforts. If there was hockey on TV, or a bonspiel or euchre party to go to we wouldn't bother attending meetings to strengthen the County. One excuse has always been that the meetings are usually "all in French". One of the big problems about this whole project is that it will destroy whatever English language presence the Pontiac has achieved in this Province. Staying out of the discussion simply because it will probably be "all in French" is just another cop-out. A strong delegation of Pontiac francophones will be doing battle for our County at the hearing. How sad it would be if the anglophones decided to stay home and leave it all up to others. Time was when no distinction was made in the Pontiac along language lines. During recent years an insidious movement has been successfully dividing our population. Fortunately for the County there is still a good number of citizens who care enough to stick together. These are the folks we call real Pontiac people, who can cope with two languages, five or six religions, various income levels, blue collar, white colar and no collar workers, all age groups, all races, colours and degrees of academic achievement, considering all the people as equal and worthy of the best life available.

If you are one of the real Pontiac people you will attend the meeting at the County Building on Thursday, February 21st and the hearing in Hull on the 27th. And in the meantime you will prepare a few notes to be included in the Pontiac presentation.

Letters from our readers

Mr. Ross Dickson, Editor
THE EQUITY, Shawville, Quebec
Dear Ross,

In Search of Equity

Many years ago I came to your country to try and escape some of the injustices of American city life. I found for the most part a caring people who had time to be concerned for their neighbor's well-being. I found it not a wealthy country, but rich in traditions and kindness. Recently I came by for a short visit, and I was very pleased to see that things had not changed too much. But, in all fairness, I did see a few problems that I would like to address.

The most disheartening story I heard was that my friend's dog had been shot. I think people should reexamine the game law that allowed this to happen, and perhaps the people who enforce the law and the ways in which they interpret it. I do not believe that a valuable farm animal should be shot without even warning its master. Perhaps enforcement of the dog laws could be brought to a more local level, where people could resolve difficulties without doing damage.

On another note, I see that people are still clear-cutting forest lands for their immediate profit with little regard for how this land will serve future generations. Almost anybody who knows anything about land management can tell you that this is a poor practice. So I hope that those who wish to see their farms grow richer will harvest their trees carefully.

I was sorry to hear that jobs are quite scarce. I do hope that new jobs will be created, but I hope for your sakes that uranium mining or other dangerous practices will not have to be carried out to achieve that goal.

Finally, I really do miss you people, and wish all of you the best of luck this year.

Sincerely yours, Johnny Goldberg
Cambridge, Massachusetts

Grist and miscellaneous items

Adult education classes at Pontiac Protestant High School will resume this evening, (Wednesday, February 13).

The Pontiac Cultural Committee has finally received a promised grant of $1010 for their cultural festival. The history of this supposedly annual grant has not been good. In 1977 it never materialized. In 1978 it wasn't even applied for because it seemed useless to try. In 1979 the committee gave it another try but without much hope as the months rolled by without anything but promises. Finally, in December, seven months after the May Festival, the promised cheque arrived and was duly reported to the Cultural Committee at its January meeting. Now the Committee is planning for the 1980 Pontiac Culture Festival. They are thinking about bringing in talent from outside and also are interested in local cultural initiatives. The president is Claudette Caisse who wants to hear any suggestions and can be reached for this or any other cultural considerations throughout the County at 683-3000.

This year the Shawville Agricultural Fair will hold an all-breeds fun dog show, Sunday afternoon in the arena. Anyone interested in helping should contact Heather Dickson at 647-2204 or 647-3137.

The Federal Liberals will wrap up their election campaign at a tea in the St. Pierre Parish Hall, Fort Coulonge Sunday afternoon, February 17th. Mr. and Mrs. Tom Lefebvre have been invited to share this informal social get-together with everyone who might be interested to meet with them on the eve of the general election.

Dear Editor,

As the country gears itself for the upcoming election and the referendum, the politicians should take cognizance of the fact that one of the most fertile grounds for garnering support is from the age group 55 and up.

American statistics taken from the 1974 election indicate the following voting response per million population: Age 0-18, 28:,::: no vote, 18-34, 280,000 45% vote 126,000, age 35-54, 220,000 58% vote 127,600, age 55 and up 220,000 76% vote 167,200. While our age group (55 and over) is thought to be unimportant, in reality nearly 40% of those who will vote fall under this age group. When the politicians talk about the wealth of this our country they don't mention who explored, developed, invested in, and worked this great country to open up and make ready this great wealth which has given our people one of the highest living standards in the world. We can and intend to continue to contribute with our reservoir of intelligence, education and experience, accumulated investment wealth, stability, ability to lead, guide, advise and shepherd, skills in planning, organizing, developing, analysing, determining priorities, directing, defining tasks, reporting, recommending, controlling, budgeting and controlling. The only recompense we require for all these learned attributes is the following:

Assure us security against ill health. No compulsory retirement for those physically able. An additional $5,000.00 income tax exemption at age 70. Complete exemption of major medical expenses over $1,000. Free or at-cost use of all educational, recreational, social and communal facilities. Establishment of garden plots at maintenance cost for all those over 65. Etc . . . this means any other activity or responsibility which will improve the integration of the retirers (who ever heard of a farmee, carpentee, plumbee?)

Now if you belong to the select group over 55 realize the clout you have, via your vote, and don't let the politicians run over you or cast you aside as pawns. Think of things like what it will cost you right away if they add 18 cents to the price of oil and gas, or high interest rates which prevent your child from building a new home this year, the break up of the wonderful homeland by regional factionalism being promoted. Think before you vote and do vote. Use your franchise and remember you represent that group of people who have a 39% clout in the next election.

And we sure would like to see one, if anyone is so lucky as to actually get one!

Studies have shown that people who drive on 'empty stomachs' may be a greater risk in traffic. The study covered 163 people admitted to hospital following road accidents. Almost one-quarter had not eaten a major meal in the 12 hours preceeding the accident. Low blood sugar levels which result from meal skipping can inhibit motor skills, cause drowsiness, faintness, mental confusion, double vision and aggression. To follow the motto "don't drink and drive" one should add "eat then drive".

The Pembroke and Area Diabetic Association general public meetint at 7:30 p.m. on Tuesday, February 19th in the Pembroke Civic Hospital classroom will have Dr. Glenn Hanniman as their guest speaker. All diabetics and interested people are always welcome to meetings of the Diabetic Association. For more information call Mrs. Helen Hamilton at 1-613-732-9449.

Get well wishes are sent to Mrs Arnott Woods who has been ill. Hurry and get well Berna from all your friends in the district.

Visitig with Mr and Mrs Hughie McDonald this past weekend were Neil Sharpe and children from Shawville and Mr and Mrs Frank McDonald of Bryson.

Two weeks have passed and still no sign of the teacher's strike being settled. The Government may be saving money which they don't have to put out to pay the teachers but what about the children especially ones in Grade 11 who are preparing for college next year. It is time something was settled as this was not a holiday for them but a worry time for all concerned.

Votre CLSC vous parle . . . . .

Locataires du Pontiac: connaissez-vous vos droits?

Comme pour toute région rurale, la majorité de la population du comté de Pontiac sont propriétaires de leur maison. Mais il y a quand même un nombre important de gens qui sont locataires, surtout dans les villages du comté. Vingt pour cent de la population du comté sont locataires tandis que dans les villages comme Fort-Coulonge, Shawville et Bryson, environ 30% des ménages sont locataires.

Les conditions de logement dans le comté ne sont pas toujours reluisantes. Vingt-deux pour cent des logements n'ont pas de toilette intérieure, 16% n'ont pas d'eau courante et 31% n'ont ni baignoire, ni douche.

Savez-vous quoi faire si le propriétaire ne fait pas de réparations? Ou si le propriétaire veut augmenter trop votre loyer? Est-ce que vous avez d'autres problèmes comme locataire? Etes-vous au courant que le gouvernement du Québec vient de passer le Bill 107 qui va beaucoup renforcer vos droits comme locataire? Et que des règlements reliés au Bill 107 vont définir les conditions minimales aux-quelles vous avez droit? Qu'est ce que vous pensez de l'idée de faire des pressions pour avoir une Régie des Loyers dans le comté? (Actuellement, les locataires de Pontiac sont obligés d'aller à Hull pour avoir recours à la Régie.)

Si vous avez des problèmes comme locataire ou si vous êtes intéressés à connaître davantage à propos de vos droits, vous êtes invités à une réunion d'information. Pour les locataires de Fort-Coulonge et l'ouest du Pontiac, la réunion aura lieu au CLSC à Fort-Coulonge, mercredi le 20 février à 7:30 hres p.m. Pour les locataires de Campbell's Bay, Bryson, Shawville et l'est du Pontiac, la réunion aura lieu au CLSC à Bryson, mercredi le 27 février à 7:30 p.m.

Pour tout renseignement, téléphonez le CLSC à Fort-Coulonge à 683-3000.

ZEC Pontiac

La Direction régionale de l'Outaouais du Ministère du Loisir, de la Chasse et de la Pêche désire informer les amateurs de pêche sportive qu'il est interdit de pêcher sous la glace dans certains lacs des ZEC Pontiac et Bras-coupé-Désert.

Ces modifications aux règlements visent principalement à promouvoir la pêche aux poissons d'eau chaude.

Il est interdit de pêcher dans tous les lacs de la ZEC Pontiac, jusqu'à la fonte ou au départ des glaces au printemps, sans toutefois dépasser le 28 avril 1980, sauf pour les lacs Jean, Doyle, Inman, Flynn, Arthur, Argent et Brennan. Car, on retrouve dans ce territoire des lacs à salmonidés, à l'exception des lacs mentionnés qui contiennent des poissons d'eau chaude.

Il est également interdit de pêcher dans les lacs Anous, Bras-coupé, Croche, Désert, Gagamo, Ignace, Morenz, Paul, Redmond, Rond et Tomasine, situés dans la ZEC Bras-coupé-Désert, jusqu'à la fonte ou le départ de la glace au printemps sans toutefois dépasser le 28 avril 1980. La majorité des lacs de cette ZEC contiennent des populations mixtes. La fermeture de ces lacs vise à diminuer la pression sur les espèces les plus exploitées durant l'été.

Les amateurs de pêche sportive sont priés de prendre note de ces modifications aux règlements de pêche.

English forms available

We are informed that if you want an English copy of your notice to renew your driving permit you may write to the Service des Permits, Bureau des Vehicles Automobile, 880 Chemin Ste Foy, Ste Foy P.Q. G1S 4N3. The English version was printed up as a response to the thousands of requests received last year through newspaper campaigns in the Montreal Gazette, THE EQUITY, and other newspapers.

Unfortunately they didn't keep track of all the requests sent in for English versions of the notice to renew but at least they say they have printed up a half a million English forms which they say are available on demand. If anyone actually receives an English form, on demand or otherwise, we'd like to hear from them here in THE EQUITY office.

Your CLSC wants you to know . . . .

Pontiac tenants; Do you know your rights?

As in all rural areas, most people in Pontiac County own their own homes. However, there is still a significant number of people who are tenants, especially in the villages of the County. Twenty percent of the County's population are tenants while in the villages such as Fort-Coulonge, Shawville and Bryson, about thirty percent of all residents are tenants.

Housing conditions in the County are not always what they should be. Twenty two per cent of all dwellings lack inside toilets, sixteen per cent do not have running water and thirty one percent have neither a bath nor a shower.

Do you know what to do if the landlord refuses to make repairs or if the landlord wants to raise your rent too much? Do you have other problems as tenant? Do you know that the government of Quebec has just passed Bill 107 which will improve your rights as tenant and that regulations in relation to Bill 107 will define what m inimal conditions you have right to? What do you think of the idea of exerting pressure to have a Rental Control Board in the County? At present Pontiac tenants must go to the Rental Board in Hull.

If you have problems as a tenant or if you wish to know more about your rights, you are invited to an information meeting. There will be two meetings, one for the tenants of Fort-Coulonge and Western Pontiac will take place at the C.L.S.C. at Fort-Coulonge on Wednesday, February 20th at 7:30 p.m. The second meeting will be for the tenants of Campbell's Bay, Bryson, Shawville and Eastern Pontiac at the C.L.S.C. in Bryson on Wednesday, February 27th at 7:30 p.m.

For information phone the C.L.S.C. at Fort-Coulonge at 683-3000.

IN MEMORY

DAGENAIS- In memory of Edward Dagenais who passed away February 11, 1979.
We are sad within our memory,
Lonely are our hearts today;
For the one we loved so dearly
Has forever been called away.
We think of him in silence,
No eye may see us weep,
But many silent tears are shed
When others are asleep.
Ever remembered,
The family

DALE — In loving memory of a dear husband, and father, Elwood Dale, who passed away February 16, 1978.
God saw that you were getting tired,
When a cure was not to be.
So He closed His arms around you
And whispered "Come to me".
You did not deserve what you went through
And so He gave you rest,
God's garden must be beautiful
He only takes the best.

DALE — In loving memory of our dear father and grandfather, John Elwood (Elly) Dale, who was taken from us February 16, 1978.
A link in our family chain is broken,
You are gone from our home but not from our hearts.
We will always remember,
The way you looked,
The way you walked and smiled.
The things you always said and did
Are with us all the while.
You never failed to do your best,
Your heart was true and tender,
You lived your life for those you loved
And those you loved, remember.
All earthly cares were cast aside
When you were called away,
What grief your parting caused us,
What sorrow, shock and pain.
Our aching hearts and broken home
Have never been the same.
Always remembered —

We shall meet in a better land,
Never to part again.

Remembrance is a golden chain
Death tries to break but all in vain

Dearest Grandma - How we wish
You were here to do it now.

Luskville Leader by S. Armchambault

Birthday greetings this week to Sheldon Barnes, Georgianna Belisle and Betty Lusk.

Bev McMillan is recuperating slowly after being hospitalized last week.

We received a visit last week from Fred and Freda Krose of Ladysmith. It was really nice to see them.

Yours truly will be on News Magazine on Channel 4 on Monday night at 10 pm. Sorry I did not know sooner to let everyone else know.

Belated anniversary wishes to Pat and Charlie Renaud. Happy 30th. Hope you have many more .

A lot of carnivals were held this past weekend. At Aylmer the Tug of War was won by the British Hotel Team. This was their 18th victory in so many pulls.

The History of Luskville - In 1984 St Dominic's Parish will celebrate its centennial. La Cercle Socio- cultural has received a large Canada Works Grant to prepare this historical document in time for the event. Your help would be appreciated if you have old newspaper clippings, photos and receipts, - Priests, mayors, churches, old farm houses, etc. Or do you have a story that has never been told that would help to re-construct the History of Luskville. We would appreciate the loan of such items and will take very good care of them. Call: The Community Centre 455-2370, Jacqueline Charland 455-9641, Gisele Thérien 455-2388, Pierrette Alary 455-2289, Mary Ann Glazer 455-2247.

Shawville carnival program better than ever

This year's carnival in Shawville has many new events which should prove to be very entertaining for participants and spectators alike. To encourage participation, teams have been formed by dividing the residents of the district by Center Street and Main Street into four areas. Competitors and organizers in each event will score points for their team and the team with the highest grand total will win a trophy.

Some of the new events are snow sculpturing on the Fair Grounds starting Saturday morning, arm wrestling for all ages on Sunday afternoon and broomball Friday evening. The ladies basketball game against the Pontiac Old Timers Hockey Team on Wednesday evening, February 20th at the Pontiac High School should be highly entertaining.

The culmination of the carnival will be the five thousand dollar cash draw on Sunday evening. This year the R.A. is selling one thousand raffle tickets, each ticket will have five chances of being drawn to win one thousand dollars. All the money earned with this raffle will be used by the R.A. to pay off the loan on the recreation property in Shawville and to continue building a ball field on the site.

For a number of years now the Shawville and District Recreation Association has offered a summer recreation program for young children in the area. To a large extent these programs have been funded by Canada Works grants but it is uncertain whether these grants will continue. If not the R.A. will have to rely more on money raised by such activities as raffles. These events do however rely entirely on support by the local community. By co-ordinating the raffle with the carnival, the R.A. believes that people will feel they are getting something worthwhile from the variety of entertainment and from the fun of participating at a very nominal cost.

Eventually, the Recreation Association plans to build an indoor swimming pool in Shawville as well as continue to develop other recreation programs for young and old. These plans will only come to fruition if residents of the area want them to. They can express their support by supporting the R.A. draw; tickets are available from R.A. members and many local businesses.

Police news

The Campbell's Bay detachment of the Sureté du Quebec reports that during January of this year the numbers of both accidents and crimes have increased dramatically over those in January 1979. January statistics were fifty accidents in 1980 compared with thirty seven in 1979, and seven hit and runs in 1980 compared with four in 1979. The corresponding crimes were thirty eight in 1980 and twenty one in 1979.

The police are concerned that most of the increase results from a general complacency and lack of vigilance on the part of the population towards criminal activities and road safety.

Businesses are advised to be on the lookout for counterfeit money in Pontiac. A phoney $5.00 bill was turned into police in Portage du Fort recently. The serial number is 30004549510.

Also, in the line of fraud, the police are investigating a forged cheque in Davidson. They advise a careful examination of all cheques especially for altered numbers.

A fatal accident occurred on Allumette Island Saturday morning at 1:45. In a head on collision at Sirkorsky curve near Demers Center Robert G. Roth, aged 20, of C.F.B. Petawawa, was killed and a passenger Linda Perrin of Pembroke was injured. Mr Roth, originally from Hamilton, was driving a 1974 white Dodge. The occupants of the other car were Robert Gow, Iris Mulligan and Marc Prescott, all of Pembroke were also injured.

Break-ins were reported in Davidson and Campbell's Bay. The cottage of William Merrill in Davidson was robbed of five hundred dollars worth of personal belongings. A minor from Davidson has been arrested.

In Campbell's Bay, over twelve hundred dollars in cash was stolen from Morin's Hotel. Constable Alfred Tremblay is investigating.

The police are continuing with Operation Sport. This program is designed to make sports equipment available to young people all over the County free of charge. Donations of such equipment would be greatly appreciated by the Campbell's Bay detachment. Corporal Robert Martin is in charge of the collection and distribution of the equipment.
